

Proposal for DUI Prevention Program

- Purpose:
To provide an alternative medium to driving under the influence of alcohol to help maintain safety within our community.
- Proposal:
Event #1: Set up a fund raiser through donations and vendor sales in a community plaza to be matched by sponsored companies i.e. Budweiser, Compass bank, etc.

Event #2: On that same evening host a live music show where the door money is donated to the fund raiser along with regular donations and perhaps a portion of sales to again be matched by sponsored companies.
- Action:
The money generated will be distributed through a budgeting system that local cab companies will use to collect quarterly so that bars, clubs, restaurants and police can call these companies on behalf of the person in question and provide a free and safe way to

1/5/2006

their destination.

Ultimate goal would be able to assign an alternative cab company that does nothing but charter people under the influence.

PLEASE NOTE:

This fund raiser has in mind the OTHER people and property so that everyone remains safe.
