212.055 Discretionary sales surtaxes; legislative intent; authorization and use of proceeds.—It is the legislative intent that any authorization for imposition of a discretionary sales surtax shall be published in the Florida Statutes as a subsection of this section, irrespective of the duration of the levy. Each enactment shall specify the types of counties authorized to levy; the rate or rates which may be imposed; the maximum length of time the surtax may be imposed, if any; the procedure which must be followed to secure voter approval, if required; the purpose for which the proceeds may be expended; and such other requirements as the Legislature may provide. Taxable transactions and administrative procedures shall be as provided in s. [212.054](#).

(1) CHARTER COUNTY AND REGIONAL TRANSPORTATION SYSTEM SURTAX.—

(a) Each charter county that has adopted a charter, each county the government of which is consolidated with that of one or more municipalities, and each county that is within or under an interlocal agreement with a regional transportation or transit authority created under chapter 343 or chapter 349 may levy a discretionary sales surtax, subject to approval by a majority vote of the electorate of the county or by a charter amendment approved by a majority vote of the electorate of the county.

(b) The rate shall be up to 1 percent.

(c) The proposal to adopt a discretionary sales surtax as provided in this subsection and to create a trust fund within the county accounts shall be placed on the ballot in accordance with law at a time to be set at the discretion of the governing body.

(d) Proceeds from the surtax shall be applied to as many or as few of the uses enumerated below in whatever combination the county commission deems appropriate:

1. Deposited by the county in the trust fund and shall be used for the purposes of development, construction, equipment, maintenance, operation, supportive services, including a countywide bus system, on-demand transportation services, and related costs of a fixed guideway rapid transit system;
2. Remitted by the governing body of the county to an expressway, transit, or transportation authority created by law to be used, at the discretion of such authority, for the development, construction, operation, or maintenance of roads or bridges in the county, for the operation and maintenance of a bus system, for the operation and maintenance of on-demand transportation services, for the payment of principal and interest on existing bonds issued for the construction of such roads or bridges, and, upon approval by the county commission, such proceeds may be pledged for bonds issued to refinance existing bonds or new bonds issued for the construction of such roads or bridges;
3. Used by the county for the development, construction, operation, and maintenance of roads and bridges in the county; for the expansion, operation, and maintenance of bus and fixed guideway

systems; for the expansion, operation, and maintenance of on-demand transportation services; and for the payment of principal and interest on bonds issued for the construction of fixed guideway rapid transit systems, bus systems, roads, or bridges; and such proceeds may be pledged by the governing body of the county for bonds issued to refinance existing bonds or new bonds issued for the construction of such fixed guideway rapid transit systems, bus systems, roads, or bridges and no more than 25 percent used for nontransit uses; and

4. Used by the county for the planning, development, construction, operation, and maintenance of roads and bridges in the county; for the planning, development, expansion, operation, and maintenance of bus and fixed guideway systems; for the planning, development, construction, operation, and maintenance of on-demand transportation services; and for the payment of principal and interest on bonds issued for the construction of fixed guideway rapid transit systems, bus systems, roads, or bridges; and such proceeds may be pledged by the governing body of the county for bonds issued to refinance existing bonds or new bonds issued for the construction of such fixed guideway rapid transit systems, bus systems, roads, or bridges. Pursuant to an interlocal agreement entered into pursuant to chapter 163, the governing body of the county may distribute proceeds from the tax to a municipality, or an expressway or transportation authority created by law to be expended for the purpose authorized by this paragraph. Any county that has entered into interlocal agreements for distribution of proceeds to one or more municipalities in the county shall revise such interlocal agreements no less than every 5 years in order to include any municipalities that have been created since the prior interlocal agreements were executed.

(e) As used in this subsection, the term “on-demand transportation services” means transportation provided between flexible points of origin and destination selected by individual users with such service being provided at a time that is agreed upon by the user and the provider of the service and that is not fixed-schedule or fixed-route in nature.

(2) LOCAL GOVERNMENT INFRASTRUCTURE SURTAX.—

(a)1. The governing authority in each county may levy a discretionary sales surtax of 0.5 percent or 1 percent. The levy of the surtax shall be pursuant to ordinance enacted by a majority of the members of the county governing authority and approved by a majority of the electors of the county voting in a referendum on the surtax. If the governing bodies of the municipalities representing a majority of the county’s population adopt uniform resolutions establishing the rate of the surtax and calling for a referendum on the surtax, the levy of the surtax shall be placed on the ballot and shall take effect if approved by a majority of the electors of the county voting in the referendum on the surtax.

2. If the surtax was levied pursuant to a referendum held before July 1, 1993, the surtax may not be levied beyond the time established in the ordinance, or, if the ordinance did not limit the period of the levy, the surtax may not be levied for more than 15 years. The levy of such surtax may be extended only by approval of a majority of the electors of the county voting in a referendum on the surtax.

(b) A statement which includes a brief general description of the projects to be funded by the surtax and which conforms to the requirements of s. 101.161 shall be placed on the ballot by the governing authority of any county which enacts an ordinance calling for a referendum on the levy of the surtax or in which the governing bodies of the municipalities representing a majority of the county’s population adopt uniform resolutions calling for a referendum on the surtax. The following question shall be placed on the ballot:

FOR the	-cent sales tax
AGAINST the	-cent sales tax

Pavement Management Project Ranking Methodology

Current Pavement Condition..... 55%

Based on Pavement Surface Evaluation and Rating (PASER)

<u>Rating</u>	<u>Score</u>	<u>Construction Technique</u>
1	100	Full pavement reconstruction
2	100	Full pavement reconstruction
3	100	Structural repair
4	100	Major repair
5	93	Major repair
6	78	Major repair
7	60	Minor repair
8	25	No repair
9	0	No repair – recent overlay
10	0	No repair – new construction

Deterioration Rate (Δ Pavement Condition/ Δ Years)..... 25%

- Visual Rate: Based on initial construction or capital maintenance, 2005 pavement condition and 2010 pavement condition.
- Theoretical Rate: Based on standard ESAL value and estimated years to failure using the FDOT Flexible Pavement Design Manual
- Visual & theoretical rate averaged for a final rate
- Current 90th percentile rate for the roadway inventory equals 0.1962

Scoring: Rate of 0.00 receives a score of 0; Rate of 0.1962 or greater receives a score of 100; Linear scoring from 0 to 0.1962.

Traffic Volumes..... 10%

- Actual traffic data or estimated traffic volumes using ITE Trip Generation – 8th edition.
- Current 90th percentile ADT for the roadway inventory equals 6354.

Scoring: ADT of 0 receives a score of 0; ADT of 6354 or greater receives a score of 100; Linear scoring from 0 to 6354.

Crash Rate 10%

- 3 year crashes per vehicle miles traveled; 0.00 crash rate given to low speed segments
- Current 90th percentile rate for the roadway inventory equals 14.1878.

Scoring: Rate of 0.00 receives a score of 0; Rate of 14.1878 or greater receives a score of 100; Linear scoring from 0 to 0.1962.

Adjustment..... **Funded/Unfunded**

- Currently funded projects are not ranked.
- Partially funded or projects promised by the BOCC move to top of the list.

Potential Tax Distribution Techniques

Governmental Unit	Road Mileage*	%	Population**	%	Split of Mileage and Population	Estimated \$
Alachua	55.8	8.86%	9,059	6.11%	7.49%	\$1,123,088
Archer	9.7	1.54%	1,118	0.75%	1.15%	\$172,120
Gainesville	390.2	61.98%	124,354	83.90%	72.94%	\$10,940,431
Hawthorne	15.9	2.53%	1,417	0.96%	1.74%	\$261,105
High Springs	60.7	9.64%	5,350	3.61%	6.63%	\$993,785
La Crosse	1.5	0.24%	360	0.24%	0.24%	\$36,084
Micanopy	14.9	2.37%	600	0.40%	1.39%	\$207,853
Newberry	71.4	11.34%	4,950	3.34%	7.34%	\$1,101,007
Waldo	9.5	1.51%	1,015	0.68%	1.10%	\$164,526
Total	629.6	100.00%	148,223	100.00%	100.00%	\$15,000,000
