I am a local business owner devoted to my community. At 2nd Street Bakery we are committed to making Gainesville a more connected town thus enhancing the quality of life for all our residents. As a small business owner I am fortunate to enjoy a unique connection to my community by listening to my customers and employees when they express what they value in there town.

As a mother I have watched the progression of local parks over the last two years and have seen what a community can do if only motivated by a few visionary influences. I would love the opportunity to be involved in the core decisions that shape the outline of our town and build a stronger community.
