EXHIBIT A
ALACHUA COUNTY'S SCHOOL RESOURCE OFFICER
PROGRAM

The Alachua County School Resource Officer Program is an intervention, prevention, and public safety program focused on educating and establishing a rapport with students. This program also provides public safety education for staff, students, and faculty as well as other parties associated with the schools. The program is a collaborative effort between the Gainesville Police Department and the School Board of Alachua County. The primary objectives of this program are:

1. Provide law enforcement and public safety assistance to school personnel, parents, and students;
2. Develop a positive image of Law Enforcement Officers among students and parents;
3. Help students with problems through personal and group counseling;
4. Gather information about criminal activity or potential problems within the school or community;
5. Educate students in the areas of crime prevention, personal safety, substance abuse, and law.

School Resource Officer Guidelines:

1. The School Resource Officer (SRO) has five major roles in the school to which he/she is assigned: 1) intervention and prevention activities for the students; b) advising students; c) delivering curriculum in a classroom setting; d) providing public information; and e) providing law enforcement assistance.
2. SRO's provide intervention services such as referrals to social service agencies and prevention services such as classroom lectures and the distribution of pamphlets of educational information and serve as the "Officer Friendly" in the elementary schools.
3. Students, parents, teachers, school administrators, or the SRO may initiate advising sessions. The officer has the discretion about what action he/she may take if he/she becomes aware of a criminal act.
4. Special topics that the SRO will discuss in the classroom setting upon request are listed in the School Resource Officer curriculum as prepared by the SRO's.
5. The SRO will investigate crimes that take place on the school property and may participate in the investigation of crimes, on or off campus, that concern known students. Should it become necessary to conduct normal law enforcement interviews or investigations with students, the SRO shall adhere to those legal requirements, policy and procedures established by the State of Florida, the Gainesville Police Department, and the School Board. The SRO shall inform the student's parent(s) and the principal, or his or her designee, of the investigation/interviews occurring on campus, as soon as practical, if not prohibited by confidentiality provision of state law.
6. While the SRO should be considered a resource for the principals and administrative staff, the SRO shall not be required to participate in school discipline. He/she should work closely with the principal or an administrator appointed by the principal. See Arrest Guidelines listed below.

7. To coordinate the exchange of information between SRO's in various schools, regularly scheduled meetings should be held for all SRO's. It is hoped that this will eliminate the potential problems that might arise because a School Resource Officer's department does not patrol the neighborhood in which the students live.
8. The School Resource Officer Program will not be identical in each school. The character of the program in each school will be greatly influenced by the collaborative agreement between the Principals and the respective SRO and SRO's supervisor.
9. While on campus, in the capacity of SRO, the officer will wear approved GPD uniform.

School Resource Officer Curriculum

1. Law Enforcement as a Career
2. Juvenile Law
3. Juvenile Crime to include any or all of the following:
 - Shoplifting
 - Vandalism
 - Assault and Battery
 - Trespass
 - Burglary
4. Traffic Law
5. Drunk driving
6. Substance Abuse
7. Crime Prevention
8. Gang Resistance Education and Training (G.R.E.A.T.)
9. Stop Now and Plan (SNAP)
10. Other topics that the SRO may be requested to cover by the school as needs develop.

Selection Criteria

Each potential SRO shall be interviewed by the Bureau Commander or their designee to whom the SRO is assigned. The following factors will be considered in their selection process:

- The officer's desire to work with youth
- The officer's prior experience in law enforcement and youth work
- The officer's interpersonal skills
- The officer's academic background and/or other pertinent training.

Pre-service Training

School Resource Officers shall attend the 40-hour "SRO Basic" training offered by the Florida Department of Law Enforcement, Criminal Justice Standards and Training Commission as soon as practical, upon being selected to this position.

Monthly Reports

The Gainesville Police Department shall compile a written monthly report documenting the work schedule of the SROs. This report will indicate hours at school, hours in training, sick hours used, vacation hours used, hours assigned to special details, etc. The report will be broken down by school. The report will be sent to the Superintendent or his designee.

Arrest Guidelines

The Gainesville Police Department will direct its officers to work in tandem with School Board officials when investigating alleged criminal incidents occurring on or in the venue of School Board jurisdiction. When the investigation reveals the responsible party is a student of the School Board and has committed any offense listed in FSS 1006.13 (4) (c), the officer shall refer the responsible parties to the appropriate School Board Official for possible disciplinary sanctions as delineated in the Alachua County School Board Code of Student Conduct. In addition to the referral, the GPD Officer shall do the following:

- If a GPD Officer witnesses an act that could be interpreted as a criminal act, the officer will take action to restore a safe environment. The Officer will allow the School Administrators, Principle, Dean, and/or teacher to handle any discipline action deemed appropriate and in accordance with the Alachua County School Code of Conduct. If an arrest, Sworn Complaint, or Civil Citation is warranted, the Officer will complete a General Incident Report after consulting with a Supervisor.
- If the incident involves any contraband, the GPD Officer shall seize the contraband, place it into evidence, and complete a General Incident Report.
- The GPD Officer shall not file any criminal charges via a Sworn Complaint or make a Physical Arrest unless they obtain permission from their immediate supervisor.
- If the offense is determined to be a Felony that is isolated and does not compromise the safety of the School, Students, or Staff these factors and the totality of the circumstances shall be taken into consideration before an arrest or formal charges are filed.
- Any crime that a school board employee is the victim, it shall be reported to GPD, documented by GPD, and appropriate action shall be taken.
- GPD Supervisors shall make every effort to refer the incidents to the School Administrators to handle, keeping the overall safety of the School Board Staff and Students foremost in mind.

GPD and the School Board will collaborate to resolve any issue that may be classified as criminal through school intervention or discipline in lieu of criminal charges unless the safety of the School, other students, the officers, or School Board Staff are in significant jeopardy.

Exhibit B
Gainesville Police Department
Protocol/Procedure for dealing with Juveniles on Probation
Low to moderate risk youth

Goal of the School Resource Officer/Juvenile Probation Officer procedures:

The objective is to keep youth in school so they have an opportunity to achieve their education and to ultimately become productive citizens.

This procedure is only intended to address minor violations of the student's probation. New law violations for youth on probation should be addressed based on the level of seriousness. The range covers petty acts of misconduct to serious acts that threaten the safety of the school as described in (FSS 1006.13(4)(c)) and the School Board of Alachua County Student Code of Conduct.

Law Enforcement

SRO Procedure for handling Juvenile Probation Violations in the School

Minor Violations for low to moderate risk youth:

- The SRO will notify the Juvenile Probation Officer (JPO) of the probation violation. The JPO will handle the violation using the Department of Juvenile Justice (DJJ) matrix. The SRO will email the referral to the JPO, the Chief Probation Officer, SAO Juvenile Division Chief and the SRO supervisor via the GPD email distribution list. The SRO will complete a Gainesville Police Department (GPD) Field Interview Card in Mobile Field Reporting (MFR) so that the referral is documented and can be tracked. An electronic report will be submitted daily to the DJJ if a referral is made by the SRO.
- If the probation violation is a petty act of misconduct as defined in, FSS1006.13(4)(c) and the SBAC Code of Student Conduct Sections 2 and 3, and does not pose a serious threat to school safety the officer should not file a new law violation charge on the juvenile. In cases of petty acts of misconduct the officer should attempt to allow the school principal or designee to handle the situation. If there is a serious threat to school safety the officer should make an arrest using the appropriate charge. The threat to school safety must be indicated in the narrative of the police report, and approved by the SRO Supervisor prior to an arrest. The Violation of Probation charge can be included on the arrest mittimus.
- FSS 1006.13(4)(c) Zero-tolerance policies do not require the reporting of petty acts of misconduct and misdemeanors to a law enforcement agency, including, but not limited to, disorderly conduct, disrupting a school function, simple assault or battery, affray, theft of less than \$300.00, trespassing, and vandalism of less than \$1,000.00.
- During the 2016-2017 school year the SRO will notify his/her supervisor of all probation violations involving a student in the school so the new procedure can be closely monitored and evaluated.
- This procedure is not intended to prevent the officer from taking action by making arrests for felonies and/or misdemeanors of a serious nature (e.g., battery with injuries, domestic violence related cases, stalking, narcotics, alcohol, etc.). This policy is not intended to prevent an officer from using their lawful discretion in enforcing the law.

- The SRO should consult with their supervisor and the JPO when dealing with High Risk youth to ensure that the proper course of action is established.

Department of Juvenile Justice/Juvenile Probation Officer

JPO Procedure for handling Juvenile Probation Violations in the School

Minor Violations for low to moderate risk youth:

- The JPO will follow DJJ's protocol and will respond to the SRO referral within 48 hours. The time frame will not include weekends, holidays or scheduled days off for the school.

The JPO should notify the SRO of the disposition of the referral to ensure that the youth is abiding by any sanctions that have been added to the youth's probation. This will enable the SRO to monitor the youth and report back to the JPO any additional violations.
