Re: Forest Creek – Petition No. 139SUB-03DB

Dear Ms. Massey-

We are submitting this letter as agents for Forest Creek to request an extension to the design plat, which was approved by the City Commission on May 24, 2004. This request is for an extension of 6 months to October 24, 2005.

Please note that we have been diligently working to finalize the construction plan and final plat for submission for final approval by the City Commission. The review time by the Public Works Department and GRU for construction plan approval has been quite lengthy.

It is expected that application for final plat approval will be submitted in the next 3-4 weeks. This request is to provide assurance that an extension is established if the final plat cannot be approved by May 24, 2005

Please let us know when this item will be scheduled to the City Commission for approval.

Sincerely,

Ralph E Eng, P.E.
