DISCUSSION ITEMS

090311. Utility Infrastructure to Support Small, Urbanized Areas (B)

This item involves developing a plan to build out utility infrastructures to support development of the allowable density in a few small, urbanized areas of the city, such as Five Points.

The CDC discussed this item and heard presentations from Stu Pearson of the Public

Works Department and Rick Hutton of Gainesville Regional Utilities. The Committee requested that staff present to the Committee: 1) a map outlining specific boundaries (for example something such as the Five Points Special Area Plan extended North on Waldo Road to 8th, South on Williston Road to 4th, and West on University to 9th); 2) specific information regarding stormwater facilities from Stu Pearson of Public Works and specific information from Rick Hutton of Gainesville Regional Utilities regarding gravity mains in the area; and 3) planning information on the vision that was laid out for this area in the Waldo Road Corridor Study.

RECOMMENDATION *Community Development Committee hear a presentation from Gainesville Regional Utilities and Public Works regarding infrastructure.*
