

**Support Nuisance Abatement Ordinance**

Dear Commissioner \_\_\_\_\_ : Date:

I urge you to support the recent changes to the Nuisance Abatement Ordinance. Changing the language of the ordinance would give the police, the city, and local neighborhoods a tool to rid themselves of drugs and drug dealing. It would make property owners aware of criminal activity occurring on their land and hold accountable those landlords who choose not to monitor tenants and their illegal activity. This is a very community friendly ordinance that reflects the values of Gainesville that families should be able to live and raise their children in a safe and drug free environment.

Sincerely, *Fawn M O'Brien*
