Hello Mr. Bredfeldt & Mr. Folkers,

After years of leadership by demonstrating green practices, policies and programs the City of Gainesville is now an FGBC Certified Green Local Government at the **SILVER** level with a score of 36!

Congratulations to the City of Gainesville for achieving the FGBC Green Local Government Designation!

We look forward to joining you the evening of December 6th by further recognizing your efforts at an award presentation at your City Commission meeting. Please send a high-resolution city logo to be used for the certificate. I will outline some notable credits you achieved that can be used to develop a press release with our Executive Director, Suzanne Cook.

Congratulations and Keep up the Great work!

Jeremy Nelson
