To Whom It May Concern:

I hereby resign my position, effective immediately, as Trustee for the Board of the Consolidated Police Officers' and Firefighters' Retirement Plan. I have enjoyed my short time on the board and my interactions with the other trustees and staff, but using my time and mental energy more strategically has lately become a much higher priority for me.

Good Morning Ted,

I hope you are doing well. I was told this morning that we could not advertise the opening on the Consolidated Board of Trustees until we had a resignation letter from you.

I relayed all of our conversations and/or emails over the last couple of months so there was certainly no surprise but this request just came from the Clerk's Office. Thanks again for your time and attention and I will look forward to speaking with you soon. All my best to you and your family (and of course your business) throughout 2007 and beyond.

Cheers,
Brian
