SPICE -Synthetic Marijuana

- Spice or K-2 is a mixture of herbs or spices sprayed with synthetic chemicals similar to THC in marijuana but more powerful.
- Spice can be sprayed onto anything that can be burned and then the smoke is inhaled to get high.
- Spice is NOT Marijuana. It is a dangerous Hallucinogenic Drug!

Problems for Law Enforcement

- The current presumptive field test that Law Enforcement uses only tests for eight chemical compounds out of the over 200 compounds that currently exist.

Gainesville-Alachua County Drug Task Force

City Ordinance

- Currently GPD has presented a new city ordinance that will assist in our enforcement efforts.
- The ordinance attacks the packaging or lack of packaging that Spice commonly appears in.
- Advantages - Action can be taken immediately by Law Enforcement.
- The ordinance will allow LEO to immediately seize suspected Spice and impose civil fines against the business.
