Related to Board/Committee:

I have been a resident of the 400 Building for over two years. I am deeply concerned about public housing issues; including ongoing funding, maintenance and safety issues, and ensuring that the voice of the residents be heard by all levels of decision-makers.

I bring leadership skills developed as the founder and facilitator for over ten years of the Gainesville CFIDS (Chronic Fatigue Immune Dysfunction Syndrome) Support Network. In this volunteer position I did outreach and education for patients and physicians, organized and led support group meetings, trained others in peer support techniques, and generally advocated for the CFIDS community.

I bring good listening, co-operative and organizational skills, and a commitment to the well-being of public housing residents.
