Re: Streetwise ATMS Upgrade Quotation

Dear Mr. Mann,

Approximately three years ago when the City of Gainesville purchased the Naztec Streetwise Lite Version (Close-Loop Software), we offered an upgrade price of \$40,000.00 if the city ever wanted to upgrade to the ATMS version. Naztec, Inc. still honors our original upgrade price of \$40,000.

Please let me know if you should have any questions regarding the upgrade or upgrade process and I will be more than happy to assist you. Thank you for your consideration and for your business.

Yours in Business,

Greg Freel
