

Link to new proposed map: <https://app.districtbuilder.org/projects/fd3ab25f-5168-4bee-8ea0-b7a8735d0fd7>

- 1) I've proposed a new district maps that takes into concerns of community members and Supervisor Barton's redrawn precincts.
 - a. Concerns about Duckpond being in District 1
 - i. New map places all of duckpond and precinct 27 into District 4
 - b. Concerns about the Stephen Foster neighborhood being split between districts
 - i. New map places all of the Stephen Foster neighborhood into District 4
 - c. Concerns from Supervisor Barton about splitting precincts
 - i. The increased density of areas around campus make it difficult to not split any districts and abide by concerns from community members. The new proposed map keeps all the precincts whole for the city except for two precincts that are split. The split precincts look like they could be added to neighboring precincts to create whole precincts.
 1. A small portion of precinct 23 that is in District 1 along the west side of SW 13th street is split and could be added to the new precinct 40.
 2. The SE corner of precinct 12 is split and is in District 1. This portion of precinct could be added to precinct 55, 27, or 33.

Map on next page.
