100668. Vehicle Parking in Multi-Family Residential Zoning Districts within the University Context Area (B)

This item was referred by the City Commission to the Community Development Committee to review the issue of vehicle parking conditions on private property located in Multi-Family residential zoning districts.

The Community Development Committee received a brief history on this item from Assistant City Manager Fred Murry, and an update from Interim Code Enforcement Manager Chris Cooper as outlined in the memo to the Committee dated July 26, 2011.

Mr. Cooper provided a draft of parking ordinances for the Committee to review, discuss, and provide direction to staff. The Committee discussion included simplifying the draft and making the ordinance clear and easy for citizens to understand and follow, determining what the regulatory impact is for existing parking, creating an implementation plan and time frame for properties to come into compliance, how closely the draft regulations should or should not resemble the regulations for residential zoning, and adding office/residential and general office districts to the zoning categories.

Commissioner Henry clarified the intent is for staff to discuss only the parts of the campus development plan with UF that affect parking in particular off-campus zoning area, and not the entire campus parking plan. Commissioner Henry made the motion below.

MOTION: The Community Development Committee directed staff to: 1) continue working on the draft based on the discussion and bring the item back to the Committee in August; 2) speak to UF officials concerning campus parking affecting the zoning areas in the University Context Area; and 3) add the office/residential and general office districts to the zoning categories. The motion passed unanimously.

RECOMMENDATION *The Community Development Committee: 1) hear a brief update from staff on this item; 2) discuss if a course of action should be set to address current conditions; and 3) provide feedback and direction to staff as appropriate.*

Approved as shown above (See Motion)

090392. Vision for East University Avenue to Hawthorne Rd Corridor - 5 points area (B)

This item involves a request for the Community Development Committee to hear a presentation from Community Redevelopment staff on Eastern Gainesville - Vision, Infrastructure, and Achieving Results.

Assistant City Manager Fred Murry opened the discussion, noted that the

presentations are the same covered the previous day by the Eastside and Central City Development Committee, apologized to Chair Hawkins and Commissioner Henry for the repetition and duplication of presentations, and stated staff would attempt to have a joint meeting to avoid duplication in Committees in the future.

The Community Development Committee heard an update and presentation from CRA Project Coordinator Malcolm Kiner on the former Kennedy Homes site, and CRA Project Manager Kelly Fisher provided an update and presentation on the GTEC property.

The Committee discussion included exploring the opportunities to purchase additional property neighboring the Kennedy Homes site or exploring a public/private development partnership with owners of nearby parcels, and the feasibility of undergrounding the utilities around the GTEC property.

RECOMMENDATION *The Community Development Committee: 1) receive an update from staff; and 2) provide feedback and direction to staff as appropriate.*
