

FLOOD

This facility is located in a Flood Zone X (Unshaded), placing the plant outside the 100 and 500-year flood elevations. All structures are above the surrounding grade elevation not subject to flood exposures. Flood zone location was taken from FEMA Alachua County/City of Gainesville Flood Map 12001C0145D, dated 06/16/2006 and Munich Re's Map of Natural Hazards.

SURGE

There is no Surge threat.

WIND

The facility is located in an area of Florida categorized by Munich RE as Zone 3 (132 - 156 mph peak wind speeds) for tropical cyclones. This is the Probable maximum intensity with an exceedance probability of 10% in 10 years (equivalent to a "return period" of 100 years).

All Plant structures are well built. The cooling tower is the weakest structure and is not expected to withstand a storm above category 1 hurricane (74 to 95 mph wind speed). Metal buildings, equipment, and insulation would be expected to receive some damage during the windstorm primarily from missiles carried by the wind.

There will be some loss of fuel from the wood pile.

EARTHQUAKE

The earthquake exposure is considered Low. The facility is in an area categorized by Munich RE as Zone 0: (MM V or below) on a scale of 0 to 4. This is the Probable maximum intensity (MM: modified Mercalli scale) with an exceedance probability of 10% in 50 years (equivalent to a "return period" of 475 years) for medium subsoil conditions.

6.2.3 Other Perils

TORNADO

The plant is in an area categorized by Munich RE as Zone 4 for tornadoes on a scale of 1 to 4 (Frequency and intensity of tornadoes), a high frequency and intensity of tornadoes.

LIGHTNING

The plant is in an area categorized by Munich RE as Zone 5 for lightning on a scale of 1 to 6. Zone 5 represents a frequency of 20 - 40 lightning strokes per km² per year whether the strikes reach the ground or not. All structures, buildings, equipment are grounded.

SEVERE WEATHER

This facility is located above/north of the freeze line. Damage from severe cold or snow loading is not a concern.

HAIL

The plant is in an area categorized by Munich RE as Zone 3 for hail on a scale of 1 to 6.

OTHER

This area of Florida is considered a low risk for sinkholes. There has been no recent sinkhole activity reported in the immediate area.

SUBSIDENCE AND COLLAPSE

Low Hazard.

The information contained in this report is intended for the express purpose of assisting AIG personnel in the management of an AIG insurance program. No warranty, guarantee, or representation, either expressed or implied, is made as to the correctness or sufficiency of any representation contained herein. This report may not address each and every possible loss potential, violation of any laws, rules or regulations, or exception to good practices and procedures. The absence of comment, suggestion, or recommendation does not mean the property or operation(s) is in compliance with all applicable laws, rules, or regulations, is engaging in good practices and procedures, or is without loss potential. No responsibility is assumed for the discovery and/or elimination of hazards that could cause accidents or damage at any facility that is subject to this report. Reliance upon, or compliance with, any of the information, suggestions or recommendations contained herein in no way guarantees the fulfillment of your obligations under your insurance policy or as may otherwise be required by any laws, rules or regulations.

American International Group, Inc. (AIG) is a leading international insurance organization serving customers in more than 130 countries and jurisdictions. AIG companies serve commercial, institutional, and individual customers through one of the most extensive worldwide property-casualty networks of any insurer. In addition, AIG companies are leading providers of life insurance and retirement services in the United States. AIG common stock is listed on the New York Stock Exchange and the Tokyo Stock Exchange.

AIG is the marketing name for the worldwide property-casualty, life and retirement, and general insurance operations of American International Group, Inc. Products and services are written or provided by subsidiaries or affiliates of American International Group, Inc. Not all products and services are available in every jurisdiction, and insurance coverage is governed by actual policy language. Certain products and services may be provided by independent third parties. Insurance products may be distributed through affiliated or unaffiliated entities. Certain property-casualty coverages may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds.
