I have been interested in serving on a board for quite some time and I feel my background could be helpful. I have lived in Gainesville for twenty eight years have seen many changes occur. I have owned and operated several businesses in this time. First, a landscape company which I owned for ten years. This business gave me an insight to design and implementation of landscape plans as well as the capability to work with clients in coming to an agreement on the work. Upon selling that business I joined my wife in our health and wellness company in which we counsel and work with individuals concerning nutrition and overall health. I have also in the past five years started buying and restoring homes and apartment buildings for rental purposes. This process has given me insight and a working knowledge of current building codes, design, zoning, setbacks, etc. Also, my wife and I, with a few others, started a group called Friends of NE Park and by working with this group I have gained considerable insight into Public Works, it's function and, also, the Sweetwater Branch Watershed. I hope you will consider me for this position Thank you.
