Mobile Parking Software Applications

Mobile Parking Apps

- Smart Phone Apps:
 - Allow parkers to ‘pay-by-phone’
 - Some allow parkers to identify available parking in real time

What is needed for mobile pay?

- Spaces must have a unique identifier
- Stickers placed on meters with instructions
- Meters do not require retrofitting
- Customers may opt to pay for parking using the smartphone app or
- Customer may call phone number on the sticker
- Not applicable to free spaces

Parking Availability

- Install detectors or “pucks” in free parking for space identification ~ \$300/space
- Implement software for classifying spaces and App/website for customer to locate available parking
- Downtown currently has 357 time restricted free spaces

Credit Cards at Meters

- Meter retrofit ~ \$500 to accept credit cards (exclusive of software)
- City maintains 468 meters x \$500 = \$234,000
- 357 free spaces x \$300 = \$107,100

! Be sure to specify the location, date and search radius of your reservation. x
