Commissioners:

Public recreation plays an important role in the lives of both the young and elderly citizens of Gainesville. Providing excellent recreational opportunities help develop the sense of "community" that every city strives for. The Board also has the responsibility to that same community to develop rules and regulations to ensure the safety and security of the recreational activities under its purview.

I am a hardworking and accountable person that is not afraid to "go the extra mile" to see a project or a job through. I communicate well with members of various ethnic and cultural backgrounds and enjoy their contributions. I believe that all residents deserve to be treated with respect and dignity, and will not tolerate anything less from myself.

Please consider me for a position on the Public Recreation Board. I feel that I would be a tremendous asset to this community. Please contact me if you have any questions at (352) 846-5216.

Sincerely,

Christopher Watson
