COMMENTS: Between NE 11th Place & NE 12th Avenue. One Speed Hump on this block.

October 3, 2001

Dear City Commissioners:

Despite the efforts of the City to design a park to act as a barrier to keep our community from being used as a thoroughfare to Waldo Road; these efforts have failed. The residents of Northeast 22nd Street, who adamantly opposed opening their road to Cedar Grove have also had their worse fears become reality as they have lost of the tranquility that their homes once experienced to excessive traffic and noise pollution.

Northeast 12th Avenue as evidenced by Mr. Brain Kanely's traffic study can attest to the tremendous amount of traffic that comes through our residential community. Circulars and other speed calmers have not been effective.

We feel that our autonomy is threatened as well as our quality of lives by having this excessive traffic flow through our community. We have unbearable noise pollution caused by load speakers in automobiles coming through all times of night disturbing hard working residents.

Excessive trash mostly consisting of beer bottles, food and snack items is tossed on 12th Avenue leading to Waldo Road. We also experience speeding through the neighborhood and numerous residents have reported near misses.

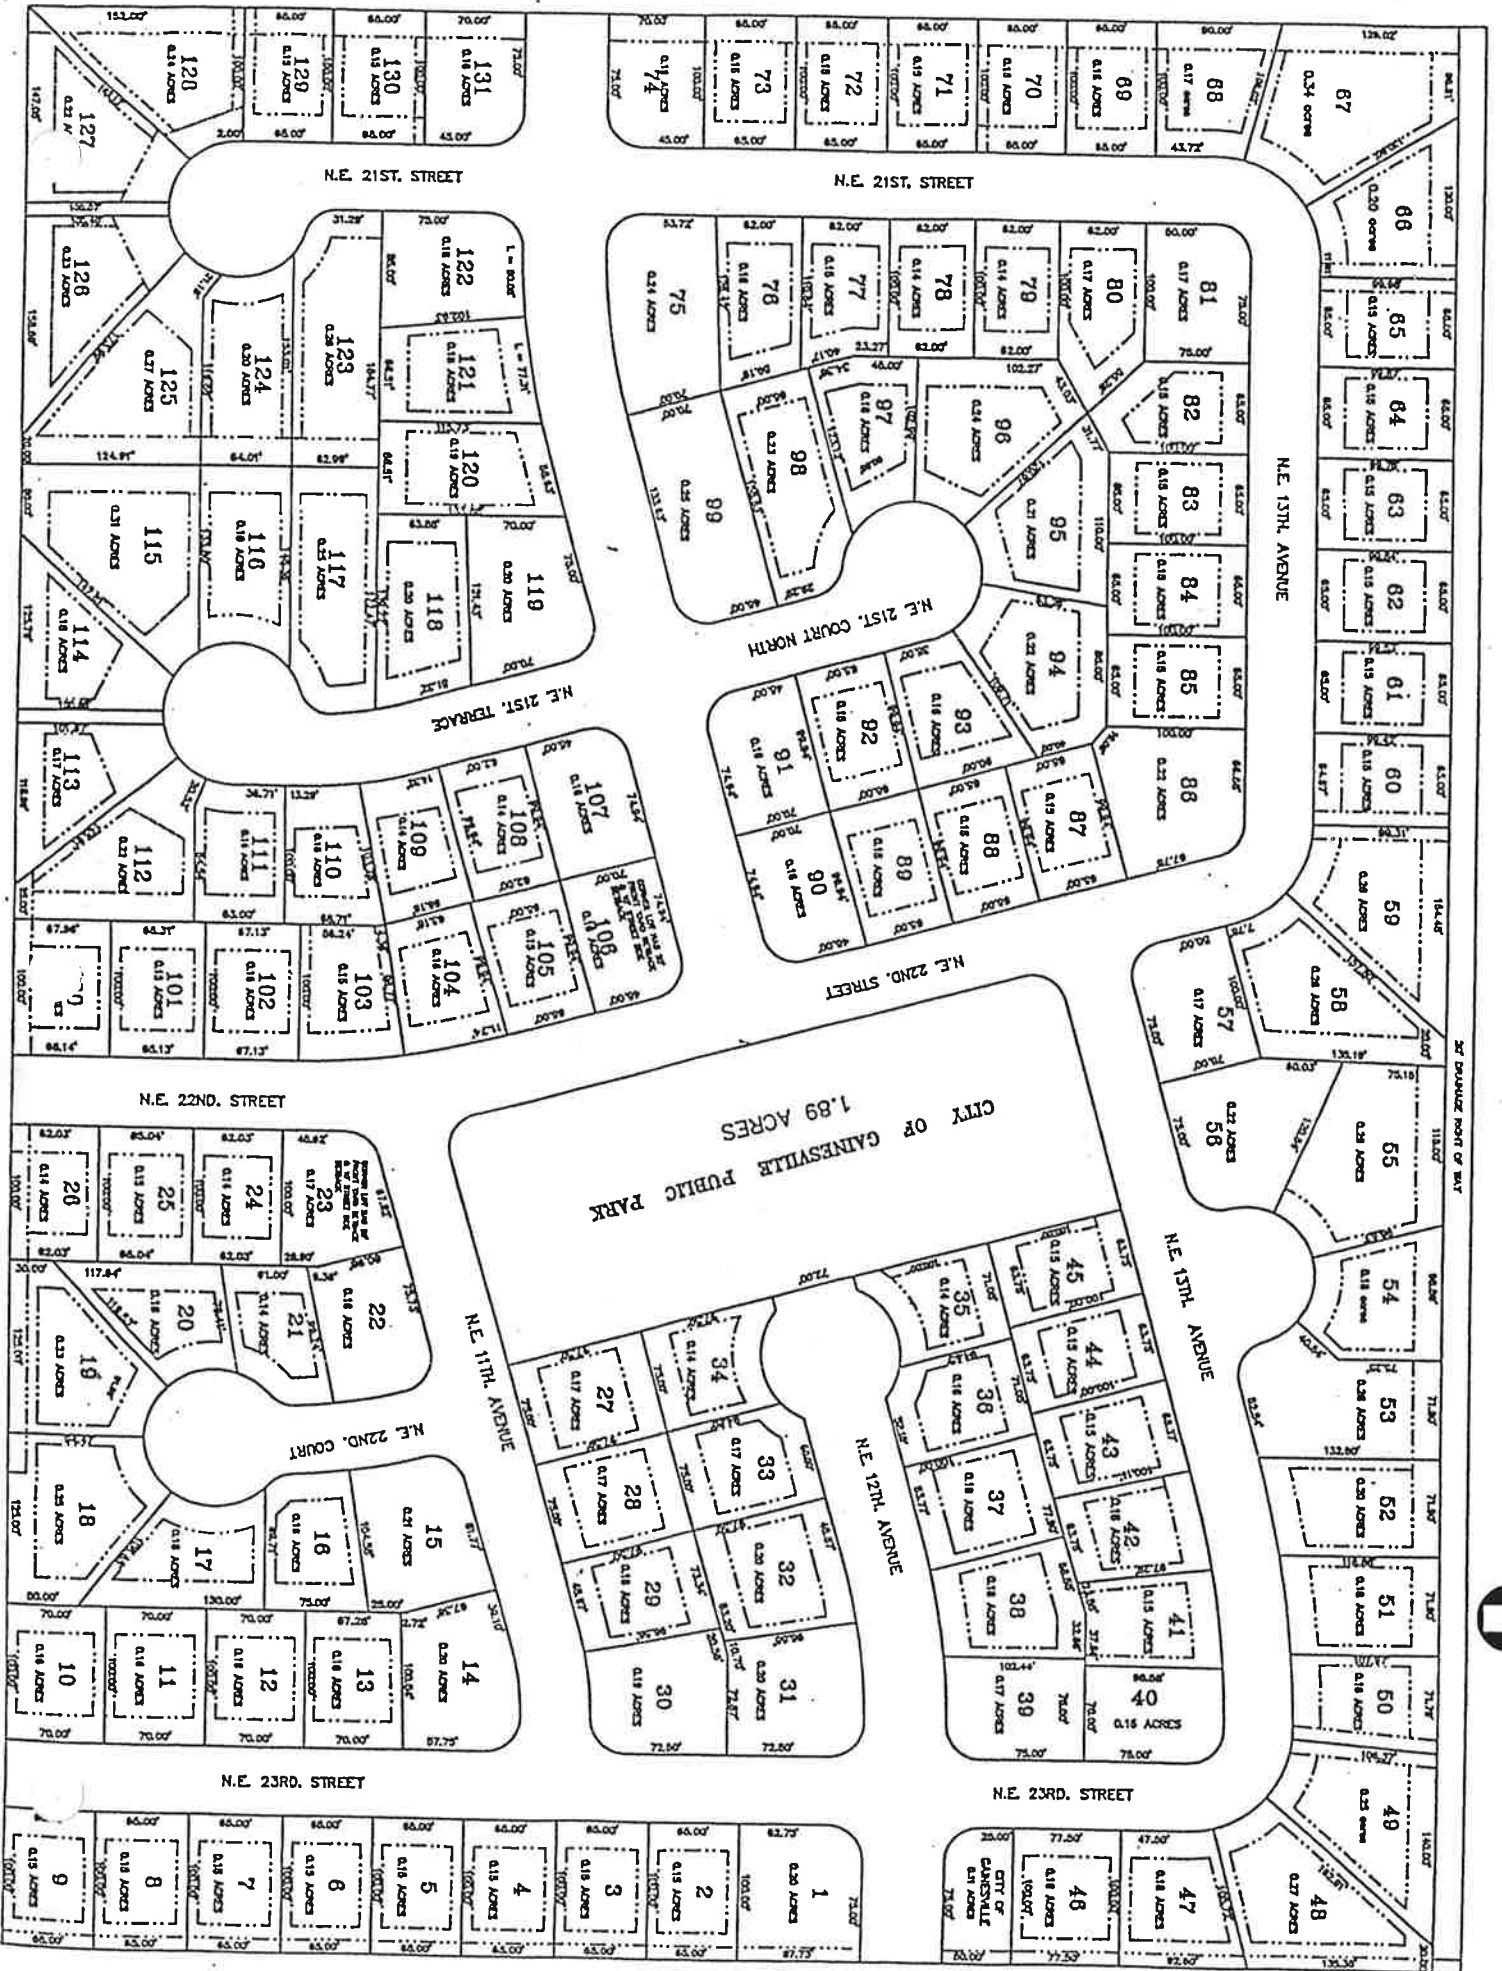

We demand that these streets be closed to automobiles; however we would not be opposed to bike and foot traffic.

We thank you in advance for you kind consideration.

A handwritten signature in cursive script that reads "Warren McCluney".

Warren McCluney
Cedar Grove Homeowners Association

CEDAR GROVE

Petition for Cedar Grove Road Closure.

We the undersigned are in agreement with the NE 22nd Street being closed to restore the tranquility of our neighborhood.
