

Commission Comment – Waived Rules

PH; Can I just raise one thing that's very time sensitive, we need a resolution on the Charter Officer Equal Opportunity and a Cover letter expressing to the Legislative Delegation. Rodney Long called me about that today and he asked that, if also speak to the Historical precedent, not to have a public referendum and so I would place that as motion for the Mayor to Write a letter and have a resolution prepared supporting the special act for an Equal Opportunity Charter Officer.

Marion: Madam Mayor, I'm sorry, but your rules, I'm just trying to do the process, this meeting has adjourned, unless you waive these rules and I don't be called on a Sunshine violation by your own rules. You need to waive these rules before you do anything.

PH: I move that we extend the meeting or waive the rules so that we can take action on this item.

I have a motion that's put forth to authorize the Mayor to write a letter and the attorney to draft a resolution to bring back at the next regular meeting. Which is March 13, 2000
