SUBJECT: *City of Gainesville Proposed Comprehensive Plan Amendment (19-3ESR)*

Dear Mr. Persons and Ms. Thomas,

Pursuant to Section 163.3184(3), Florida Statutes, (F.S.) in its role as a reviewing agency as identified in Section 163.3184(1)(c), F.S., the Florida Department of Transportation (FDOT) reviewed the proposed amendment City of Gainesville 19-3ESR.

The City of Gainesville has transmitted a Large Scale Future Land Use Map (FLUM) Amendment to re-designate the land use of 20.74 acres from Alachua County High Density Residential to City of Gainesville Residential Medium-Density. The site is located on the north side of SW 20th Avenue, approximately 0.50 miles west of I-75. The existing Alachua County High Density Residential land use allows a maximum of 497 multi-family dwelling units (24 DU/Acre). The proposed City of Gainesville Residential Medium-Density allows 622 multi-family dwelling units (30 DU/Acre).

The proposed FLUM amendment is expected to generate 256 PM Peak Hour trips, an increase of 50 PM Peak Hour trips from the existing land use (LUC 221, ITE *Trip Generation Manual, 10th Edition*). FDOT has determined the proposed amendment has no significant adverse impacts on important State transportation resources or facilities within its jurisdiction.

We appreciate the opportunity to review the proposed comprehensive plan amendment and request that a copy of the adopted amendment, along with the supporting data and analysis be transmitted within ten working days after the second public hearing for FDOT review.

If you have any questions, please do not hesitate to contact me by email: scott.clem@dot.state.fl.us or call: (904) 360-5681.

Re: Gainesville 19-3ESR – Expedited State Review of Proposed Comprehensive Plan Amendment

The Office of Intergovernmental Programs of the Florida Department of Environmental Protection (Department) has reviewed the above-referenced amendment package under the provisions of Chapter 163, Florida Statutes. The Department conducted a detailed review that focused on potential adverse impacts to important state resources and facilities, specifically: air and water pollution; wetlands and other surface waters of the state; federal and state-owned lands and interest in lands, including state parks, greenways and trails, conservation easements; solid waste; and water and wastewater treatment.

Based on our review of the submitted amendment package, the Department has found no provision that, if adopted, would result in adverse impacts to important state resources subject to the Department's jurisdiction.

Please submit all future amendments by email to Plan.Review@FloridaDEP.gov. If your submittal is too large to send via email or if you need other assistance, contact Lindsay Weaver at (850) 717-9037.
