1.1 The Employer recognizes the Union as the sole and exclusive representative for the purposes of collective bargaining for all the employees of the Fire Department as certified by the Public Employees Relations Commission of the State of Florida. Such employees include all full-time, regular, non-managerial, and non-confidential employees in the following classifications:

- | | |
|----------------------|--------------------------------|
| Firefighter | Fire Inspector |
| Fire Driver-Operator | Investigative Services Officer |
| Fire Lieutenant | Fire Training Captain |

Should the City create new classifications, the City shall discuss with the Union whether or not the new classification should be included or excluded from the bargaining unit. If the Union objects to the exclusion, it is understood the Union will request determination of the new classification's status from the Public Employees Relations Commission.

1.2 The Union recognizes the Executive Officer of the City or his designated representative as the sole representative of the City of Gainesville for the purpose of collective bargaining.

1.3 The City recognizes the President of the Union or his designated representative as the official spokesman in any matter between the Union and the Employer.

1.4 All employees reaching or possessing state firefighter certification shall be considered to be probationary employees until twelve (12) months have elapsed. Probationary employees shall be evaluated quarterly and shall receive raises according to Article 40 - Wages. Probationary employees shall be covered under the terms and conditions set forth in this Agreement, but shall have no right to grieve a discharge or layoff under this Agreement. A leave of absence without pay during the required probationary period may extend the required probationary period by the length of time taken.

1 **ARTICLE 2**

2 **DURATION**

3
4 2.1 This Agreement and its appendages constitute the complete Agreement
5 between the parties.

6 2.2 Upon ratification by the Union and the City Commission, this Agreement shall
7 remain in effect until September 30, 2015.

8 2.3 This Agreement shall be automatically renewed from year-to-year after
9 September 30, 2015, unless either party notifies the other, in writing, prior to
10 April 1st of the expiration year that it desires to modify this Agreement. Such
11 notification shall include the titles and sections of the articles the parties wish
12 to re-negotiate. Party receiving notification shall respond in kind within fifteen
13 (15) days.

14 2.4 This Agreement shall remain in full force and effect during the period of
15 negotiations for a modification of this Agreement.

16 **ARTICLE 3**

17 **UNION SECURITY AND CHECK OFF**

18
19 3.1 Any and all employees who are eligible for inclusion in the bargaining unit shall
20 have the right to join or not to join the Union as they individually prefer. It is
21 agreed that there shall be no discrimination for or against any employee
22 because of membership in said organization and likewise, no employee shall
23 be discriminated against for non-membership in the Union.

24 3.2 The City agrees to deduct each payday dues and uniform assessments in an
25 amount certified to be current by the Secretary-Treasurer of the Local Union
26 from the pay of those employees and retirees who individually request in
27 writing that such deductions be made. Remittance shall be made by the City
28 to the Secretary-Treasurer of the Union. Changes in such deductions will be
29 similarly certified to the City in writing and shall be done at least thirty (30) days
30 prior to the effective date of such change. The City's remittance will be
31 deemed correct if the Union does not give written notice to the City within
32 fourteen (14) calendar days after the remittance is received, of its belief, with

1 reason(s) stated therefore, that the remittance is incorrect. This dues
2 authorization may be revoked by the employee or retiree upon thirty (30) days
3 written notice to the City and to the Union.

4 3.3 No deduction shall be made from the pay of any employee or retiree for any
5 payroll period in which the employee's net earnings for that payroll period, after
6 other deductions, are less than the amount of dues to be checked off.

7 3.4 The Union shall indemnify, defend and hold the City harmless against any and
8 all claims, demands, suits, or other forms of liability that shall arise out of or by
9 reason of action taken or not taken by the City in reliance upon documents or
10 cards or other information furnished to the City by the Union in complying with
11 any of the provisions of this Article. The Union assumes full responsibility for
12 the disposition of the monies so deducted once they have been turned over to
13 the Secretary-Treasurer of the Union.

14 15 **ARTICLE 4**

16 **NON-DISCRIMINATION**

17 4.1 Employees of the City shall have the right to form, join, and participate in, or to
18 refrain from forming, joining, participating in, any employee organization of
19 their own choosing. No employee shall be intimidated, restrained, coerced or
20 discriminated against by either the City or the Union because of the exercise of
21 these rights.

22 4.2 The City and the Union agree there shall be no discrimination against any
23 employee covered by this Agreement in any manner which would violate any
24 applicable laws because of sex, race, color, age, handicap, religion, national
25 origin, marital status, political affiliation, sexual orientation, gender identity or
26 membership or non-membership in the Union. Since discrimination is a
27 constitutional issue, all the provisions of this section, except membership or
28 non-membership in the Union, gender identity and sexual orientation, shall not
29 be subject to the arbitration provisions of this Agreement.

30 4.3 The use of masculine or feminine gender in this Agreement shall be construed
31 as including both genders.

ARTICLE 5**LIABILITY**

- 1
- 2
- 3 5.1 The City will defend any actions in tort brought against any employee(s)
4 covered by this Agreement as a result of any alleged negligence of said
5 employee(s) arising out of and in the scope of their employment with the City
6 unless such employee(s) acted in bad faith with malicious purpose or in a
7 manner exhibiting wanton and willful disregard to human rights, safety or
8 property.
9

ARTICLE 6**CONTRACT SAVING CLAUSE**

- 10
- 11
- 12 6.1 Should any provision of this Agreement be declared unlawful, unenforceable,
13 or not in accordance with applicable statutes by a court of competent and final
14 jurisdiction or by a legislative authority, all other provisions of this Agreement
15 shall remain in full force and effect for the duration of this Agreement.
- 16 6.2 Both parties shall meet to re-negotiate said provisions within thirty (30)
17 calendar days.
18

ARTICLE 7**TRANSFER OF DEPARTMENT AGREEMENT**

- 19
- 20
- 21 7.1 The City agrees that in the event of a transfer of the Fire Department or its
22 functions to any other legal entity, all rights and benefits of the transferred
23 employees guaranteed under this Agreement shall be continued for the term
24 of this Agreement.
25

ARTICLE 8**MANAGEMENT RIGHTS**

- 26
- 27
- 28 8.1 It is the right of the Public Employer to determine unilaterally the purposes of
29 each of its constituent agencies, set standards of services to be offered to the
30 public, and exercise control and discretion over its organization and
31 operations.

1 8.2 In addition, except as provided in this Agreement, the Union recognizes the
 2 sole and exclusive rights, powers and authority of the Public Employer further
 3 include, but are not limited to, the following: to direct and manage employees
 4 of the City, to hire, promote, transfer, schedule, assign, and retain employees,
 5 to suspend, demote, discharge or take other disciplinary action against
 6 employees for just cause, to relieve employees from duty because of lack of
 7 work, funds or other legitimate reasons, to maintain the efficiency of its
 8 operations including the right to contract and subcontract existing and future
 9 work, to determine the duties to be included in job classifications and the
 10 numbers, types and grades of positions or employees assigned to an
 11 organizational unit, department or project, to assign overtime and to determine
 12 the amount of overtime required, to control and regulate the use of all its
 13 equipment and other property, to establish and require employees to observe
 14 all its rules and regulations, and to conduct performance evaluations.
 15 However, the exercise of such rights shall not preclude the Union from raising
 16 grievances should decisions on the above matters have the practical
 17 consequences of violating the terms and conditions of this Agreement.

18 8.3 If, in the sole discretion of the City Commission, it is determined that civil
 19 emergency conditions exist, including but not limited to, riots, civil disorders,
 20 hurricane conditions or similar catastrophes, the provisions of this Agreement
 21 may be suspended by the Mayor-Commissioner during the time of the
 22 declared emergency, or when an emergency is imminent, provided that wage
 23 rates and monetary fringe benefits shall not be suspended. Should an
 24 emergency arise, the Union President shall be advised as soon as possible of
 25 the nature of the emergency

27 **ARTICLE 9**

28 **PROHIBITION OF STRIKES**

29 9.1 During the term of this Agreement, neither the Union nor its agents or any
 30 employee, for any reason, will authorize, institute, aid, condone, or engage in a
 31 slowdown, work stoppage, strike, or any other interference with the work and

1 statutory functions or obligations of the Employer. During the term of this
 2 Agreement, the Employer agrees not to lock out any employees covered by
 3 this Agreement.

- 4 9.2 The Union agrees to notify all Local officers and representatives of their
 5 affirmative obligation and responsibility for maintaining compliance with this
 6 Article, including their responsibility to remain at work during any interruption
 7 which may be caused or initiated by others, and to encourage employees
 8 violating Section 9.1 to return to work, and to firmly undertake all reasonable
 9 means to end such.

10
 11 **ARTICLE 10**
 12 **JOB REQUIREMENTS**

- 13 10.1 Employees hired by the City and bargaining unit members must obtain and
 14 maintain State of Florida certifications as Firefighter, EMT or Paramedic, and
 15 have State of Florida Driver License valid for driving emergency vehicles.

- 16 10.2 New members shall obtain the certifications listed in 10.1 within one (1) year
 17 from date of hire; time off will be provided to obtain these certifications
 18 excluding the Florida Driver License.

19
 20 Current employees will be provided the opportunity on the City's time and at
 21 the City's expense to obtain and maintain the job requirements in 10.1.

22
 23 The failure of a current bargaining unit member to comply with the above-
 24 listed job requirements will result in a reduction in pay of 2.5 % and the
 25 employee will be frozen at that pay until the required certifications are
 26 obtained.

- 27 10.3 All employees hired after December 31, 1995, agree to obtain and maintain
 28 State Certification as a paramedic if required to do so by the City.
 29 Paramedic candidates will first be sought on a voluntary basis. To the extent
 30 that additional paramedics are required, they will be selected in reverse
 31 order of seniority after having completed probation.

1 10.4 Employees who are required to be paramedics, in accordance with Section
2 10.3 shall, upon request, be permitted to seek relief from said requirement
3 from the Department Medical Director.

4 10.5 Should an employee holding a Paramedic certification decide to relinquish
5 his/her certification, the employee will be required to activate his/her EMT
6 certification. The Department will bear the cost of activating the EMT
7 certification so the employee can continue to meet job requirements as set
8 forth in Article 10.1, unless otherwise affected by Articles 10.3 or 10.4 above.

9 10.6 Should an employee, through action of the Medical Director or the State of
10 Florida, lose the ability to practice as a Paramedic for the Gainesville Fire-
11 Rescue Department, but is permitted to maintain EMT certification, the
12 employee will be required to activate his/her EMT certification. The
13 Department will bear the cost of activating the employee's EMT certification
14 so the employee can continue to meet job requirements as set forth in Article
15 10.1, unless otherwise affected by Articles 10.3 or 10.4 above.

16 10.7 Should the State not recognize the Paramedic certification as being inclusive
17 of and redundant to the EMT certification, the Department will bear the cost
18 of activating the employee's EMT certification.

19 10.8 Employees who maintain State of Florida certification as a Municipal Fire
20 Inspector will be granted up to three (3) shifts to attend the Florida Bureau of
21 Fire Standards and Training to meet the Municipal Fire Inspector
22 recertification. The Department will bear all the cost associated with
23 recertification. The employee will be responsible for tracking recertification
24 requirements and for arranging classes as required.

25
26 **ARTICLE 11**

27 **VACANT**

28

ARTICLE 12**RULES AND REGULATIONS**

1
2
3 12.1 Rules and Regulations in effect January 1, 1984, shall be the basis of
4 proposed changes and additions to Department Rules and Regulations. Such
5 proposed changes and additions in Rules and Regulations shall be forwarded
6 to the Union for review and discussion.
7

ARTICLE 13**OUTSIDE EMPLOYMENT OR BUSINESS ACTIVITY**

8
9
10 13.1 An employee shall not engage in any outside employment or business
11 association without first obtaining written approval from the Fire Chief. Failure
12 to comply with this policy may result in disciplinary action. Approval will be
13 limited by any of the following provisions:

- 14 A) Outside employment shall not interfere with or be in conflict with the
15 proper performance of employee's duties with the City.
16 B) Association with any business considered as having a questionable
17 reputation that would reflect unfavorably upon the employee or the City.
18 C) Shall not be a principal or in a position of influence in a firm doing
19 business with the City.

20 13.2 Prior to receiving the Fire Chief's approval, the employee must agree to two
21 additional provisions:

- 22 A) All injuries received while engaged in outside employment must be
23 reported to the Fire Chief prior to the next scheduled working day, or
24 sooner, if possible.
25 B) Employee may not use accumulated sick leave earned as an employee
26 of the City for injury sustained while engaged in outside employment.

27 13.3 Final approval is subject to the review and approval of the Human Resources
28 Director. The request for outside employment or business activity must be re-
29 submitted whenever an employee changes said outside employment or
30 business activity.
31

1 **ARTICLE 14**

2 **TOBACCO USE PROHIBITION**

3 14.1 The Surgeon General of the United States has determined that tobacco
4 products, particularly cigarettes, contribute to the development of a number of
5 heart and lung diseases.

6 The State of Florida enacted a presumptive law which treats certain
7 conditions, such as heart disease, hardening of the arteries and hypertension
8 as work related.

9 Due to the documented effects of tobacco use and the special hazards and
10 exposures associated with the occupation of firefighting, the City and Union
11 agreed to the following:

- 12 1. The City of Gainesville will hire as firefighters only individuals who do
13 not use tobacco products.
- 14 2. Although employees have the right to grieve disciplinary actions after
15 their initial probationary periods have been completed, the Union
16 agrees that the policy itself will not be grieved.
- 17 3. All uniformed employees of the Fire Department, represented by this
18 bargaining unit who were hired before October 1, 1987, will not be
19 affected by the no-smoking condition of employment which will apply to
20 new hires, but current employees shall only smoke in designated
21 smoking areas while on duty.
- 22 4. The City agrees to provide courses to stop smoking for those
23 employees wishing to quit smoking.

24 14.2 The IAFF/IAFC Fitness Initiative Recommendations on Tobacco will
25 supercede Article 14.1 if adopted and maintained elsewhere in this Agreement
26

27 **ARTICLE 15**

28 **LABOR MANAGEMENT BOARD**

29 15.1 A Labor/Management board consisting of the Fire Chief, Labor Relations
30 Specialist, Union President and Secretary-Treasurer shall meet at least

1 quarterly to discuss related matters pertaining to, but not limited to, Fire
2 Department needs, objectives, problems and productivity.

4 **ARTICLE 16**

5 **DISCHARGE AND DISCIPLINE**

6 16.1 Employer reserves the right to discipline or discharge any employee for just
7 cause. It is understood by the parties that employees are subject to all
8 applicable rules and regulations of the City and the Fire Department.
9 Employer agrees that disciplinary action shall be in a timely fashion and the
10 employee shall be notified of the potential of such disciplinary action within
11 fourteen (14) days of the employer (Fire Chief, Deputy Fire Chief or Assistant
12 Fire Chief) becoming aware of the event giving rise to the discipline. Such
13 disciplinary action shall be dropped if, after sixty (60) days of employer (Fire
14 Chief, Deputy Fire Chief or Assistant Fire Chief) becoming aware of event, no
15 action has been taken, except in cases where unlawful conduct is involved.
16 Both the fourteen- and sixty-day periods will be extended for the same time
17 period an employee under investigation or an employee witness is absent from
18 duty, i.e., an employee is off for one (1) day during the 14- or 60-day periods
19 the time frame is considered a three-day extension. The Union President may
20 mutually agree with the Fire Chief to an extension of these time periods in the
21 event of unforeseen or extenuating circumstances.

22 16.2 Any official written reprimand shall be furnished to the employee outlining the
23 reason for the reprimand. The employee will be requested to sign the
24 statement; however, signature does not necessarily imply agreement. If the
25 employee refuses to sign, this refusal shall be noted and placed in the
26 employee's personnel file. Whenever possible, the City will make every effort
27 to reprimand an employee in a private manner so as to avoid embarrassing
28 the employee.

29 16.3 Disciplinary actions involving discharge, demotion and suspension with loss of
30 pay are subject to the grievance provisions of this Agreement. All Employee
31 Notices are subject to the grievance provisions of this Agreement.

1 Verbal and written warnings are not subject to the grievance provisions of this
2 Agreement, provided they are not placed in personnel files. Such warnings
3 are not to be considered a "first offense" under City Personnel Policies and
4 Procedures. Written and verbal warnings may not be used as evidence of a
5 current violation, but may be used to determine the level of disciplinary action
6 after the current violation has been substantiated.

7 16.4 Any discharged employee who has completed his/her probationary period
8 shall have the right to appeal said discharge directly to the fourth step of the
9 grievance procedure provided such appeal is made within seven (7) calendar
10 days from the effective date of such action.

11 16.5 The discharge or layoff of probationary employees on initial hire or rehire shall
12 not be subject to the grievance procedure of this Agreement.

13 16.6 For twenty-four (24) hour shift employees, discipline imposed, when equated
14 with days of suspension or probation as recommended in the City's or Fire
15 Department's Rules and Regulations shall be multiplied in an amount
16 proportionately to the number of hours worked per week in excess of 40-hour
17 per week employees. For example, a three-day suspension for a 24-hour shift
18 employee working a 52-hour week would be 32 hours.

19 16.7 An employee, upon request, shall be entitled to Union representation at
20 disciplinary interviews or conferences, in accordance with law.

21 16.8 Any oral or written warning in any employee's file shall not be considered in
22 any subsequent disciplinary actions after eighteen (18) months from the date
23 of issue provided there have been no further violations of a similar nature by
24 the same employee during this period. Any records of oral or written warnings
25 in an employee's Fire Department personnel files will be removed, upon
26 employee's request, after eighteen (18) months after period of discipline
27 provided there have been no further violations of a similar nature by the same
28 employee during this period.

29 16.9 All investigations of Fire Department personnel shall adhere to the Firefighter
30 Bill of Rights. However, both parties recognize that the Bill of Rights provides
31 that the court of local jurisdiction is the complainant's relief in the event the Bill

1 of Rights is violated. Both parties further agree to allow such allegations of
 2 violations to be brought to Step 3 of the grievance process and by normal
 3 means progress to Step 4. In the event resolution is not reached, the
 4 aggrieved party may seek relief from the court but may NOT seek relief
 5 through the arbitration process.

7 **ARTICLE 17**

8 **GRIEVANCE PROCEDURE**

9 17.1 The Union, or any member of the bargaining unit, may file a grievance
 10 concerning the meaning, application, and/or interpretation of the specific
 11 Articles of this Agreement and any disciplinary action when a question of "just
 12 cause" exists resulting from the application of department rules and
 13 regulations. Such grievance shall be processed in accordance with the
 14 following steps:

15 16 **STEP 1:**

17 The grievance shall be discussed by the grieving employee with the
 18 employee's immediate supervisor. It shall be the responsibility of the grievant
 19 to tell the supervisor that this is the first step of a formal grievance. A note will
 20 be made of this discussion in the station's daily log book. The supervisor shall
 21 orally respond within six (6) days.

22 23 **STEP 2:**

24 If the grievance is not settled in Step 1, the grievance shall be processed on
 25 the standard form provided in the following manner:

- 26 A) A complete statement of the grievance and the facts upon which it is
 27 based.
- 28 B) The section of the Agreement alleged to have been violated.
- 29 C) The action, remedy, or adjustment requested.
- 30 D) The signature of the grievant and the date of the filing.

1 The grievance shall be submitted to the next appropriate supervisory level in
2 the employee's chain of command within six (6) days after the receipt of the
3 immediate supervisor's oral answer in Step 1. The appropriate supervisor
4 shall submit his/her written answer to the grievance within six (6) days after
5 receipt of the grievance.

6
7 **STEP 3:**

8 If the grievance is not settled in Step 2, the grievance shall be appealed to the
9 next appropriate supervisory level or to Step 4, if the chain of command has
10 been exhausted within six (6) days after the receipt of the supervisor's answer
11 in Step 2. The supervisor shall submit his/her written answer to the grievance
12 within six (6) days after receipt of the grievance.

13
14 When a grievance is general in nature in that it applies to a number of
15 employees having the same issues to be decided, it shall be presented directly
16 at Step 3 of the grievance procedure, within the time limits provided for the
17 submission of a grievance in Section 17.2 and signed by all the aggrieved
18 employee(s) or the Union representative on their behalf.

19
20 **STEP 4:**

21 If the grievance remains unresolved and the chain of command has been
22 exhausted it may be appealed to the Grievance Resolution Panel within six (6)
23 days after receipt of the supervisor's written answer. The Grievance
24 Resolution Panel shall consist of the Fire Chief or his/her designee, the City
25 Manager or his/her designee, and the Union President or his/her designee.
26 The Panel shall meet with the grievant within six (6) days after receipt of the
27 grievance in an attempt to resolve the grievance. The Fire Chief shall notify all
28 parties to the grievance at least 24 hours prior to the meeting of the date,
29 place and time of the meeting. The City Manager or his/her designee shall
30 submit the written answer to the grievance within six (6) days after the
31 meeting.

1 STEP 5:

2 If a grievance, as defined in this Article, has not been satisfactorily resolved
3 within the grievance procedure, the grievant or the Union may request
4 arbitration by serving written notice of intent to appeal to the office on the
5 Labor Relations Specialist no later than six (6) days after receipt of the Panel's
6 response in Step 4 of the grievance procedure. If the grievance is not
7 appealed to arbitration within six (6) days after the Panel's response at Step 4
8 the grievance shall be considered dropped.

9 17.2 No matter shall be entertained as a grievance unless it is raised as such within
10 fourteen (14) days after the occurrence of the event or after the employee
11 should have reasonably been aware of the event. A Union representative may
12 be present to represent the employee, if the employee desires his/her
13 presence, at any step of the grievance procedure.

14 17.3 A grievance shall be dropped upon failure of the grievant or the Union
15 representative to observe any of the above time limits; however, these limits
16 may be extended by mutual consent of the parties. If the employer fails to
17 respond to a grievance within the prescribed time limits, the employee or
18 Union may automatically move the grievance to the next step. In computing
19 time limits under this Article, Saturdays, Sundays and Holidays shall not be
20 counted.

21 17.4 Grievances may be processed during duty hours provided that the time spent
22 doing so shall be limited to a reasonable period of time and will not result in
23 the payment of any overtime. If, in the Fire Chief's sole judgment, this Section
24 is being abused, he may direct that further processing of grievances be
25 conducted on the grievant's and Union representative's non-duty time.

26 17.5 Within ten (10) calendar days from receipt of the request for arbitration, the
27 party requesting arbitration shall forward a request for a panel of seven (7)
28 arbitrators from the Federal Mediation and Conciliation Service (FMCS) to the
29 other party who shall forward the request to FMCS within 10 days of receiving
30 the form; unless the parties can mutually agree on an arbitrator to hear the

1 grievance. This panel shall consist of arbitrators residing in Florida unless the
2 parties agree otherwise.

3 17.6 Within ten (10) calendar days from receipt of such panel, the parties shall
4 meet and alternately strike names until one (1) arbitrator remains who shall be
5 selected as the arbitrator. The determination of who shall make the initial
6 strike shall be done by the toss of a coin. The arbitrator shall be notified of
7 his/her selection within six (6) days by a joint letter.

8 17.7 The arbitration shall be conducted under the rules of the Federal Mediation
9 and Conciliation Service. The arbitrator's authority is strictly limited to the
10 interpretation and application of the terms of this Agreement. The arbitrator
11 shall have no jurisdiction to establish a new Agreement or any variation or
12 modification of the present Agreement, nor to arbitrate away, in whole or in
13 part, any provision of this Agreement. The arbitrator shall only have
14 jurisdiction to determine whether or not the City or Union or employee violated
15 the identified contract provision, but he may consider, to the extent applicable,
16 the entire contract in reaching his decision.

17 17.8 With respect to the interpretation, enforcement or application of the provisions
18 of this Agreement, the decisions, findings and recommendations of the
19 arbitrator shall be final and binding on the parties to the Agreement; however,
20 the authority and responsibility of the City shall not be usurped in any manner
21 unless specifically amended or modified by the Agreement.

22 17.9 The arbitrator's decision will be rendered in writing within thirty (30) days
23 following conclusion of the hearings. The parties will each bear the cost of
24 preparing and conducting their own presentations, including pay for
25 witnesses attending the hearing at their request. The parties will share
26 equally the cost of the arbitration, including the arbitrator's fees and the cost
27 of any hearing room. If a transcript of the hearing is requested, then the
28 party so requesting shall pay for it.

2 under the current Florida Workers' Compensation Law associated with

4 medically determined to be the result of the employee's performing their
5 duties.

6 An employee making a claim under this section shall provide to the City a
7 medical authorization waiving the physician patient confidentiality relating to
8 the HIV/AIDS condition. If the employee refuses to supply the medical
9 authorization referred to above, then the provision of this section shall not
10 apply.

11 18.4 HIV/AIDS testing shall become part of the employee's annual physical or after
12 contact with a known HIV/AIDS carrier. The City shall be responsible for
13 maintaining strict confidentiality of these records in accordance with law.

20 the years of credited service for the purposes of calculation described in
21 this subsection (a).

22 (b) Disability retirement. The amount that the city will contribute towards the
23 required premium, for covered employees who became retirees based
24 upon an application for disability retirement submitted after the effective
25 date of this Section 26.5 will be:

26 (1) For approved "in-line-of-duty" disabilities under the consolidated
27 police officers and firefighters retirement plan, the city will contribute
28 towards an individual premium an amount equal to 80 percent of the
29 individual premium of the least costly (lowest premium) city group
30 health insurance plan option being offered at the time the disability
31 retirement is approved.

1 (2) For approved “in-line-of-duty” disabilities under the consolidated
2 police officers and firefighters retirement plan, the city will contribute
3 towards any other (than described in subsection 1 above) tier of
4 coverage an amount equal to 150 percent of the individual premium of
5 the least costly (lowest premium) city group health insurance plan
6 option being offered at the time the disability retirement is approved.

7 (3) For approved disabilities other than “in-line-of-duty”, the city will
8 contribute 50 percent of the amount described in subsections 1 and 2

10 The City’s amount of contribution toward the monthly premium,
11 calculated under (a) or (b) above, will be adjusted annually at a rate of
12 50% of the annual percentage change in the individual premium of the
13 least costly option offered the prior plan year. The adjustment will
14 occur at the beginning of the first Plan Year after the initial city
15 contribution has been determined. The amount of city contribution the
16 retiree would initially be eligible for, calculated as of the date of
17 retirement, will be adjusted annually, whether or not the retiree has
18 chosen to enter the retiree health insurance program immediately
19 upon retirement.

20 (c) City’s Contribution

21 (1) In no event shall the city’s contribution toward a premium as
22 described above, exceed the amount of the premium the city
23 contributes for active covered employees for the least costly (lowest
24 premium) city group health plan option being offered at that time, for
25 the applicable tier of coverage involved. In the event that the eligible
26 retiree has elected to participate in the city sponsored, if any,
27 Medicare supplement plan in lieu of participating in the city group
28 health plan(s), the city’s contribution shall not exceed the amount of
29 the premium for the Medicare supplement plan.

30 (2) Retiree and dependents participating in the city group health plan or
31 Medicare supplement plan will be required to authorize payment of

In such cases, the day on which the holiday is observed shall be considered to be the paid holiday and not the regular day.

B) IAFF Bargaining unit members permanently assigned to a 40-hour workweek (four 10-hour days per week) shall observe the holidays listed below:

New Year's Day	Observance Date
Martin Luther King, Jr.'s Birthday	Observance Date

Two (2) Additional Holiday	To be mutually agreed upon by the parties

(1) Employees assigned to a 40-hour workweek shall be granted 12 holidays (120 Personal Eligible Hours). These hours must be used on the designated holidays listed in 32.2B. The employee

1 shall receive 10 hours coded as Personal Eligible Hours (pay
 2 code 30) at his/her regular rate of pay, for these designated City
 3 holidays. In order to be paid for a holiday, an employee must be
 4 in pay status with the City for a full day on the assigned
 5 workdays immediately before and after the day on which the
 6 holiday is observed. (Example: When a holiday listed in 32.2B
 7 occurs on a scheduled workday, the employee will be off from
 8 work and will be paid ten (10) Personal Eligible Hours. If a
 9 holiday listed in 32.2B occurs on his/her scheduled day off, the
 10 holiday (ten [10] hours) may be taken at another mutually agreed
 11 upon date during the same fiscal year.)

12 (2) IAFF Bargaining unit members temporarily assigned to a 40-hour
 13 workweek shall observe the same holiday schedule as shown in
 14 32.2B.

15 If a temporarily assigned employee selected the holiday pay
 16 option while on a 24-hour shift schedule, that selection is
 17 suspended for the duration of the 40-hour workweek
 18 assignment. Upon returning to a 24-hour shift schedule, the
 19 holiday pay option resumes for any remaining holidays in the
 20 fiscal year. While on a 40-hour workweek schedule, holidays will
 21 be charged to Holiday Hours (pay code 06).

22 If a temporarily assigned employee selected the holiday time
 23 option while on a 24-hour shift schedule, the following applies: If
 24 employee is working a four 10-hour shift schedule, each holiday
 25 will be charged as ten (10) Personal Eligible Hours. If the

 31 holiday pay during the year or to receive one hundred-twenty (120)

1 hours holiday time. Those employees choosing time off shall be
 2 credited on October 1, with 120 hours added to the annual leave.

3 B) The Union shall furnish the City with a proper list, indicating those
 4 employees choosing pay or time off, before September 15th or holiday
 5 time will not be granted.

6 32.4 In any fiscal year during which an employee is serving his/her initial
 7 probationary period, or longer if the probationary period is extended, he/she
 8 shall not be eligible for holiday time.

9 32.5 Upon termination of employment, the employee shall be required to reimburse
 10 the City (have deducted from his final paycheck) a pro rata portion of used
 11 holiday time, if applicable, except as provided by law. (Ex., employee uses all
 12 120 hours by March 30 and resigns as of that date, a deduction of 60 hours
 13 will be made from his final paycheck, as long as the deduction does not
 14 reduce the final paycheck below minimum wage for time worked.)

15 32.6 Unauthorized failure to report for work on a holiday after having been
 16 scheduled to work on such holiday shall be just cause for denial of holiday
 17 pay.

18 32.7 Twenty-four hour shift employees shall observe holiday routine as outlined in
 19 Article 41.

20 **ARTICLE 33**

21 **VACATIONS**

22 33.1 Employees covered by this Agreement shall accrue leave based on their date
 23 of employment and shall be limited to the following schedule:

22			
23	20 years or more	10 shifts	240 hours
24	(240 mos. or more)		
25			

26 33.2 Due to the nature of the Fire Department's operations and the need to meet
 27 the operational requirements of the City, annual leave shall be scheduled by
 28 the Fire Chief or authorized designee. For employees who work a 24-hour
 29 shift, annual leave shall be granted in consideration of both annual leave and
 30 for those holidays defined in Article 32 of this Agreement.

31 (a) The taking of annual leave shall be governed by seniority per shift
 32 independently of the other shifts.

33 (b) Where possible, up to five (5) members of the bargaining unit on each
 34 24-hour shift may be on vacation at any given time; however, no more
 35 than three (3) Lieutenants from each shift at any one time. This
 36 number, five (5), may be reduced to four (4) members if the fifth (5th)
 37 slot creates overtime.

38

- 1 In the event that a fire unit or station is added beyond the number of fire
2 units or stations in existence in 2009, either party may reopen this
3 paragraph (33.2b) no more than sixty (60) days prior to the addition of
4 or official opening of the fire unit or station.
- 5 (c) Employees covered by this Agreement shall not be allowed to trade or
6 exchange approved annual leave time without written consent by the
7 Fire Chief or designee.
- 8 (d) Annual selection for vacation will be as per the procedures with the
9 following modifications: In seniority order by shift employees may
10 choose one of the following options:
- 11 1) Select up to six (6) non-consecutive 24-hour shifts; or
12 2) Select two groups of up to four (4) consecutive 24-hour shifts; or
13 3) Select up to twelve (12) consecutive shifts. This will complete
14 the employee's first choice.
- 15 (e) There will be three (3) rounds of selections per shift following the same
16 choice options. In no case will vacation "first pick" exceed what an
17 employee can accrue during the fiscal year.
- 18 (f) Unscheduled vacation leave is leave requested after 1800 hours of the
19 shift prior. It shall be provided in the following manner:
- 20 1) Employees must take off until 2000 hours if the leave is granted
21 prior to 2000 hours. Employees must take off until 0800 hours if
22 the leave starts at 2000 hours or later. Employees must take a
23 minimum of four (4) hours vacation leave at one time.
- 24 2) Leave requests will require a minimum of three (3) hours notice.
25 This requirement may be reduced by the employee's District
26 Chief.
- 27 3) Vacation leave time used for approved educational activities
28 (i.e., class attendance, instruction, etc.) may be taken for four (4)
29 hours or more regardless of departure or return time, once
30 during the given shift.

1 shall be converted to provide the same number of hours of vacation, as a
2 proportion of scheduled work hours. Additionally, the converted balance shall
3 be subject to the maximum hours listed above. In computing the new balance,
4 the employee's vacation leave hours shall be multiplied by 0.77 (ex. 200×0.77
5 = 154).

6 In the event an employee, who previously transferred from shift to days,
7 returns to shift before reaching the second leave progression date, no
8 conversion of the leave balance shall occur.

9 Effective upon ratification, an employee transferring from days to shift, whose
10 balance was previously converted or is already subject to the days carryover
11 maximum, shall have his/her vacation balance converted to provide the same
12 number of hours of vacation, as a proportion of scheduled work hours. In
13 computing the new balance, the employee's leave hours shall be multiplied by
14 1.3 (ex. $160 \times 1.3 = 208$).

15 33.4 Annual leave shall continue to accrue during periods of absence in which the
16 employee is in pay status.

17 33.5 Paid vacation leave may not be taken during the initial twelve (12) months of
18 employment or re-employment.

19 33.6 Should a holiday occur during an employee's annual leave, that day shall be
20 charged as a holiday. This section applies to 40-hour employees only.

21 33.7 Employees shall not be paid for annual leave earned in lieu of taking annual
22 leave. The only time employees may be paid for earned annual leave is upon
23 termination, or upon entry into a DROP.

24
25 All employees who elect to participate in the DROP will have the one-time
26 option, with the election to enter the DROP, of retaining all or a portion of their
27 vacation balance to be used during participation in the DROP, or receiving, at
28 that time, compensation for some or all of the balance.

29 33.8 Annual leave shall not be granted in advance of being earned. If an employee
30 has insufficient leave credit to cover a period of absence, a deduction for the
31 time involved (leave without pay) shall be made on the current payroll.

1 33.9 Employees who are transferred from one department to another shall have
2 their leave credits transferred with them.

3 33.10 Upon termination of employment the employee shall be entitled to
4 compensation for any earned but unused vacation (annual leave) to his/her
5 credit at the time of termination at the employee's normal base rate of pay at
6 the time of termination. The official termination date shall be the last day of
7 active employment and shall not be extended due to payment for unused
8 vacation (annual leave) time. This does not apply to employees having less
9 than twelve (12) months of service.

10 All employees who elect to participate in a regular DROP will have the one-
11 time option, with the election to enter the DROP, of retaining all or a portion
12 of their vacation balance to be used during participation in the DROP, or
13 receiving, at that time, compensation for some or all of the balance. In the
14 case of a reverse DROP, members may utilize the lesser of the vacation
15 balance in existence on the effective date of commencement of participation
16 or the balance in existence ninety (90) days after declaration of intention to
17 enter the reverse DROP.

18 **ARTICLE 34**

19 **SICK LEAVE**

20
21 34.1 Employees shall earn eight (8) hours per month for 40-hour employees and
22 twelve (12) hours per month for 24-hour shift employees.

23 34.2 Sick leave will be granted upon approval of the Fire Chief or his authorized
24 designee for the following reasons:

- 25 a) For absence due to personal illness, injury or temporary disability,
26 doctor's statement required for temporary disability indicating
27 approximate length of absence due to disability.
- 28 b) For personal medical and dental appointments.
- 29 c) For absence due to compensable injury arising out of the course of City
30 employment (employees shall, upon request, be allowed to remain on

1 full pay for the period which can be covered by sick leave balance when
2 pro-rated with the amount being paid by compensation).

3 d) Illness or injury of a member of the employee's immediate family
4 (defined as spouse, registered domestic partner, dependent children, or
5 parents) living in the same domicile provided the employee's presence
6 is needed. For the purpose of this article, dependent children are
7 defined as the employee's unmarried, natural, adopted, or step-
8 child(ren), or a child for whom the employee has been appointed legal
9 guardian or legal custodian, or the natural or adopted child(ren) of the
10 employee's current registered domestic partner, who are under the age
11 of 19; or if over the age of 19 meet the criteria for dependency as
12 defined in the City's health insurance policy; or who are handicapped
13 children as defined in said policy. (Any employee may use up to 50%
14 of accrued sick leave for illness under this proposal; however, this
15 limitation does not apply to less than twenty-four (24) days accrued sick
16 leave, which is to say, regardless of the 50% limitation a 40-hour
17 employee may use 12 days of accrued sick leave and a 24-hour shift
18 employee four (4) twenty-four hour shifts of accrued sick leave, which is
19 described in this paragraph.) In all incidents of such sickness by a
20 spouse or dependent children, a doctor's statement may be required.

21 34.3 a) All employees are required to notify District One as early as possible
22 and no later than 60 minutes prior to the starting of his/her normal work
23 day when he/she is unable to report for work because of illness or
24 injury, giving the reason for absence. In the event, District One is not
25 available then the employee shall notify District Two. Employees failing
26 to comply with this provision shall not be allowed to charge their
27 absence to sick leave unless waived by the Fire Chief. Twenty-four
28 hour shift employees will notify the District Chief at least 24 hours in
29 advance of their intent to return following an illness or any injury. Sick
30 leave will not be granted for any sickness, injury or disability arising
31 from an unlawful act on the part of the employee. Sick leave will be

1 charged only against an employee's regular workday and shall not be
2 charged for absences on overtime or premium time. From the fourth
3 incident of sickness onward, a doctor's statement verifying the sickness
4 may be required, unless after any of the three (3) prior incidences a
5 doctor's statement verifying the sickness is provided. In which case,
6 that incident will not count towards one of the three (3) incidences. In
7 all cases where the sickness involves more than two consecutive shifts,
8 a doctor's statement verifying the sickness may be required.

9 b) When verification of illness is required, the following shall apply: A
10 doctor's statement, in writing, is to be turned in to the employee's
11 immediate supervisor upon the employee's return to work if there are
12 no restrictions from the doctor. If restrictions apply, a doctor's
13 statement, in writing, is to be turned in to the City Nurse before the
14 employee returns to work, which statement shall detail any restrictions
15 on the employee's ability to perform all the duties normally assigned to
16 the employee's classification. Failure to provide such a statement or
17 refusal by the doctor to allow the City to verify the statement if such is
18 requested shall preclude the use of sick leave, and the employee shall
19 be in a leave without pay status until acceptable documentation is
20 provided. Expenses of a doctor resulting from the verification of illness
21 shall be the responsibility of the employee except if he is required to
22 obtain such from a doctor selected by the City.

23 c) If the Lieutenant or District Chief determines from personal observation
24 that an employee reporting to duty is too sick to work, he may be sent
25 home on sick leave.

26 34.4 Sick leave shall be monitored administratively. If sick leave is used in
27 conjunction with any other leave (i.e. Trade Time, Vacation, or Kelly Day) or on
28 holidays, verification of illness from a doctor may be required after the second
29 occurrence. The employee shall be noticed on the second occurrence and a
30 determination made as to whether verification of illness will be required for
31 future occurrences.

- 1 34.5 Sick leave shall not be granted in advance of being earned. If an employee
2 has insufficient sick leave credit to cover a period of absence, vacation leave
3 may be used or a deduction for the time involved shall be made on the current
4 payroll. However, such usage must be approved in advance of the
5 employee's absence.
- 6 34.6 Should a holiday occur during an employee's absence due to sickness, the
7 sick day shall be charged as a holiday.
- 8 34.7 Sick leave shall continue to accrue during periods of absence in which the
9 employee is in pay status.
- 10 34.8 Employees who are transferred within the City shall have their sick leave
11 credits transferred with them. The accrual, use and reimbursement provisions
12 of this Agreement shall no longer be applicable after such transfer.
- 13 34.9 Employees taking sick leave shall be compensated at their regular straight
14 time hourly rate of pay.
- 15 34.10 a) Employees separated from the Fire Department by death, retirement,
16 resignation, or lay-off, and those who participate in the Consolidated
17 Pension DROP, shall, upon request, be compensated in cash, at the
18 weighted average of their base hourly rates during the preceding five
19 years, for one-half of sick leave accumulated and unused which
20 appears on their records. At the time of their separation, or election at
21 the time of entry in and/or at least forty five (45) days prior to exit from
22 the Consolidated Plan DROP, as the case may be, such payment shall
23 not exceed the equivalent of a total of one thousand three hundred
24 (1,300) hours for 24-hour employees, and nine hundred and sixty (960)
25 hours for 40-hour employees (2600 x .50; 1920 x .50). Such payment
26 shall only be made if the employee has, at the time of his/her
27 separation, or entry in the Consolidated Plan DROP, used less than fifty
28 percent (50%) of the sick leave he/she had accrued during his/her
29 tenure with the Department; or for employees electing to be
30 compensated during participation in (but at least 45 days prior to exit
31 from) the Consolidated Plan DROP, such payment shall only be made if

1 the employee has, during his/her tenure with the Department prior to
2 entry AND during his/her time in the Consolidated Plan DROP, used
3 less than fifty percent (50%) of the sick leave they accrued.

4 The City acknowledges that unanticipated absences are costly and
5 may be detrimental to service quality. It is therefore agreed that, upon
6 ratification, employees having a minimum balance of two hundred
7 forty (240) sick leave hours, having used no more than forty-eight (48)
8 hours of sick leave during the previous fiscal year, and who are at
9 least 45 days from exiting the DROP, may elect to sell up to forty (40)
10 hours of sick leave per year. This election may only be made during
11 the month of October of each year, and payment shall be made at the
12 employee's base hourly rate at the time of payment. Additionally,
13 each hour sold on any election made under this paragraph shall
14 reduce, by one hour, the total number of hours the employee would
15 have been able to sell upon separation, entry into the DROP, or
16 during participation in (but at least 45 days prior to exit from) the DROP
17 (ex. $1,300 - 40 = 1,260$).

18 b) Except as provided below, employees receiving payment for sick leave,
19 as described in section 34.10(a), may apply sick leave hours not
20 redeemed for cash payout to pension service credit. Sick leave hours
21 redeemed for cash payout are considered "used" and may not be
22 converted to service credit. Effective January 1, 2014, any sick leave
23 accrued and unused after such date shall not be converted to additional
24 service credit for determining pension benefits.

25 c) Upon entering into the DROP, employees may elect to apply unused
26 sick leave hours accrued as of December 31, 2013 to pension service
27 credit and/or to retain some or all of their unused sick leave for use
28 during their employment while participating in the DROP. Sick leave
29 hours redeemed for cash payout of sick leave balances upon retirement
30 are considered already "used" and may not be converted to credited
31 service, or used as sick leave during participation in the DROP. In the

1 case of a reverse DROP, members may utilize the lesser of the sick
 2 leave balance in existence on the effective date of commencement of
 3 participation or the balance in existence ninety (90) days after
 4 declaration of intention to enter the reverse DROP, subject to the
 5 limits described in (b) above. Any unused sick leave remaining at the
 6 expiration of the DROP participation or period will be forfeited.

- 7 d) The union agrees that once a retirement request is filed with the City, it
 8 becomes irrevocable thirty (30) days prior to the specified date targeted
 9 for retirement.

10 **ARTICLE 36**

11 **TRADE TIME**

12 36.1 Upon prior approval of the Fire Chief or his/her designee, an employee may
 13 agree with another employee, who is of equal classification (i.e., firefighter for
 14 firefighter, driver-operator for driver-operator) to work in place of said other
 15 employee during that employee's scheduled work assignment, subject to the
 16 following restrictions:

17 a) No employee shall be permitted to have another employee substitute
 18 for him/her except for periods of short duration and in no case in excess
 19 of three (3) consecutive 24-hour shifts.

20 b)(i) No employee shall be permitted to have other employees substitute for
 21 him/her in excess of a total of ten (10) times each fiscal year. Provided

11 which prevent the exchange of the time form from being signed by the
12 appropriate parties in advance, will be given due consideration by the
13 employee's immediate District Chief. If his/her District Chief is not
14 available, then the other District Chief.

15 f) When the exchange of time form is signed in advance, the substitute
16 employee is responsible for reporting to duty.

17 g) When the exchange of time form is not signed in advance, the

20 h) An employee substituting for another employee will not be eligible for

22 unless waived by the District Chief on duty.

23 i) An employee substituting for another employee will be eligible for sick
24 leave during the period of any portion thereof, of the substitution.
25 Verification of illness may be requested by the Fire Chief.

26 36.2 No grievance may be filed by an employee or the Union alleging that the City
27 has any contractual liability for wages resulting directly or indirectly from the
28 application of this Article other than to compensate the employee originally
29 scheduled to work for those hours in an amount equal to what he would have
30 earned had he worked.

31

ARTICLE 37**JURY DUTY AND COURT APPEARANCES**

2
3 37.1 Any employee covered by this Agreement who is required to perform jury
4 service during his/her normal working hours in a City, County or Federal Court
5 shall be paid his/her regular straight time hourly rate for the period of such
6 service. Employees receiving a summons for jury duty must notify their
7 immediate officer promptly or as soon as possible after receiving such notice.

ARTICLE 38
LEAVE OF ABSENCE

- 1
2
- 3 38.1 General Information
- 4 Leaves of absence may be paid or unpaid, depending upon the circumstances of
- 5 the leave and whether the employee has accrued applicable paid leave available.
- 6 Three categories of leaves of absences are described herein.
- 7 A. Leave of absences will be granted for Family and Medical Leave (FMLA) -
- 8 see Section 38.7.
- 9 B. Leaves of absences may be granted under conditions similar to FMLA for
- 10 employees to care for Registered Domestic Partners – see Section 38.11.
- 11 C. Leave of absences may be granted for Personal Leave - see Section 38.12.
- 12 38.2 Leave Request Procedure:
- 13 Employees are expected to be familiar with and are required to follow the
- 14 leave procedures as outlined in the Leave Request Procedures Section.
- 15 Leave requests for less than one full pay period should be handled with a
- 16 Personnel Leave Request Form attached to the time sheet. Employees may
- 17 be required to daily or otherwise report on his/her status and intention to
- 18 return to work and may be subject to loss of benefits and/or discipline for
- 19 failure to do so.
- 20 38.3 Continuity of Service:
- 21 Any leave without pay for one full pay period or more which is approved in
- 22 accordance with these procedures shall not constitute a break in service, but
- 23 will constitute an adjusted service date. If leave is ninety (90) days or longer,
- 24 the pension service date will be affected.
- 25 38.4 Expiration of Leave and Reinstatement:
- 26 Reinstatement is dependent upon the type of unpaid leave. Refer to the
- 27 appropriate section for more information.
- 28 38.5 Extension of Leave
- 29 If an extension of the leave is required, a request for the extension must be
- 30 submitted on the Leave Request Form at least five (5) days in advance of the
- 31 leave expiration or as soon as practical. Consideration of an extension will be

1 based on the same criteria as the original request. Failure to return to work at
2 the expiration of the leave may result in termination.

3 38.6 Parental Leave:

4 In instances of parental leave, for the care and custody of the employee's
5 natural or adoptive newborn infant, sick leave up to 50% of that available in the
6 pay period prior to the date of birth, or 104 hours (whichever is greater) may be
7 taken during the first six weeks following the infant's birth.

8 Employees receiving parental leave may be required to submit evidence of
9 date of birth, custody, and location of the infant for whom parental leave is
10 sought.

11 38.7 Family and Medical Leave:

12 A. Eligible employees may take a maximum of twelve (12) weeks of family
13 and medical leave in their FMLA leave year. This leave may be paid if
14 applicable leave is available or the leave may be unpaid. The FMLA
15 leave year is defined as the twelve – (12-) month period measured from
16 January 1 each year.

17
18

1 FMLA will be granted for:

- 2 1. The birth of a child and care for a child within twelve – (12-) months
3 following a birth*;
- 4 2. The placement of a child with the employee. Leave must be taken
5 within twelve- (12-) months following placement.
- 6 3. To care for the spouse, child, or parent of the employee who has a
7 "serious health condition".
- 8 4. If the employee is unable to perform his or her own job because of the
9 employee's own serious health condition.
- 10 5. Because of "any qualifying exigency" arising out of the fact that the
11 spouse, son, daughter, or parent of the employee is on active duty, or
12 has been notified of an impending call to active duty status, in support
13 of a contingency operation, as a member of the reserves or a former
14 retired reserve or regular armed member.

15 B. An eligible employee who is the spouse, son, daughter, parent or next of kin of
16 a covered servicemember, as defined by the FMLA, who is recovering from a
17 serious illness or injury sustained in the line of duty on active is entitled to up to
18 26 weeks of leave in a single 12-month period to care for the servicemember.
19 This military caregiver leave is available during "a single 12-month period"
20 during which an employee is entitled to a combined total of 26 weeks of all
21 types of FMLA leave.

22 The aggregate number of workweeks of leave to which both husband and wife
23 may be entitled under this subsection may be limited to 26 workweeks during
24 the single twelve- (12-) month period described in this subsection B if the leave
25 is:

- 26 (i) leave under subsection B; or
 - 27 (ii) a combination of leave under subsection A and leave described
28 in B
- 29

1 C. Eligibility Requirements

2 Employees are generally eligible if they have worked for the City for at least
3 one year and for 1,250 hours over the twelve (12) months previous to the
4 leave.

5 D. Definitions of Serious Health Condition

6 A serious health condition is an illness, injury, impairment, or physical or
7 mental condition that involves either an overnight stay in a medical care
8 facility, or continuing treatment by a health care provider for a condition that
9 either prevents the employee from performing the functions of the employee's
10 job, or prevents the qualified family member from participating in school or
11 other daily activities. Slightly different requirements apply in the case of
12 covered servicemembers.

13 Subject to certain conditions, the continuing treatment requirement may be
14 met by a period of incapacity of more than three (3) consecutive calendar days
15 combined with at least two (2) visits to a health care provider or one visit and a
16 regiment of continuing treatment, or incapacity due to pregnancy, or incapacity
17 due to a chronic condition. For further information contact Employee Health
18 Services or the Human Resources Department.

19 E. Use of Leave

20 An employee does not need to use this leave entitlement in one block. Leave
21 can be taken intermittently or on a reduced leave schedule when certified as
22 medically necessary. Employees must make a reasonable effort to schedule
23 leave for planned medical treatment so as not to unduly disrupt operations.
24 Leave due to qualifying exigencies may also be taken on an intermittent basis.

25 F. Substitution of Paid Leave for Unpaid Leave

26 The City generally requires use of accrued paid leave while taking FMLA leave
27 (see 38.9). In order to use paid leave for FMLA leave, employees must
28 comply with the City's normal paid policies.

29 G. Employee Responsibilities

30 Employees must provide thirty (30) days advance notice of the need to take
31 FMLA leave when the need is foreseeable. When thirty (30) days notice is not

1 possible, the employee must provide notice as soon as practicable and comply
2 with call-in procedures applicable to employee.

3 Employees must provide sufficient information for the City to determine if the
4 leave may qualify for FMLA protection and the anticipated timing and duration
5 of the leave. Sufficient information may include that the employee is unable to
6 perform job functions, the family member is unable to perform daily activities,
7 the need for hospitalization or continuing treatment by a health care provider
8 and information on symptoms, diagnosis, hospitalization, doctor results,
9 whether medication has been prescribed, any referrals for treatment (physical
10 therapy, for example) any other regimen of continuing treatment, or
11 circumstances supporting the need for military family leave. Employees also
12 must inform the City if the requested leave is for a reason for which FMLA
13 leave was previously taken or certified. Employees also may be required to
14 provide a certification and periodic recertification supporting the need for
15 leave. Documentation must be provided in a timely manner, utilizing the forms
16 provided by the City, or FMLA leave may be denied, use of paid leave may be
17 denied, employees will lose job benefits and protections, and may be subject
18 to disciplinary action.

19 38.8 Conditions:

- 20 A. Leave without pay for one (1) full pay period or more will not be considered
21 time worked for purposes of accruing seniority, longevity, vacation, sick or
22 other employee benefits.
- 23 B. Employees may take Family and Medical Leave in twelve (12) consecutive
24 weeks, may use the leave intermittently, or under certain circumstances may
25 use the leave to reduce the workweek or workday, resulting in a reduced hour
26 schedule. Except for care for a covered service-member, the FMLA-covered
27 leave may not exceed a total of twelve (12) weeks in the twelve- (12-) month
28 period measured forward from January 1. However, for the birth, placement,
29 adoption of a child, or well newborn care the City and the employee must
30 mutually agree to the schedule before the employee may take leave
31 intermittently or work a reduced hour schedule.

- 1 C. The City may temporarily transfer an employee to an available alternative
2 position with equivalent pay and benefits if the employee is qualified for the
3 position and if the alternative position would better accommodate the
4 intermittent or reduced schedule.
- 5 D. If an employee out on regular paid leave seeks to extend that leave under the
6 provisions of the Family and Medical Leave Act, the City may classify and
7 apply leave already taken towards the employee's twelve- (12-) week total
8 upon appropriate information from the employee.
- 9 E. The employee's position may be filled by a temporary appointment or
10 assignment of another employee. At the expiration of the leave, the employee
11 shall be reinstated in the position vacated, if it exists and reinstatement is
12 otherwise warranted.
- 13 F. Except as provided herein, the employee, upon returning to work from a
14 medical leave, must report to Employee Health Services. The employee may
15 be required to submit a written approval from his/her health care provider
16 stating the employee is approved to return to work. The employee may be
17 required to complete a fitness for duty examination related to the serious
18 health condition for which the employee was absent on FMLA leave.
- 19 G. While the employee is on medical leave, the City will continue the employee's
20 health benefits during the leave period at the same level of benefits and under
21 the same conditions as if the employee had continued to work. An employee
22 on paid medical leave continues to pay the contribution rate via payroll
23 deduction as when an active employee. An employee on unpaid leave
24 continues to pay the contribution as when an active employee. In this case, the
25 employee must continue to make this payment either in person or by mail to
26 the City's Risk Management Department. Payment must be received by the
27 last day of the month prior to each month of coverage. If the payment is more
28 than thirty (30) days late, the employee's health care coverage may be
29 dropped. The City will notify the employee in writing at least fifteen (15) days
30 before the date that health coverage retroactively is cancelled, or at the City's
31 option, it may pay the employee's share of the premiums during unpaid

1 medical leave and recover those payments from employee upon employee's
2 return to work.

- 3 H. If the employee chooses not to return to work for reasons other than a
4 continuation, recurrence, or onset of a FMLA qualifying serious health
5 condition or for other circumstances beyond the control of the employee, the
6 City will require the employee to reimburse the City the amount it paid for the
7 employee's health insurance premium during the leave period through
8 deducting from any sums due employee arising out of the employment
9 relationship, or by initiating legal action against the employee to recover such
10 costs.

11 38.9 How available paid leave is applied to an FMLA qualifying event

12 A. Designated Leave System

13 For employees in the sick leave/vacation leave system, employees are
14 required to use sick leave, and in the absence of sick leave, vacation
15 leave for absences due to their own or family member's serious health
16 condition. In the case of absences due to a compensable accident,
17 after wage loss payments start, employees may choose whether or not
18 to supplement the wage loss payments with sick leave, then vacation.
19 Employees may utilize sick leave or vacation in lieu of sick leave for
20 adoption and birth of newborn within six (6) weeks after adoptions or
21 birth, for up to 96 hours of such paid leave. Upon exhaustion of sick
22 leave prior to utilizing 96 hours, the employee will be required to use
23 vacation in lieu of sick for up to the remainder of that period, after which
24 time unpaid leave, or vacation in accordance with departmental notice
25 procedures could be taken for the remainder of the FMLA entitlement
26 period. Alternatively, the employee may take only unpaid leave for all
27 absences due to adoption or birth of newborn, or take vacation leave in
28 accordance with departmental notice procedures.

- 29 B. The maximum hours of paid leave under this Article 38.9 and Article
30 38.11 shall be 480 and any approved absence beyond 480 in the leave

1 year, or servicemember leave period shall be without pay, except as
2 provided in 38.9C.

- 3 C. Employees working a 52-hour workweek shall be eligible to use the
4 appropriate available leave time above the 480 hours for the remainder
5 of the FMLA entitlement period.

6 38.10 FMLA, Partner Leave definitions

- 7 A. Child: includes a biological, adopted or foster child, stepchild, a legal ward,
8 or a child for whom the employee stands in loco parentis (i.e., in the place of
9 a parent) who is under eighteen (18) years of age; or eighteen (18) years of
10 age or older and incapable of self care because of a mental or physical
11 disability. (FMLA)
- 12 B. Parent: means the biological parent of an employee or an individual who stood
13 in loco parentis to an employee when the employee was a son or daughter.
14 (FMLA)
- 15 C. Serious Health Condition: A serious health condition is an illness, injury,
16 impairment, or physical or mental condition that involves: (FMLA and Partner)
17 1. inpatient care at a hospital, hospice, or residential medical care facility, or
18 2. continuing treatment by a health care provider.
- 19 D. Leave Year: The twelve- (12-) month period measured forward from January 1
20 each year, except in the care of covered servicemember caregiver leave (see
21 38.7B).

22 38.11 Registered Domestic Partner medical leave (Partner)

- 23 A. Eligible employees may take a maximum of twelve (12) weeks of Partner
24 medical leave in the FMLA leave year. Eligible employees may also take
25 covered servicemember caregiver leave, if the covered servicemember is the
26 eligible employee's Registered Domestic Partner, for a maximum 26 weeks
27 as described in 38.7B. In all cases, Partner leave and FMLA leave
28 combined may not exceed a total of twelve (12) weeks in the FMLA (for care
29 for Partners who are covered servicemembers leave year, twenty-six (26)
30 weeks in the covered servicemember leave period), as the case may be,
31 unless otherwise required by law. This leave may be paid if applicable

1 leave is available or the leave may be unpaid. The FMLA Leave Year is
2 defined as the twelve- (12-) month period measured forward from January 1
3 each year.

- 4 B. Partner leave will be granted for, and under the same conditions as FMLA
5 leave to care for a spouse, or covered servicemember.

6 38.12 PERSONAL LEAVE

- 7 A. An employee may be granted a Personal Leave for a period of time not to
8 exceed a total of one (1) year, for the following reasons:

- 9 1. Health or family related problems not defined within Family and Medical
10 Leave Policy, or beyond the time limits of the FMLA or beyond the
11 scope of leave available to care for Registered Domestic Partners.
12 2. Education
13 3. Military leave not covered under Military Leave Policy
14 4. Extenuating personal reasons

- 15 B. Conditions:

- 16 1. Employees must apply for Personal Leave in writing at least ten (10)
17 working days prior to the beginning of the leave. Personal Leave may
18 be granted and if granted may be paid, unpaid, or a combination of
19 paid and unpaid leave. Prior to being placed on unpaid Personal
20 Leave under this section, employees must first exhaust all accrued
21 vacation and personal leave.
22 2. Unpaid leave for one (1) full pay period or more will not be considered
23 time worked for purposes of accruing seniority, longevity, vacation, or
24 sick.
25 3. During an employee's approved Personal Leave, his/her position may
26 be filled by a temporary appointment, or permanent assignment of
27 another employee. At the expiration of the leave, the employee shall
28 be reinstated to the position vacated if it has not been filled
29 permanently during the leave. If the position has been filled, then the
30 employee will be reinstated to another position which is vacant and for
31 which the employee is qualified. The replacement position shall not

1 be at a higher wage rate than the position from which the leave was
2 granted. Refusal of a vacant position offered by the City shall result in
3 the termination of the employee.

4 4. The employee shall not accept part- or full-time employment elsewhere
5 while on leave of absence unless such employment was previously
6 approved and is not conducted during normal working hours.

7 5. To return to work the employee must report to Employee Health
8 Services; and, the employee may be required to submit a written
9 approval from their health care provider releasing them for work. The
10 employee may be required to complete a health examination.

11 6. An employee on unpaid personal leave must contact the City of
12 Gainesville's Risk Management Department to obtain a COBRA
13 Notification Form. The COBRA Notification Form outlines the terms
14 and conditions of the Consolidated Omnibus Budget Reconciliation Act,
15 COBRA rates, when payments are due, and where payments are
16 mailed to. Payment must be received by the last day of the month prior
17 to each month of coverage. If the payment is more than thirty (30) days
18 late, the employee's health care coverage may be dropped for the
19 duration of the leave. The City will notify the employee in writing at
20 least 15 days before the date that health coverage retroactively is
21 cancelled, or at the City's option, it may pay the employee's share of
22 the premiums during the unpaid medical leave and recover those
23 payments from employee upon employee's return to work. If the
24 employee chooses not to return to work, the City will require the
25 employee to reimburse the City the amount it paid for the employee's
26 health insurance premium during the leave period through deducting
27 from any sums due employee arising out of the employment
28 relationship, or by initiating legal action against the employee to
29 recover such costs.

- 2
- 3 39.1 The City Manager will grant a leave of absence to any regular employee called
4 to active military service or state active duty in accordance with applicable law.
- 5 39.2 Reserve or Guard Annual Training:
6 The City shall grant a military leave of absence with pay to any employee called
7 to temporary active or inactive duty for annual training purposes with the
8 National Guard or a reserve unit of the United States, or for attending evening
9 or weekend military annual training which conflicts with his/her work schedule.
10 Time off shall be granted for the purpose of attending the annual military
11 training for a period not to exceed two hundred forty (240) hours in any one
12 calendar year.
13 The military leave of absence under this paragraph in no way affects his/her
14 annual vacation leave.
- 15 39.3 Reserve or Guard Active Military Service (not annual training).
16 The City shall grant a military leave of absence to any employee called to
17 active military service (not annual training) or State active duty with the
18 National Guard, or a military reserve unit of the United States. For the
19 purpose of active military service (not annual training) or State active duty, the
20 first thirty (30) calendar days of any such leave of absence shall be with full
21 pay from the City.
- 22 39.4 Requests for Military Leave:
23 The employee shall be required to submit a copy of orders or statements from
24 the appropriate military commander as evidence of such duty to the Fire Chief.
25 The orders or statement must be attached to a Personnel Action Record
26 requesting military leave. The request must be sent to the Human Resources
27 Department well in advance of the scheduled date of departure for proper
28 approval for military leave of absence.
- 29 39.5 An employee attending evening or weekend military training which conflicts
30 with his work schedule shall be granted time off without pay for the purpose of

1 attending the military training or may use trade times without their counting
2 against the allowable total.

3 39.6 Military Leave Without Pay

4 In the event military leave is required in excess of the time allowed for in
5 paragraphs 39.2 and 39.3, the employee may be granted additional leave
6 without pay or he/she may elect to use earned vacation leave, which shall not
7 constitute a break in continuous service. Vacation leave will not be required
8 prior to allowing leave without pay.

9 39.7 In all cases the employee shall be granted benefits as afforded by law.

10
11 **ARTICLE 40**

12 **WAGES**

13 40.1 A. Upon ratification of this Agreement, employees covered by this Agreement,
14 except those participating in the Deferred Retirement Option Program (DROP)
15 who have elected to receive longevity payments, shall have their individual
16 base rate of pay increased by four percent (4%), effective the beginning of the
17 first full pay period in October 2012, provided such increase shall not exceed
18 the maximum pay rate for their classification, as reflected in Exhibit I. In the
19 event an employee, who is entitled to a raise under this section, is, prior to the
20 increase, paid a base rate that is less than four percent (4%) from the
21 maximum pay rate for the classification, that employee shall have his/her base
22 rate increased to the maximum of the range, effective the first full pay period in
23 October 2012, and shall additionally receive a one-time, lump sum payment
24 for any portion of the four percent (4%) that is in excess of the maximum. In
25 no event shall the lump sum payment exceed four percent (4%) of the range
26 maximum. Lump sums paid under this section (40.1.A.) shall be pensionable.

27
28
29 B. Effective the first full pay period in October 2013, the pay range maximums
30 shall be adjusted one and one-half percent (1½%), as reflected in Exhibit II.
31 Effective the first full pay period in October 2013, employees covered by this

1 Agreement, except those participating in the DROP who have elected to
2 receive longevity payments, shall have their individual base rate of pay
3 increased one and one-half percent (1½%), provided such increase shall not
4 exceed the maximum pay rate for their classification. Employees entitled to a
5 raise under this section who are, prior to the increase, paid a base rate that is
6 less than one and one-half percent (1½%) from the maximum pay rate for the
7 classification, shall have their base rate increased to the maximum of the
8 range, effective the first full pay period in October 2013, and shall additionally
9 receive a one-time, lump sum payment for any portion of the one and one-half
10 percent (1½%) that is in excess of the maximum. In no event shall the lump
11 sum payment exceed one and one-half percent (1½%) of the range maximum.
12

- 13 C. An employee entering the Deferred Retirement Option Program (DROP) may
14 elect to forego receipt of any future general salary increases effective after
15 entry into the DROP, for as long as the employee is participating in the DROP,
16 as provided in Article VII, Division 3, of the Code of Ordinances:
17

18 A Consolidated Pension Plan member who has elected to receive Longevity
19 payments rather than general increases (COLA) must, in order to enter and
20 continue to participate in the Deferred Retirement Option Program (DROP),
21 forego receipt of all general salary increases (COLA) effective after the
22 member's entry into the DROP. This member must, in order to enter and
23 continue to participate in the DROP, forego receipt of all merit increases
24 after the member's entry into the DROP to the extent such increase would
25 result in the member's base salary exceeding the top of the salary range of
26 the regular classification the member was in, as it existed when the member
27 entered the DROP. Such participants in the DROP remain eligible to receive
28 a promotional increase, but subsequent merit increases would be limited as
29 described above.
30

1 D. Either party may reopen this paragraph (40.1) during the month of April
 2 2014. There shall be no pay increases after September 30, 2015 unless and
 3 until there is a new Agreement in effect providing for such increases.
 4

5 40.2 Merit or Performance – Based Increases

6 A. Effective October 1, 2012 through September 30, 2014, there shall be
 7 no Merit Increases.

8 Firefighters – 0% of range maximum

9 Driver/Operators – 0% of range maximum

10 Fire Lieutenant – 0% of range maximum

11 Fire Inspector – 0% of range maximum

12 Fire Investigative Services Officer – 0% of range maximum

13 Fire Training Captain – 0% of range maximum

14 These merit increases within an established pay grade (see Exhibit I)
 15 shall be limited only by the range maximum based on satisfactory
 16 performance.

17 Either party may reopen this paragraph (40.2A) for negotiations at any
 18 time during the month of April of each contract year. There shall be no
 19 Merit Increases after September 30, 2014 unless and until there is a
 20 new Agreement in effect providing for such increases.

21 B. For regular (non-probationary) employees, the review period is a one-
 22 year period from October 1 through September 30. Employees will
 23 continue to be reviewed, but there will be no Merit Increases associated
 24 with these reviews, unless and until there is a new Agreement in effect
 25 providing for such increases.

26 C. Employees may be eligible for Special Merit Awards as authorized under City
 27 Human Resources Policy – Performance-Based Merit Awards.

28 40.3 Twenty-four hour shift personnel who have been assigned to Fire Prevention
 29 shall receive compensation at the appropriate rate of pay.

30 40.4 Employees covered by this Agreement who work in a higher classification shall
 31 be paid ten percent (10%) above their current rate for each such full hour.

- 1
2 Under no circumstances shall the total amount of out-of-class pay that is paid
3 exceed that attributable to the number of hours worked.
- 4 40.5 A. Employees holding a current and valid State Paramedic Certification and
5 holding current clearance from the System Medical Director shall receive
6 supplemental paramedic pay at a rate of ten percent (10%) of their current
7 base wages provided there shall be no decrease in paramedic pay for any
8 cleared individual.
- 9 B. Any paramedic who is not cleared shall not receive this monthly supplement,
10 provided that he or she has had the opportunity to obtain cleared status on
11 City time and at City expense.
- 12 40.6 Employees who are required to be paramedics, in accordance with 10.3 of
13 Article 10, shall upon request be permitted to seek relief from said requirement
14 from the Department Medical Director.
- 15 40.7 If the City Commission determines that fire inspections are to be performed on
16 a department-wide basis by fire companies, fifty dollars (\$50.00) per month
17 shall be re-instated for the duration of the current labor agreement. Company
18 fire inspections will be conducted from 8:00 a.m. to 5:00 p.m., Monday through
19 Friday, and Saturdays until 11:30 a.m.
- 20 40.8 Lieutenants while assigned to Training shall be paid five percent (5%) above
21 their current rate.
- 22 40.9 All persons in the Fire Department in the classification of Fire Inspector holding
23 a current and valid Police Officer certification shall be paid an incentive of five
24 percent (5%) of his/her base wages while so employed.
- 25 40.10 Certified HazMat Technicians assigned to the HazMat team (currently
26 assigned as Engine 2 and Tower 2) shall be paid an incentive of two and one-
27 half percent (2½%) of their base wages for hours worked in this assignment.
- 28 40.11 A. The Fire Chief shall determine and authorize the number of HazMat
29 Technicians and Technical Rescue Specialist positions, if any.
- 30 B. Certified HazMat Technicians and Technical Rescue Specialists shall receive
31 supplemental pay of one and one-half percent (1.5%) of their base wages bi-

1 weekly provided there shall be no decrease (not less than thirty dollars bi-
 2 weekly) in supplemental pay for any certified individual.

3 40.12 All employees shall be required to have and maintain a direct deposit
 4 account for the purpose of receiving their employment compensation.
 5

6 **ARTICLE 41**

7 **HOURS OF WORK AND OVERTIME PAYMENT**

8 41.1 The provisions of this Article are intended to provide a basis for determining
 9 the number of hours of work for which an employee shall be entitled to be paid
 10 at overtime rates and except as provided in this Agreement shall not be
 11 construed as a guarantee to such employee of any specified number of hours
 12 of work either per day or per week or as limiting the right of the City to fix the
 13 number of hours of work (including overtime) either per day or per week for
 14 such employee. The City will establish the basic workweek and hours of work
 15 best suited to meet the needs of the Department and to provide superior
 16 service to the community.

17 41.2 The normal workweek for employees in various groups as established by the
 18 City shall be:

19 A) An average of 52 hours of work a week (Monday through Sunday)
 20 consisting of periods of 24 hours on duty, including meals and rest
 21 periods, and 48 hours off duty. Every fourteenth (14th) shift will be
 22 scheduled time off which results in an average of 104 hours per pay
 23 period. See Attachment III – Kelly Day Selection

24 B) For all other employees a total of 40 hours of work a week (Monday
 25 through Sunday) consisting of four (4) consecutive workdays of ten (10)
 26 hours each day. Forty (40) hour employees will work four (4)
 27 consecutive workdays of ten (10) hours each day for the duration of this
 28 Agreement.

29 1) Split shifts may be worked upon mutual agreement of
 30 management and the employee or at the unilateral choosing of

- 1 management for no more than four (4) times per year for each
2 employee.
- 3 2) Starting times may be changed upon five (5) days notice.
- 4 3) The normal workday shall consist of ten (10) consecutive hours,
5 including a lunch period.
- 6 4) If the employee is given seven (7) days notice, his or her
7 workday may be shortened after a prior day during which the
8 employee worked more than ten (10) hours.
- 9 41.3 The City agrees to pay employees covered by this Agreement time and one-
10 half (1½) their regular straight time hourly rate of pay for all hours worked in
11 excess of the scheduled normal workweek.
- 12 41.4 For purposes of overtime computation, vacation and holidays for all
13 employees shall be considered as time worked. Sick leave shall not be
14 considered as time worked for purposes of overtime computation. Holiday pay
15 for 24-hour shift employees shall not be considered as time worked.
- 16 41.5 There shall be no duplication or pyramiding in the computation of overtime and
17 nothing in this Agreement shall be construed to require the payment of
18 overtime more than once for the same hours worked.
- 19 41.6 All employees covered by the terms of this Agreement who are called back to
20 work from off duty with less than sixteen (16) hours notice shall be paid for at
21 least three (3) hours minimum at their overtime hourly rate of pay if a lesser
22 period of time is worked. Employees called back to work from off duty with
23 sixteen (16) hours or more notice shall be paid for at least two hours minimum
24 at their overtime hourly rate of pay if a lesser period of time is worked.
- 25 41.7 All overtime work shall be authorized by the Fire Chief or designee, if such
26 authority has been specifically delegated to him/her.
- 27 41.8 Agreed upon Local 2157 Overtime Guidelines will be used to ensure that
28 opportunity to work overtime will be distributed as equally as practicable
29 among employees in the same job classification, rank-by-rank basis, provided
30 the employees are qualified to perform the specific overtime work required and
31 are readily available for such work. Overtime opportunities will be

1 accumulated on adequate records (which will be available to the Union and
 2 employees) and offered overtime not worked will not be considered as worked
 3 in maintaining these records. If an employee establishes that he/she has not
 4 received his/her fair share of overtime opportunities, such employee shall have
 5 first preference to future overtime work until a reasonable balance is recreated.
 6 It is understood that nothing in this clause shall require payment for overtime
 7 hours not worked. Reasonable requests to be excused from overtime may be
 8 honored; but if there are not enough qualified employees, then the City retains
 9 the right to make mandatory overtime assignments. Such mandatory
 10 assignments shall be made in the inverse order from the seniority list for
 11 firefighters and promotion date for all others. It is understood that the sharing
 12 of overtime shall not delay nor unduly increase the City's cost of operation.

- 13 41.9 1. Up to four (4) evening activities can be scheduled monthly provided
 14 they are concluded by 9:00 p.m.
- 15 2. Saturday, Sunday, and designated holidays shall continue to be
 16 observed for purposes of this section consistent with past practice, with
 17 the exception that employees may be required to work special events
 18 at the Fire Chief's discretion.
- 19 3. Training activities shall not preclude the use of trade time, provided
 20 make up of missed training material is the responsibility of each
 21 individual.

22 41.10 Employees assigned to standby status for one calendar week at a time by the
 23 Fire Chief or his designee shall be paid \$145 for each such week of standby.
 24 If assigned standby status is for less than one week, then the \$145 shall be
 25 prorated.

26 **ARTICLE 42**

27 **WORKERS' COMPENSATION**

28

29 42.1 Payment of Workers' Compensation benefits to all employees who are
 30 disabled because of any injury arising out of, and in the course of, performing
 31 their duties with the City will be governed as follows:

1 A) Full Workers' Compensation benefits as provided in accordance with
2 the Worker's Compensation Law, Chapter 440, Florida Statutes.

3 42.2 Whenever an employee is absent due to a non-emergency compensable
4 injury, he/she shall receive his/her regular pay for the first fifteen (15) calendar
5 days of such absence. When an employee is absent due to a compensable
6 injury as a result of responding to, during or returning from incidents, he/she
7 shall receive his/her regular pay for the first 30 calendar days of such absence.
8 But such payment shall not, when added to Workers' Compensation benefits,
9 total more than the normal regular pay received by the employee immediately
10 prior to such disability.

11 42.3 An employee sustaining a lost-time injury may use earned, unused sick or
12 annual leave. The request must be made to the Fire Chief to allow the
13 employee to remain on full pay for the period which can be covered by the sick
14 leave or annual leave balance when pro rated with the amount being paid by
15 Workers' Compensation as set forth in paragraph 42.1.

16 42.4 All on-the-job injuries must be reported immediately (no later than 24 hours)
17 after the occurrence which gave rise to the injury. Report shall be made to the
18 immediate officer on duty (Lieutenant or District Chief, as the case may be) in
19 order for this Article to be in full force and effect. It is not the intent of this
20 section to in any way diminish any rights guaranteed by law.

22 **ARTICLE 43**

23 **DRUG-FREE WORKPLACE**

24 43.1 The City and the Union recognize that substance abuse in our nation and
25 our community exacts staggering costs in both human and economic terms.
26 Substance abuse can be reasonably expected to produce impaired job
27 performance, lost productivity, absenteeism, accidents, wasted materials,
28 lowered morale, rising health care costs, and diminished interpersonal
29 relationship skills. The City and the Union share a commitment to solve this
30 problem and to create and maintain a drug-free work place. The parties

1 have, therefore, agreed to the policy outlined in Addendum "D" to the City of
2 Gainesville Drug-Free Workplace Program (See attached).

3
4 **ARTICLE 44**
5 **LONGEVITY PAY**

6 44.1 Rates:

7 All regular employees of the City hired before the ratification date, March 2,
8 1992, shall receive longevity pay in addition to their regular base pay in
9 accordance with the following schedule:

- 10 1) 5 yrs. and not more than 10 yrs. 2% of base pay
- 11 2) 10 yrs. and not more than 15 yrs. 3% of base pay
- 12 3) 15 yrs. and not more than 20 yrs. 4% of base pay
- 13 4) 20 yrs. and not more than 25 yrs. 5% of base pay
- 14 5) In excess of 25 years 6% of base pay

15 44.2 Longevity pay shall be administered in accordance with Chapter 2, Article VII,
16 Division 3, of the Gainesville Code of Ordinances.

KELLY DAY SELECTION

1. Three (3) Kelly Day (K-Day) slots per shift shall be provided, but no more than one Lieutenant, and one Driver/Operator may select a slot on the same shift. Additionally, a Lieutenant and Driver/Operator from the same company may not select lots on the same shift. However, three (3) Firefighters from the same shift may choose the same K-day.
2. Selection of slots shall be by overall departmental seniority, with the most senior person in the bargaining unit having the first selection.
3. Kelly Days shall be re-bid every 54 weeks. Re-bids shall be in accordance with paragraphs one and two above and no slots shall be held open for any particular rank during re-bid, allowing three (3) Firefighters from the same shift to pick the same day.

The K-day cycle beginning date will be moved back one six-week cycle every third year, to allow the beginning of the K-day cycle to remain close to October 1st. This would allow GFR members to select and begin the next year's K-day cycle with their annual vacation. K-day selection will begin the 2nd week in August each year.

The 2006 K-day cycle begins on October 11, 2006 and ends on October 23, 2007.

The 2007 K-day cycle begins on October 24, 2007 and ends on November 4, 2008.

The 2008 K-day cycle resets to begin on September 25, 2008.

4. Persons who are promoted under circumstances whereby they cannot retain their present slot; persons who transfer to another shift; and new hires will chose any open slot in accordance with paragraph 2 above.
5. A fourth Kelly Day may be chosen if:
 - a. A lieutenant or Driver/Operator would otherwise have to bump a more senior member from his/her slot because there is not an open slot; or
 - b. All three slots are filled on all days; or
 - c. An increase in GFR positions make it necessary to create a fourth slot.

In the event that an increase in GFR positions make it necessary to create a fourth slot on one or more days, the number of four-slot days will be determined before the annual K-day selection process begins. The number of four-slot days will be filled in accordance with 1, 2 and 4 above until the needed number of four-slot days are filled. The remainder of the K-day selections will be at three slots per day. The automatic creation of four-slot days will only apply when the new positions are filled.

6. Trading Kelly Days shall be allowed by those on the same shift and shall be counted as "one of the permitted trade times."

7. Working overtime on Kelly Days shall be permitted under guidelines for overtime.
8. Any unanticipated issue of Kelly Day selection will be discussed by the Union and Management, after which Management will decide the matter based upon its assessment of efficiency and staffing needs. The Union may submit any grievance, resulting from Management's decision above, directly to the Grievance Resolution Committee and thereafter final and binding arbitration as defined in Article 17 (Grievance Procedure) under the current Labor Agreement.

IAFF DRUG-FREE WORKPLACE PROGRAM

I. PURPOSE

As a part of its commitment to safeguard the health of its employees, to provide a safe place for its employees to work, and to promote a drug-free working environment, the City of Gainesville, Florida (City) and the International Association of Firefighters, Local 2157 (IAFF) has established this program relating to the use or abuse of alcohol and drugs by its employees. Substance abuse, while at work or otherwise, seriously endangers the safety of employees, as well as the general public, and creates a variety of workplace problems including increased injuries on the job, increased absenteeism, increased health care and benefit costs, increased theft, decreased morale, decreased productivity, and a decline in the quality of products and services provided. This program is established in part to detect users and remove abusers of drugs and alcohol from the workplace, to prevent the use and/or presence of these substances in the workplace, and to assist employees in overcoming any dependence on drugs and/or alcohol in accordance with the following guidelines.

An employee who is injured in the course and scope of his/her employment and tests positive on a drug or alcohol test may be terminated. Refusal to take a drug (urine) or alcohol (breath) test will result in the employee being subject to dismissal.

Certain components of this program involve utilization of additional techniques and procedures. These additional techniques and procedures, are both justified by, and based upon, federal and state statutes, case law, and regulatory findings. At such time as the regulations implemented pursuant to the Omnibus Transportation Employee Testing Act of 1991 or other regulatory requirements become applicable to City employees, this program will be altered as and if necessary to conform to the specific requirements of the final regulations. Until such time, any additional techniques and procedures shall utilize mechanisms already in use and/or proposed for use by state or federal law and regulation. Prior to making any amendments to this Program, the City shall engage in collective bargaining to the extent required by law.

To the extent that Section 440.101-.102, or the implementing rules issued by the Department of Labor and Employment Security or those issued by the Agency for Health Care Administration are amended, or other statutes and rules requiring drug testing determined to be applicable to City employees are adopted or amended, this Program will be modified without the necessity of further general notice as required by §440.102 (3).

The City/IAFF Drug-Free Workplace Program has been prepared so as not to conflict with public policy and, further, not to be discriminatory or abusive. A drug-

1 free workplace should be the goal of every employer in America. Drug and alcohol
2 testing is only one of the several steps that must be taken to achieve this objective.
3 When incorporated into a comprehensive anti-drug effort, testing can go a long
4 way in combating drug and alcohol abuse in the workplace.

5 **II. SCOPE**

6
7 All employees covered by this program and, as a condition of employment, are
8 required to abide by the terms of this program and, as applicable, supplemental
9 programs described in addenda to the City of Gainesville's Drug-Free Workplace
10 Program. Any employee in doubt as to the requirements or procedures applicable
11 to their situations may contact the City's Risk Management Department for
12 information. Consistent with policy determinations and legal requirements, the City
13 shall limit testing to that which is considered necessary to meet the Purpose of this
14 Program.
15
16

17 **III. DRUG-FREE WORKPLACE PROGRAM DISSEMINATION**

- 18
19 A. The City will give a general one-time notice to all IAFF-represented
20 employees that the City prohibits its employees from illegally or improperly
21 using, possessing, selling, manufacturing, or distributing drugs on its
22 property, or while its employees are at work; that it is against City policy to
23 report to work or to work under the influence of drugs; and that it is a
24 condition of employment to refrain from using nonprescription drugs, or
25 alcohol, on the job, or abusing legal drugs on or off the job such that it
26 affects their job, and that a drug testing program is being implemented. At
27 least sixty (60) days will elapse between the notice and any employee
28 drug testing implemented pursuant to this program.
29
- 30 B. Prior to testing, all employees or applicants for employment will be given a
31 summary of the Drug-Free Workplace Program, a drug test, a list of local
32 employee assistance programs and a list of local alcohol and drug
33 rehabilitation programs.
34
- 35 C. A notice of drug testing will be included with all job vacancy
36 announcements for which drug testing is required. A notice of the City's
37 drug testing program will also be posted in appropriate and conspicuous
38 locations on the City's premises and copies of the program will be made
39 available for inspection during regular business hours in the Human
40 Resource Department and each Fire Station.
41
42

1 IV. DEFINITIONS

2
3 The definitions of words and terms as set forth in § 440.02, § 440.102(1), and
4 112.0455 Fla. Stat. and the Agency for Health Care Administration, Drug-Free
5 Workplace standards (Fla. Admin. Code R 59A-24) as may be amended shall
6 apply to the words and phrases used in this program unless the context clearly
7 indicates otherwise. When the phrase “drug and alcohol” testing, use, etc., is
8 used in connection with different testing mechanisms, prohibitions or causes for
9 testing “drug” includes all of the below listed substances except alcohol. “Drug”
10 otherwise has the same meaning as in Section 440.102(1)(c), Fla. Stat., which
11 defines “drug” as follows:
12

- (c) “Drug” means alcohol, including a distilled spirit, wine, a malt beverage, or an intoxicating liquor; an amphetamine; cannabinoid; cocaine; phencyclidine (PCP); a hallucinogen; methaqualone; an opiate; a barbiturate; a benzodiazepine; a synthetic narcotic; a designer drug; or a metabolite of any of the substances listed in this paragraph. An employer may test an individual for any or all of such drugs.

13

14 V. ALCOHOL USE PROHIBITIONS

- 15
16 A. The consumption of alcohol on City property or while on duty (during
17 working hours, while at work, etc.) is prohibited and will result in
18 disciplinary action, up to and including dismissal. The prohibition of
19 consumption of alcohol upon City property or on duty does not, however,
20 apply to those assignments, premises, or events at which consumption of
21 alcohol is authorized by management. Such authorization does not
22 encourage, sanction, or authorize any individual to consume alcohol in
23 excess to a point of being intoxicated. Therefore, any employee at an
24 event, who in the sole opinion of the Management becomes intoxicated,
25 must refrain from further consumption of alcohol and, upon request by
26 Management, leave the function. Failure to comply with the request
27 constitutes a violation of the program and will subject the employee to
28 disciplinary action.
29
- 30 B. Off-duty use of alcohol may adversely affect an employee’s job
31 performance or adversely affect or threaten to adversely affect other
32 interests of the City, including but not limited to the employee’s
33 relationship to his/her job, fellow workers’ reputations, or goodwill in the

1 community. Disciplinary action up to and including dismissal may be
 2 imposed on this basis.

- 3
- 4 C. Except as provided herein, the personal possession (i.e., on the person,
 5 or in a desk, or locker) of alcohol on City property or during working hours
 6 will result in disciplinary action, up to and including dismissal.
 7
- 8 D. It is against the City's program and a violation of City policy to report to
 9 work or to work under the influence of alcohol.
 10
- 11 E. For purposes of implementing the City of Gainesville/IAFF Drug-Free
 12 Workplace program, an employee is presumed to be under the influence
 13 of alcohol if a breath test shows alcohol usage of 0.04% or greater.
 14
- 15 F. An employee who Management has reason to suspect is under the
 16 influence of alcohol will be removed immediately from the workplace and
 17 will be tested and evaluated by authorized personnel selected by
 18 Management, if reasonably available. The City will take further action
 19 (i.e., further testing, referral to counseling, and/or disciplinary action)
 20 based on medical information, work history, and other relevant factors.
 21 The determination of appropriate action in each case rests solely with the
 22 City.
 23
- 24 G. Failure to pass an alcohol test will result in further testing or disciplinary
 25 action, up to and including dismissal.
 26
- 27 H. Efforts to tamper with, or refusal to submit to an alcohol test will subject
 28 the employee to dismissal.
 29
- 30 I. Employees arrested for an alcohol-related incident, as indicated on the
 31 arrest report, shall notify, as soon as feasible, but in any event no later
 32 than 24 hours after the arrest, the City management representative having
 33 direct administrative responsibility for the arrested employee of the arrest
 34 if the incident occurs:
 35
- 36 1. During working hours, or
 - 37 2. While operating a City vehicle, or
 - 38 3. While operating a personal vehicle on City business.
 39
- 40 Failure to comply with this subsection will result in disciplinary action up to
 41 and including dismissal.
 42
- 43
- 44
- 45 J. Violations of alcohol use prohibitions can subject an employee to
 46 disciplinary action up to and including dismissal. Dismissal for a first

1 offense will be considered an appropriate penalty absent mitigating
2 circumstances.
3

4 VI. DRUG USE PROHIBITIONS

- 5
6 A. The use, sale, purchase, possession, manufacture, distribution, or
7 dispensation of nonprescription drugs or their metabolites on City property
8 or while at work (while on duty, during working hours, etc.) is a violation of
9 the City's Program and is just cause for immediate dismissal.
10
- 11 B. Reporting to work, or working, under the influence of nonprescription
12 drugs is a violation of the City's Program and is just cause for immediate
13 dismissal unless the violation is identified solely by the failure of a random
14 drug test as set forth in VI. C. below.
15
- 16 C. An employee who fails a random urine drug test, will be allowed a one-
17 time opportunity to participate in an Alcohol/Drug Rehabilitation Program
18 or the City of Gainesville Employee Assistance Program (EAP) or other
19 approved program as determined by the City, in lieu of being immediately
20 dismissed based upon such failure. However, allowing the Employee to
21 participate in such program in lieu of being dismissed is conditioned upon
22 the Employee's meeting the requirements set forth in paragraph X. D. of
23 this program. Furthermore, such an opportunity will not be available to an
24 employee who has previously participated in an Alcohol/Drug
25 Rehabilitation Program, the City's SAP/EAP, or other approved, similar
26 program, as an alternative to dismissal. Employees allowed the
27 rehabilitation opportunity described herein may still receive disciplinary
28 action short of dismissal in addition to required participation in the
29 rehabilitation program. Participation in a treatment program, be it entirely
30 voluntary or pursuant to this section, will not excuse additional violations
31 of this policy, work rule violations, improper conduct, or poor performance
32 and an employee may be disciplined or dismissed for such offenses or
33 failure to perform.
34
- 35 D. For purposes of this program, an employee is presumed to be under the
36 influence of drugs if a urine test or other authorized testing procedure
37 shows drug usage as set forth in the rules for the Agency for Health Care
38 Administration (Fla. Admin. Code R 59A-24)
39
- 40 E. Legal medication (over-the-counter) or prescription drugs may also affect
41 the safety of the employee, fellow employees or members of the public.
42 Therefore, any employee who is taking any over-the-counter medication
43 or prescription drug which might impair safety, performance, or any motor
44 functions shall advise his/her direct management representative of the
45 possible impairment before reporting to work under the influence of such

1 medication or drug. A failure to do so may result in disciplinary action. If
2 Management determines that the impairment does not pose a safety risk,
3 the employee will be permitted to work. Otherwise, management may
4 temporarily reassign the employee or place the employee in an
5 appropriate leave status during the period of impairment. Improper use of
6 "prescription drugs" is prohibited and may result in disciplinary action.
7 Improper use of prescription drugs includes, but is not limited to use of
8 multiple prescriptions of identical or interchangeable drugs, and/or
9 consumption of excessive quantities of an individual or therapeutically
10 interchangeable drugs, and/or inappropriately prolonged duration of
11 consumption of drugs, and/or consumption of prohibited drugs for other
12 than valid medical purposes. For the purpose of this Program,
13 consumption of any drug by the employee of more than the
14 manufacturer's maximum recommended daily dosage, or for a longer
15 period of time than recommended, or of any prohibited drug prescribed for
16 or intended for another individual, or for other than a valid medical
17 purpose shall be construed to constitute improper use. Excessive or
18 inappropriate prescribing by the prescriber or prescribers shall NOT
19 constitute a defense for the employee. Prescription medication shall be
20 kept in its original container if such medication is taken during working
21 hours or on City property.
22

- 23 F. Refusal to submit to or efforts to tamper with a drug test will subject the
24 employee to dismissal.
25
- 26 G. Except as provided herein, failure to pass a drug test will result in
27 disciplinary action, up to and including dismissal.
28
- 29 H. Violations of drug prohibitions can subject an employee to disciplinary
30 action up to and including dismissal. Dismissal for a first offense will be
31 considered an appropriate penalty absent mitigating circumstances.
32

33 VII. TESTING

34 A. Testing of Applicants

- 35
- 36 1. Prior to employment, applicants, whether for temporary or
37 permanent positions, will be tested for the presence of drugs.
38
- 39 2. Any job applicant who refuses to submit to drug testing, fails to
40 appear for testing, tampers with the test, or fails to pass the pre-
41 employment confirmatory drug test will not be hired, and unless
42 otherwise required by law, will be ineligible for hire for a period of at
43 least two years.
44

1 **B. Reasonable Suspicion Testing**

- 2
- 3 1. "Reasonable suspicion testing" means drug testing based on a
- 4 belief that an employee is using, or has used drugs in violation of
- 5 the City's program, on the basis of specific, contemporaneous,
- 6 physical, behavioral or performance indicators of probable drug
- 7 use.

8

9 Two management representatives shall substantiate and concur in

10 the decision to test said employee, if feasible. Only one

11 management representative need witness the conduct. The

12 management representative(s) and witness(es) shall have received

13 training in the identification of actions, appearance, conduct or

14 odors which are indicative of the use of drugs or alcohol. If a

15 management representative believes reasonable suspicion exists,

16 the management representative shall report his or her findings and

17 observations to the next higher management representative having

18 administrative responsibility for the affected employee. Upon

19 approval by the next higher management representative, the

20 employee will be asked to immediately submit to a drug test(s) and

21 sign a form acknowledging his or her consent. When chemical

22 breath testing for alcohol is used, the test may be conducted

23 immediately at the work site or later at the collection site. Factors

24 which substantiate cause to test for breath or urine shall be

25 documented by the management representative on the Substance

26 Abuse Investigation Report Form which must be completed as

27 soon as practicable, but no later than twenty-four (24) hours after

28 the employee has been tested for drugs. A copy of this report will

29 be given to the employee upon request.

- 30
- 31 2. Each supervisor shall be responsible to determine if reasonable
- 32 suspicion exists to warrant drug testing and required to document
- 33 in writing the specific facts, symptoms, or observations which form
- 34 the basis for such reasonable suspicion. The documentation shall
- 35 be forwarded to the Fire Chief or designee to authorize the drug
- 36 test of an employee.

37

38 The Fire Chief or designee shall require an employee to undergo

39 drug testing if there is reasonable suspicion that the employee is in

40 violation of the City of Gainesville/IAFF Drug-Free Workplace

41 Program. Circumstances which constitute a basis for determining

42 "reasonable suspicion" may include but are not limited to:

- 43
- 44 a. A Pattern of Abnormal or Erratic Behavior - This includes but
- 45 is not limited to a single, unexplainable incident of serious
- 46 abnormal behavior or a pattern of behavior which is radically

1 different from what is normally displayed by the employee or
 2 grossly differing from acceptable behavior in the workplace.

- 3
- 4 b. Information Provided by a Reliable and Credible Source -
 5 The first line supervisor or another supervisor/manager
 6 receives information from a reliable and credible source as
 7 determined by the Fire Chief that an employee is violating
 8 the City of Gainesville/IAFF Drug-Free Workplace Program.
 9
- 10 c. Direct Observation of Drug Use - The first line or another
 11 supervisor/manager directly observes an employee using
 12 drugs while the employee is on duty. Under these
 13 circumstances, a request for drug testing is MANDATORY.
 14
- 15 d. Presence of the Physical Symptoms of Drug Use - The
 16 supervisor observes physical symptoms that could include
 17 but are not limited to glassy or bloodshot eyes, slurred
 18 speech, poor motor coordination, or slow or poor reflex
 19 responses different from what is usually displayed by the
 20 employee or what is generally associated with common
 21 ailments such as colds, sinus, hay fever, diabetes, etc.
 22

23 The following will be deemed reasonable suspicion and may
 24 provide a sufficient basis for requesting a drug test at the direction
 25 of the Fire Chief or designee:
 26

- 27 e. Violent or Threatening Behavior - First Incident: If an
 28 employee engages in unprovoked, unexplained, aggressive,
 29 violent and/or threatening behavior against a fellow
 30 employee or a citizen, the Department may request that the
 31 employee submit to drug testing.
 32
- 33 f. Violent or Threatening Behavior - Subsequent Incident:
 34 Whether or not an employee has previously received formal
 35 counseling or disciplinary action for unprovoked,
 36 unexplained, aggressive, violent and or threatening behavior
 37 against a fellow employee or a citizen, upon a second or
 38 subsequent episode of similar behavior/conduct (within
 39 twelve months), the Department shall request that the
 40 employee undergo drug testing.
 41
- 42 g. Absenteeism and/or Tardiness: If an employee has
 43 previously received a suspension action for absenteeism
 44 and/or tardiness, a continued poor record (within twelve
 45 months) that warrants a second or subsequent suspension
 46 action may result in a request for a drug test.

- 1
- 2 h. Odor: Odor of cannabis or alcohol upon the person.
- 3
- 4 i. Performance Related Accidents: Each employee whose
- 5 performance either contributed to the accident or whose
- 6 performance cannot be discounted as a contributing factor
- 7 to the accident shall be drug tested for drugs. If there is the
- 8 odor or evidence of alcohol, the employee shall also be
- 9 tested for alcohol. The management representative having
- 10 administrative responsibility for the employee involved in the
- 11 accident shall ensure that a drug test is performed as soon
- 12 as possible after the accident but no later than 32 hours
- 13 after the accident. Post-accident testing may involve breath
- 14 and urine. If testing is not initiated within 32 hours after the
- 15 accident, testing will not be done and the management
- 16 representative will document the reason for the delay.
- 17

18 Should evidence of alcohol be present, i.e., an odor of alcohol,

19 open containers, or a statement from witness confirming alcohol

20 consumption, the management representative must ensure testing

21 is completed as soon as emergency medical care has been

22 provided. If alcohol testing is not initiated within 8 hours after the

23 accident, alcohol testing will not be done and the management

24 representative must document the reason for the delay.

25

26 The following are examples of conditions that require accident

27 related testing:

28

- 29 (1) City employee operating a vehicle while on city
- 30 business (either a city-owned or personal vehicle) and
- 31 involved in an accident that results in a citation for a
- 32 moving violation.
- 33
- 34 (2) Any accident involving property damage (city or
- 35 private) estimated to be greater than \$2,500, if the
- 36 employee cannot be absolved of all blame.
- 37
- 38 (3) Any accident involving death.
- 39
- 40 (4) Any accident involving injury requiring treatment at an
- 41 off-site (away from the scene of the accident) medical
- 42 facility other than Employee Health Services, if the
- 43 employee cannot be absolved of all blame. If the injury
- 44 is of such character as would have been treated at
- 45 Employee Health Services, but for the unavailability of
- 46 Employee Health Services, Management may waive

1 this requirement. "Unavailability" means occurring at a
2 time other than the hours of operation of Employee
3 Health Services or at such distance from Employee
4 Health Services as to render their use impractical.
5

6 **C. Random Testing**
7

- 8 1. Random drug testing will be performed utilizing urine.
9
- 10 2. All employees in the classification of Fire Driver-Operator will be
11 required to submit to drug testing on a random basis.
12
- 13 3. For purposes of selection for testing, employees shall be identified
14 only by Social Security Numbers and the selection of employees
15 will be conducted through the use of a random number generator
16 or other neutral selection process.
17
- 18 4. Upon notification by management representatives that a drug test
19 is required, the employee will immediately report to the test site as
20 designated by management, but in no event, later than 24 hours
21 after notification, and provide a specimen of his/her urine. If
22 chemical breath testing, for alcohol testing is used, the test may be
23 conducted immediately at the work site or later at the collection
24 site.
25
- 26 5. Random testing shall be at an annual rate of between twenty-five
27 percent (25%) and fifty percent (50%) of the average number of
28 positions for which testing is required. During the first 12 months of
29 this program, random drug testing: (1) will be spread reasonably
30 throughout the year; and (2) the total number of tests will be equal
31 to at least 25 percent (25%) of the employees subject to testing.
32

33 **D. Return to Duty Testing**
34

35 An Employee who does not pass a breath or urine drug test may not
36 return to work until meeting at least the following requirements:
37

- 38 1. The employee must pass a drug test administered under this
39 program.
40
- 41 2. The Substance Abuse Professional (SAP) must approve the
42 employee for return to work.
43
- 44 3. The employee must agree to participate in and successfully
45 complete any alcohol or drug evaluation, counseling or

1 rehabilitation program required by the City/Substance Abuse
2 Professional.

- 3
4 4. The employee must agree to submit to periodic, unannounced drug
5 tests for a period of up to 60 months, as designated by the SAP.
6

7 **E. Position Change Testing**
8

9 Employees moving to the classification of Fire Driver-Operator, as a result
10 of a formal personnel action, shall be required to successfully pass a urine
11 drug test within 48 hours of receiving notification that they have been
12 selected to fill the Fire Driver-Operator position.
13

14 **F. Follow-up Testing**
15

16 If an employee, in the course of employment, enters an employee
17 assistance program for drug related problems or a drug rehabilitation
18 program, the employee must submit to a drug test as a follow-up to such
19 program unless such requirement is waived by the City in those cases
20 where the employee voluntarily entered the program. Entrance to a
21 program as a condition of continued employment or when the employee is
22 otherwise faced with the prospect of immediate disciplinary action based
23 upon problems associated with substance abuse shall not be considered
24 voluntary. If follow-up testing is required, it shall be conducted at least
25 once a year for a two-year period after completion of the program.
26 Advance notice of such follow-up testing must not be given to the
27 employee to be tested. Testing undertaken after referral to the SAP as a
28 result of a first violation of the City's Drug Free Workplace Program,
29 Article X, shall satisfy the requirements for follow-up testing.
30

31 **G. Routine Fitness for Duty**
32

33 An employee shall submit to a drug test if the test is conducted as part of
34 a routinely scheduled employee fitness-for-duty medical examination that
35 is required for all members of an employment classification or group.
36

37 **H. Refusal to Test**
38

39 Employees who refuse to submit to a breath or urine test administered in
40 accordance with this program forfeit their eligibility for all workers'
41 compensation medical and indemnity benefits and will be subject to
42 dismissal. Employees who refuse to submit to a chemical breath test or
43 other mechanism determined by management to be reliable will be
44 subject to dismissal.
45

1 VIII. TESTING PROCEDURE

2 A. Tested Substances

3
4 The City may test for any or all of the following drugs:

5
6 Alcohol

7 Amphetamines (Binhetamine, Desoxyn, Dexedrine)

8 Cannabinoids (i.e., marijuana, hashish)

9 Cocaine

10 Phencyclidine (PCP)

11 Methaqualone (Quaalude, Parest, Sopor)

12 Opiates

13 Barbiturates (Phenobarbital, Tuinal, Amytal)

14 Benzodiazophines (Ativan, Azene, Clonopin, Dalmane, Diazepam,
15 Halcion, Librium, Poxipam, Restoril, Serax, Tranxene, Valium, Vertron,
16 Xanax)

17 Methadone (Dolophine, Methadose)

18 Propoxyphene (Darvocet, Darvon N, Dolene)

19 20 B. Designated Laboratory

21
22 Because of the potential adverse consequences of positive test results on
23 employees, the City will employ a very accurate testing program.
24 Specimen samples will be analyzed by a highly qualified, independent
25 laboratory which has been selected by the City and certified by the
26 appropriate regulatory agency. The name and address of the certified
27 laboratory currently used by the City is on file with Employee Health
28 Services.
29

30 C. Notification of Prescription Drug Use

31
32 Applicants and employees will be given an opportunity prior to and after
33 testing to, on a confidential basis, provide any information they consider
34 relevant to the test including listing all drugs they have taken within the
35 immediately preceding 30-day period, including prescribed drugs and to
36 explain the circumstances of the use of those drugs in writing or other
37 relevant medical information. This information will be furnished to the
38 Medical Review Officer (MRO) in the event of a positive confirmed result.
39

40 D. Testing of Injured Employees

41
42 An employee injured at work and required to be tested will be taken to a
43 medical facility for immediate treatment of injury. If the injured employee
44 is not at a designated collection site, the employee will be transported to
45 one as soon as it is medically feasible and specimens will be obtained. If
46 it is not medically feasible to move the injured employee, specimens will

1 be obtained at the treating facility under the procedures set forth in this
2 program and transported to an approved testing laboratory. No specimen
3 will be taken prior to the administration of emergency medical care. An
4 injured employee must authorize release to the City the result of any tests
5 conducted for the purpose of showing the presence of alcohol or drugs.
6

7 **E. Body Specimens**
8

9 Urine will be used for the initial test for all drugs except alcohol and for the
10 confirmation of all drugs except alcohol. Breath will be used for the initial
11 and confirmation tests for alcohol. Sufficient volume of specimens shall
12 be obtained so as to provide for the necessary number of samples as may
13 be required, depending upon the number of required procedures.
14 Chemical breath testing methods will be utilized in connection with
15 justifying further alcohol tests in instances involving reasonable suspicion
16 testing under this program. In the case of injured employees, the
17 physician will have the discretion to determine to not require a breath
18 sample if such would threaten the health of the injured employee or if the
19 employee has a medical condition unrelated to the accident which may
20 preclude the employee from providing sufficient breath for a testing
21 specimen. Under these circumstances, no inference or presumption of
22 intoxication or impairment will be made for the purposes of § 440.101-
23 .102, but discipline for violation of the Program may be taken based upon
24 observable conduct or conditions and/or the result of other tests, if any.
25

26 **F. Cost of Testing**
27

28 The City will pay the cost of initial and confirmation drug tests, which it
29 requires of employees and job applicants. An employee or job applicant
30 will pay the cost of any additional drug tests not required by the City. In
31 the event that the City requires the employee's presence at the collection
32 site outside normal working hours as part of the testing process and the
33 employee passes the drug/alcohol test, such required time outside after
34 normal working hours shall be considered actual time worked for the
35 purpose of Section 41.4 of the IAFF Labor Agreement, if applicable.
36

37 **G. Collection Site, Work Site**
38

- 39 1. The City will utilize a collection site designated by an approved
40 laboratory which has all necessary personnel, materials,
41 equipment, facilities, and supervision to provide for the collections,
42 security, chain of custody procedures, temporary storage and
43 shipping or transportation of urine specimens to an approved drug
44 testing laboratory. The City may also utilize a medical facility as a
45 collection site that meets the applicable requirements.
46

- 1 2. The City may require that an employee take a chemical breath test
2 at the Work Site or other City facility.
3
4 3. Security of the collection site, chain of custody procedures, privacy
5 of the individual, collection control, integrity and identity of the
6 specimen and transportation of the specimen to the laboratory as
7 applicable will meet state or federal rules and guidelines. Florida
8 Agency for Health Care Administration's CHAIN OF CUSTODY
9 form as amended from time to time will be used for each employee
10 or job applicant whose blood or urine is tested.
11

12 **H. Collection Site, Work Site, Personnel**

13
14 A specimen for a drug test will be taken or collected by:

- 15
16 1. A physician, a physician's assistant, a registered professional
17 nurse, a licensed practical nurse, a nurse practitioner, or a certified
18 paramedic who is present at the scene of the accident for the
19 purpose of rendering emergency service or treatment or a qualified
20 breath alcohol technician as defined in CFR Part 40; or
21
22 2. A qualified person employed by a licensed laboratory who has the
23 necessary training and skills for the assigned tasks as described in
24 §440.102 (9) Fla. Stat.
25

26 In the case of a chemical breath test, utilizing evidential breath test
27 devices, a technician licensed pursuant to Fla. admin Code R 59A-24, and
28 or qualified alcohol technician as defined in 49 CFR Part 40.
29

30 **I. Testing Laboratory**

- 31
32 1. The laboratory used to analyze initial or confirmation breath or
33 urine specimens will be licensed or certified by the appropriate
34 regulatory agencies to perform such tests. The Agency for Health
35 Care Administration has published Drug-Free Workplace
36 Standards (Florida Administrative Code, R59A-24) which shall be
37 followed by laboratories and employers for testing procedures
38 required under § 440.101-.102, Fla. Stat.
39
40 2. All laboratory security, chain of custody, transporting and receiving
41 of specimens, specimen processing, retesting, storage of
42 specimens, instrument calibration and reporting of results will be in
43 accordance with applicable state or federal laws and rules
44 established by HCA or the U.S. Department of Transportation; to
45 the extent the above information is readily reproducible by the lab
46 and not confidential, such will be forwarded to the appropriate

1 certified bargaining unit representative upon his/her request and
2 payment for reproduction cost.

- 3
4 3. The laboratory or Medical Review Officer will provide assistance to
5 the employee or job applicant for the purpose of interpreting any
6 positive confirmed test results.
7

8 **J. Initial Tests Used for Implementing § 440.101-.102, Fla., Stat.**

9 Initial tests will use an immunoassay except that the test for alcohol will be
10 chemical breath testing as described in 49 CFR, Part 40¹. The following
11 cutoff levels will be used when screening specimens to determine whether
12 they are positive or negative for these drugs or metabolites. All levels
13 equal to or exceeding the following will be reported as positive:
14

15	Alcohol concentration	0.04 %
16	Amphetamines	1000ng/ml
17	Cannabinoids	50ng/ml
18	Cocaine	300ng/ml
19	Phencyclidine	25ng/ml
20	Methaqualone	300ng/ml
21	Opiates	300ng/ml
22	Barbiturates	300ng/ml
23	Benzodiazepines	300ng/ml
24	Synthetic Narcotics:	
25	Methadone	300ng/ml
26	Propoxyphene	300ng/ml
27		

28 **K. Confirmation Tests Used for Implementing § 440.101-.102, Fla. Stat.**

29
30 All breath and urine specimens identified as positive on the initial test will
31 be confirmed using gas chromatography/mass spectrometry (GC/MS) or
32 an equivalent or more accurate scientifically accepted method approved
33 by the HCA, except that alcohol will be confirmed using gas
34 chromatography. All confirmation will be done by quantitative analysis.
35 Concentrations, which exceed the linear region of the standard curve, will
36 be documented in the laboratory and recorded as "greater than highest
37 standard curve value". The following confirmation cutoff levels² will be
38 used when analyzing specimens to determine whether they are positive or
39 negative for these drug metabolites. All levels equal to or exceeding the
40 following will be reported as positive:
41

42	Alcohol concentration	0.04 %
43	Amphetamines	500ng/ml

¹ These results are reported only to the appropriate manager who then determines if further testing under this program is warranted.

² Cutoff levels used are the same as those found in Florida Administrative Code R 59A-24.

1	Cannabinoids	15ng/ml
2	Cocaine	150ng/ml
3	Phencyclidine	25ng/ml
4	Methaqualone	150ng/ml
5	Opiates	300ng/ml
6	Barbiturates	150ng/ml
7	Benzodiazepines	150ng/ml
8	Synthetic Narcotics:	
9	Methadone	150ng/ml
10	Propoxyphene	150ng/ml
11		

12 IX. TEST RESULTS (Blood and Urine)

13 A. Reporting Results.

- 14
- 15 1. The laboratory shall disclose to the Medical Review Officer (MRO)
- 16 a written positive confirmed test result report within seven (7)
- 17 working days after receipt of the sample. The laboratory should
- 18 report all test results (both positive and negative) to the MRO within
- 19 seven (7) working days after receipt of the specimen at the
- 20 laboratory. The name and address of the current MRO is on file
- 21 with Employee Health Services. The MRO is employed by the City
- 22 and is not an employee of the drug-testing laboratory.
- 23
- 24 2. The laboratory will report as negative all specimens which are
- 25 negative on the initial test or negative on the confirmation test.
- 26 Only specimens confirmed positive on the confirmation test will be
- 27 reported positive for a specific drug.
- 28
- 29 3. The laboratory will transmit results in a timely manner designed to
- 30 ensure confidentiality of the information. The laboratory and MRO
- 31 will ensure the security of the data transmission and restrict access
- 32 to any data transmission, storage and retrieval system.
- 33
- 34 4. As provided in Fla. Admin. Code R 59-24, the MRO will verify that
- 35 positive and negative test results were properly analyzed and
- 36 handled according to HCA rules. The MRO may require a re-test.
- 37 The MRO will have knowledge of substance abuse disorders and
- 38 shall also be knowledgeable in the medical use of prescription
- 39 drugs and in the pharmacology and toxicology of illicit drugs. The
- 40 MRO shall evaluate the drug test result(s) reported by the lab,
- 41 verifying by checking the chain of custody form that the specimen
- 42 was collected, transported and analyzed under proper procedures
- 43 and, determine if any alternative medical explanations caused a
- 44 positive test result. This determination by the MRO may include
- 45 conducting a medical interview with the tested individual, review of

1 the individual(s) medical history or the review of any other relevant
2 bio-medical factors. The MRO shall also review all medical records
3 made available by the tested individual. The MRO may request the
4 laboratory to provide quantification of test results.
5

6 5. Within seven (7) days of receipt of the test results, the MRO will (1)
7 notify the Employee Health Services of negative results, or (2)
8 contact the employee or job applicant regarding a confirmed
9 positive test result and make such inquire as to enable the MRO to
10 determine whether prescription or over-the-counter medication
11 could have caused the positive test results. In this later case, the
12 MRO will follow the procedure set forth in either the HCA or D.O.T.
13 rules for providing the employee or job applicant the opportunity to
14 present relevant information regarding the test results. After
15 following the appropriate procedures, the MRO will notify the City in
16 writing of any verified test results. If the MRO after making and
17 documenting all reasonable efforts is unable to contact the
18 employee or job applicant to discuss positive test results, the MRO
19 will contact a designated management official to arrange for the
20 employee or applicant to contact the MRO. The MRO may verify a
21 positive test without having communicated to the employee or
22 applicant about the results of the test, if (1) the employee or
23 applicant declines the opportunity, or (2) within two days after
24 contacting the designated management official the employee or
25 applicant has not contacted the MRO. Further, employees or
26 applicants must cooperate fully with the MRO. Failure to meet with
27 the MRO upon his or her request or failure to promptly provide
28 requested information will result in an applicant not being hired and
29 an employee immediately being placed upon suspension without
30 pay and may result in discharge.
31

32 6. Within five (5) calendar days after the City receives a confirmed
33 positive test result from the MRO, the City will notify the employee
34 or job applicant in writing of such test results, the consequences of
35 such results, and the options available to the employee or job
36 applicant, including the right to file an administrative or legal
37 challenge. Notification shall be mailed certified or hand delivered.
38 Hand delivery is the preferred method of providing notice to
39 employees. Mailed notification shall be deemed received by the
40 employee or applicant when signed for, or seven (7) calendar days
41 after mailing, whichever occurs first.
42

43 7. The Employee Health Services will, upon request, provide to the
44 employee or job applicant a copy of the test results (positive or
45 negative).
46

- 1 8. Unless otherwise instructed by the City in writing, all written records
2 pertaining to a given specimen will be retained by the drug testing
3 laboratory for a minimum of two (2) years. The drug testing
4 laboratory shall retain (in properly secured refrigerated or frozen
5 storage) for a minimum period of 210 days, all confirmed positive
6 specimens. Within this 210-day period the City, employee, job
7 applicant, MRO or HCA may request in writing that the laboratory
8 retain the specimen for an additional period of time. If no such
9 request, or notice of challenge is received (see paragraph IX(B)(3)
10 below), the laboratory may discard the specimen after 210 days of
11 storage.
12

13 **B. Challenges to Test Results**
14

- 15 1. Within five (5) working days (Monday thru Friday, 0800 – 1700,
16 except observed/designated holidays) after receiving notice of a
17 positive, confirmed and verified test result from the City, the
18 employee or job applicant may submit information to the City
19 explaining or contesting the test results and why the results do not
20 constitute a violation of this program. The employee or job
21 applicant will be notified in writing if the explanation or challenge is
22 unsatisfactory to the City. This written explanation will be given to
23 the employee or job applicant within fifteen (15) days of receipt of
24 the explanation or challenge, and will include why the employee's
25 or job applicant's explanation is unsatisfactory, along with the
26 report of positive results. All such documentation will be kept
27 confidential and will be retained for at least one (1) year.
28
- 29 2. Employees may challenge employment decisions made pursuant
30 to this program as may be authorized by the City personnel policy
31 or IAFF collective bargaining agreement.
32
- 33 3. When an employee or job applicant undertakes an administrative
34 or legal challenge to the test results, it shall be the employee's or
35 job applicant's responsibility to notify the City through its Human
36 Resources Director and the laboratory, in writing, or such challenge
37 and such notice shall include reference to the chain of custody
38 specimen identification number. After such notification, the sample
39 shall be retained by the laboratory until final disposition of the case
40 or administrative appeal.
41
- 42 4. There shall be written procedures for the action to be taken when
43 systems are out of acceptable limits or errors are detected in
44 accordance with 49 CFR, Part 40.
45

1 **C. Employee/Applicant Protection**

- 2
- 3 1. During the 180-day period after the employee's or applicant's
- 4 receipt of the City's written notification of a positive test result, the
- 5 employee or applicant may request that the City have a portion of
- 6 the specimen retested, at the employee's or applicant's expense.
- 7 The retesting must be done at another HCA-licensed laboratory.
- 8 The second laboratory must test at equal or greater sensitivity for
- 9 the drug in question as the first laboratory. The first laboratory
- 10 which performed the test for the City will be responsible for the
- 11 transfer of the portion of the specimen to be retested, and for the
- 12 integrity of the chain of custody for such transfer.
- 13
- 14 2. The drug testing laboratory will not disclose any information
- 15 concerning the health or mental condition of the tested employee or
- 16 job applicant.
- 17
- 18 3. The City will not request or receive from the testing facility any
- 19 information concerning the personal health, habit or condition of
- 20 the employee or job applicant including, but not limited to, the
- 21 presence or absence of HIV antibodies in a worker's body fluids.
- 22
- 23 4. The City will not dismiss, discipline, refuse to hire, discriminate
- 24 against, or request or require rehabilitation of an employee or job
- 25 applicant on the sole basis of a positive test result that has not
- 26 been verified by a confirmation test.
- 27
- 28 5. The City will not dismiss, discipline or discriminate against an
- 29 employee solely upon the employee's voluntarily seeking
- 30 treatment, while in the employ of the City, for a drug-related
- 31 problem, if the employee has not previously tested positive for drug
- 32 use, entered an employee assistance program for drug-related
- 33 problems, or entered an alcohol or drug rehabilitation program.
- 34 This shall not prevent follow-up testing as required by this program.
- 35

36 **X. EMPLOYEE ASSISTANCE PROGRAM (EAP)**

- 37
- 38 A. The City regards its employees as its most important asset. Accordingly,
- 39 the City maintains an EAP which provides help to employees who suffer
- 40 from alcohol or drug abuse and other personal or emotional problems.
- 41 Employees with such problems should seek confidential assistance from
- 42 the EAP or other community resources before drug or alcohol problems
- 43 lead to disciplinary action. Employees may contact Employee Health
- 44 Services for the name of the City's EAP.
- 45

- 1 B. Information about a self-referred employee's contact with the EAP is
 2 confidential and will not be disseminated without the employee's
 3 permission. Further, an employee is not subject to discipline solely as a
 4 result of a self referral for treatment.
 5
- 6 C. However, use of the EAP or other community resources will not shield the
 7 employee from appropriate disciplinary action for violations of the
 8 City/IAFF Drug-Free Workplace Program if such violations come to the
 9 City's attention through other means, including, but not limited to, reports
 10 from employees or outsiders, direct observation, or drug testing.
 11
- 12 D. Employees referred to the EAP as a result of a first violation of the
 13 City/IAFF Drug-Free Workplace Program may, at the City's discretion, be
 14 allowed to continue their employment with the City provided:
 15
- 16 1. They contact the EAP and strictly adhere to all the terms of
 17 treatment and counseling;
 - 18 2. Immediately cease any and all abuse/use of alcohol/drugs; and
 - 19 3. Consent in writing to periodic unannounced testing for a period of
 20 up to 60 months after returning to work or completion of any
 21 rehabilitation program, whichever is later.
 22
 - 23 4. Pass all drug test(s) administered under this program.
 24
 - 25 5. The employee executes and abides by an agreement describing
 26 the required conditions.
 27
- 28
- 29
- 30 E. Participation in any evaluation, treatment, or counseling program will be at
 31 the employee's expense unless participation in the particular program is
 32 required by the City, or unless the employee is entitled to such benefits
 33 under the terms of the City's group health plan or by other available
 34 benefits.
 35

36 XI. INVESTIGATION

- 37
- 38 A. To ensure that illegal drugs and alcohol do not enter or affect the
 39 workplace, the City reserves the right to undertake reasonable searches
 40 of all vehicles, containers, lockers, or other items on City property in
 41 furtherance of this program. Individuals may be requested to display
 42 personal property for visual inspection.
 43
- 44 B. Searches for the purpose described herein will be conducted only where
 45 the City has reasonable suspicion that the employee has violated the

1 City/IAFF Drug-Free Workplace Program, and that evidence of such
2 misconduct may be found during the search.

- 3
- 4 C. Preventing a premises/vehicle search or refusing to display personal
5 property for visual inspection will be grounds for dismissal and/or denial of
6 access to City premises.
- 7
- 8 D. Searches of an employee's personal property will take place only in the
9 employee's presence. All searches under this program will occur with the
10 utmost discretion and consideration for the employee involved.
- 11
- 12 E. Individuals may be required to empty their pockets, but under no
13 circumstances will an employee be required to remove articles of clothing
14 or be physically searched except by law enforcement personnel having
15 lawful authority to do so.
- 16
- 17 F. Because the City's primary concern is for the safety of its employees, the
18 public and their working environment, the City will not normally seek
19 prosecution in matters involving mere possession of illegal substances
20 discovered solely as a result of search under this section. However, the
21 City will turn over all confiscated drugs and drug paraphernalia to the
22 proper law enforcement authorities. Further, the City reserves the right to
23 cooperate with or enlist the services of proper law enforcement authorities
24 in the course of any investigation.
- 25

26 **XII. ARREST FOR DRUG-RELATED CRIME**

- 27
- 28 A. As a condition of employment, each employee obligates himself or herself
29 to notify his or her appropriate management representative of the arrest
30 for any alleged violation of or conviction under any criminal drug statute,
31 including but not limited to, offenses described in Section 316.193,
32 Chapter 859 and Chapter 893, Fla. Stat. (1991). Except for the more
33 immediate notice required under Article (V)(I) of this program, the
34 employee shall give the required notice within 48 hours of such event.
35 Failure to notify will result in dismissal.
- 36
- 37 B. Arrests:
- 38
- 39 If an employee is arrested on a charge of commission of a drug-related
40 crime, the City will perform a preliminary investigation of all of the facts
41 and circumstances surrounding the alleged offense, and City officials may
42 utilize the drug-testing procedures in accordance with this program. In
43 most cases, the arrest for a drug-related crime, except off-duty alcohol
44 use, will constitute reasonable suspicion of drug use under this program.
45 However, information on drug test results shall not be released or used in

1 any criminal proceeding against the employee. Information released
 2 contrary to this section shall be inadmissible as evidence in any such
 3 criminal proceeding. In conducting its own investigation the City shall use
 4 the following procedures:

5
 6 During the preliminary investigation, an employee may be placed on leave
 7 with pay, if applicable, or removed from safety sensitive or "special risk"
 8 assignments/positions. After the preliminary investigation is completed,
 9 but in no event later than 15 days after the employee's department head
 10 learns of the arrest, normal personnel procedures shall be implemented.
 11

12 **XIII. CONFIDENTIALITY**

- 13
 14 1. All information, interviews, reports, statements, memoranda and drug test
 15 results, written or otherwise, received by the City as a part of this drug testing
 16 program are confidential communications. Unless required by state or federal
 17 laws, rules or regulations, the City will not release such information without a
 18 written consent form signed voluntarily by the person tested, except when
 19 consulting with legal counsel in connection with action brought under or related
 20 to § 440.101-.102, or when the information is relevant to the City's defense in a
 21 civil or administrative matter.

22 The provisions of §119.07 to the contrary notwithstanding:

- 23
 24
 25 A. All information, interviews, reports, statements, memoranda, and drug test
 26 results, written or otherwise received or produced as a result of a drug
 27 testing program are confidential communications and may not be used or
 28 received in evidence, obtained in discovery, or disclosed in any public or
 29 private proceedings, except in accordance with this section or in
 30 determining compensability under Chapter 440 Florida Statutes.
 31
 32 B. Employers, laboratories, employees assistance programs, drug and alcohol
 33 rehabilitation programs, and their agents who receive or have access to
 34 information concerning drug test results shall keep all information
 35 confidential. Release of such information under an other circumstances
 36 shall be solely pursuant to written consent form signed voluntarily by the
 37 person tested, unless such release is compelled by a hearing officer or a
 38 court of competent jurisdiction pursuant to an appeal taken under this
 39 section, or unless deemed appropriate by a professional or occupational
 40 licensing board in a related disciplinary proceeding. The consent form must
 41 contain, at a minimum:
 42
 43 1. The name of the person who is authorized to obtain the information.
 44
 45 2. The purpose of the disclosure.

- 1 3. The precise information to be disclosed.
- 2
- 3 4. The duration of the consent.
- 4
- 5 5. The signature of the person authorizing release of the information.
- 6

7 C. Information on drug test results shall not be released or used in any criminal
8 proceedings against the employee or job applicant. Information released
9 contrary to this section shall be inadmissible as evidence in any such
10 criminal proceedings.

11
12 D. Nothing herein shall be construed to prohibit the employer, agent or the
13 employer, or laboratory conducting a drug test from having access to
14 employee drug test information when consulting with legal counsel in
15 connection with actions brought under or related to this section or when the
16 information is relevant to its defense in a civil or administrative matter.
17

18 **XIV. RECORDS AND TRAINING**

19 A. Resource File

20
