Madame Mayor and Commissioners,

I regret to inform you that I am not able to continue my duties as an appointee of the Gainesville Energy Advisory Committee (GEAC).

It has been a very enlightening experience for me and I have been impressed by the city's commitment to making meaningful changes and improvements in its' energy conservation policy.

I am also impressed by the breadth of knowledge of energy issues in the current GEAC members.

Thank you for honoring me by appointing me to this board.

Yours truly,

Kathleen Cantwell, MD
