Attn: Historic Preservation Board

With deep regret I must resign my commission with the board. I have received a promotion from Santa Fe College which includes a course meeting T/Th at 6 p.m. in direct conflict with board meetings. I very much appreciate my time on this board and have learned a great deal. I hope in the future to join this or another city board as I value what we do for the community.

Best of luck. V/r Prof. Nicole Nesberg
