Hello Earline,

I wanted to inform you that tomorrow will be my last meeting with the City Beautification Board. I am graduating on Saturday, therefore I am sure I can no longer be a student member. Furthermore, I will be moving back home while searching for a full time job. In case there was anything I needed to do or inform anyone of the vacant seat, I wanted to make sure to take care of it before leaving town.

I also wanted to reach out to you to see if you had any contacts in the solar energy industry. As I said, I am actively job seeking and as of now I believe I would like to work in the solar energy sector. I believe I would be a successful project coordinator and hope to find a job in that track. I have attached my resume in case you think of anyone helpful to it pass along to. I would love to talk tomorrow after the meeting, or arrange a separate meeting or phone call if you have any guidance or can think of connections I should pursue. Though solar energy is the direction I am seeking currently, I would enjoy working in any job in the environmental field. I appreciate any direction you can give me during this process. I look forward to seeing you tomorrow during my last meeting.... what a bittersweet time it is!

Best,  
Claudia

John,

I would like to inform you of my decision to resign from the AHAC committee. I have enjoyed the work, but I feel like I need a year off.

I hope you understand.

Thanks,

Caleb
