Commissioner Harvey Ward - Traffic Safety (NB)

Motion:

Direct City Manager to ask FDOT for a speed reduction, flashing lights and proper signage and sidewalk barriers while potential roadway redesign is underway. Motion passed 4-3. Mayor Poe, Commissioner Saco and Commissioner Hayes-Santos in dissent.

Remainder of Motion passed unanimously.

First, I am glad to see the introduction of the STEP program for increased enforcement. Enforcement should be the last step, but we are in a position to make it necessary. I am also pleased that there will soon be increased lighting along Waldo Rd, and that some changes are coming to Williston Rd.

Second, I want us to consider closing on a pilot basis the 100 and 200 blocks of NW 17th Street to car and truck traffic other than deliveries and waste collection, and asking UF to close Buckman to motor vehicle access from University Avenue. Turns at this intersection seem dangerous anecdotally dating back more than a decade, and until we have studied the data we should take this precaution.

Third, I want us to direct the City Manager to approach the FDOT to ask them to turn over responsibility of SR 26 from E 15th Street to W 22nd Street and US 441 from N 16th Ave to S 16th Ave to the City of Gainesville for the purpose of reshaping them in the Complete Streets model. Our city has a track record of success in this regard. Further, he should be empowered to approach UF, Alachua County and the FDOT about major funding assistance for redesign and further planning and maintenance of these streets.

Fourth, I want us to empower the City Manager and staff to make changes within their authority as quickly as possible regarding traffic safety, and to bring us ideas that fall outside their authority, and to be aggressive about both.

Fifth, I want us to direct the City Manager to work with the Communications Department to create and enact a traffic safety education program for our community.

Sixth, Draft a resolution to the Florida League of Cities Transportation Committee.

Seventh, Direct staff to add this to our top priorities with state lobbyists to create a statewide coalition on this issue.
