General Government
City of Gainesville
City Auditor, Evaluation Committee and Audit and Finance Committee
Gainesville, Florida

We appreciate the opportunity to present Purvis, Gray and Company, LLP (Purvis, Gray and Company) to you and would take great pride in providing auditing services for the General Government segment of the City of Gainesville, Florida (the City). We have received your Request for Proposal RFP NO. CAUD-190002-DH (RFP) for Professional Auditing Services for the annual financial audit. We understand the scope of work to be performed and offer our proposal in response. We expressly agree to meet and exceed all performance specifications stated in your RFP.

Purvis, Gray and Company is a **state-wide CPA firm** employing approximately seventy-five professionals and support staff in our Gainesville, Ocala, Sarasota, and Tallahassee offices. Our multiple office locations throughout the state are the result of **organic growth** from within the firm, without merger or acquisition, which we attribute to our pursuit of **technical excellence and great client service**. We recently celebrated our 70th anniversary, having audited and advised Florida local governments almost since our inception in 1946.

Our firm is currently providing auditing services to twenty-five Florida municipalities, eight of which own and operate electric utilities, six Florida counties, seven Florida school boards, seven rural electric cooperatives, and many other governmental special districts and nonprofit organizations. As such, we are attuned to your audit needs, and completely up-to-date on all aspects of local governmental auditing in the State of Florida.

We have experience with entities similar in size and scope to you. We understand the industry and the unique risks associated with larger governments. Clients your size require attention from more experienced auditors. Our proposed audit team consists of two lead partners, an experienced manager, and other staff as needed, as well as an independent review partner/technical consultant and IT Consultant senior manager. ***Our partners and managers are in the field, not reviewing from afar.*** As we've heard from our clients time and again, our "experienced audit teams in the field approach" directly translates into a smooth transition of the audit firm, timely completion of audits, early identification of internal control and accounting issues, and constant communication throughout the process in summary, ***a higher quality audit.***

The partners on your audit team are well known throughout the State: Ms. Barbara Boyd sits on the Technical Resource Committee for the Florida Government Finance Officers Association (FGFOA) and, as one of the founders of the North Central Florida Chapter, is an active member and presenter in the local FGFOA Chapter. ***Mr. Ronald (Ron) D. Whitesides*** is the Chair of the firm's Audit Department. He has over 25 years of experience assisting large local governments throughout the State. As the previous lead partner on Gainesville Regional Utilities, Ron brings with him a distinct understanding of the transactions between GRU and General Government. ***Mr. Mark A. White***, the Technical Consultant and Independent Review Partner also sits on the Technical Resource Committee for the FGFOA and serves as a CAFR reviewer for the Government Finance Officers Association (GFOA). Mark has nearly 40 years' experience, and, is a seasoned speaker and author of topics of interest to governmental entities throughout the State.

General Government
City of Gainesville
City Auditor, Evaluation Committee and Audit and Finance Committee
Gainesville, Florida

Our audit approach emphasizes an understanding of the business risks associated with the City. To do so, it's necessary to have a full understanding of operations and internal controls in individual departments. While most auditors meet with the Finance Director and City Auditor, we think it's essential to interview key management personnel in each of those departments as well. This gives us more insight to evaluate risk areas, as well as determine whether internal controls are operating as designed. It also allows us to draw upon our experience with large governments to recommend any improvements in efficiencies that may become apparent as we review the processes.

One of the prominent business risks affecting local governments today is information technology. Mr. Michael Sandstrum, the IT Senior Audit Manager assigned to your engagement, has 40 years of experience auditing information systems, and CPA, CISA, CISM, CITP, and CGMA certifications. ***Michael's extensive experience in accounting, auditing, IT auditing, security management and consulting is paramount in understanding and evaluating the City's IT environment and risks.*** Michael has also performed SOX internal audits, managed numerous SOC 1 and SOC 2 audits, and performed countless GAAS financial audit risk assessments.

Purvis, Gray and Company can and will perform all the auditing, accounting, and financial consulting services needed by the City. We have extensive experience and are well received in the national bond markets, we have audited hundreds of different federal and state grant programs, and we have assisted in countless other governmental and utility consulting projects.

Based upon the track record that we have established with local governments in Florida, we are a known commodity. You can verify from our references the level of expertise and service you will be getting from our firm; there is no guesswork involved by choosing us. Additionally our top management will be accessible to you, and we are able to respond expeditiously to the City's audit and nonaudit needs alike. ***In fact, the lead partners and manager on your audit team are located in the Gainesville office to facilitate in-person meetings.***

Further information about our firm follows in this document. Again, we appreciate the opportunity to introduce Purvis, Gray and Company to the City of Gainesville. We look forward to the opportunity to work with you and fulfill this commitment to serve. If we can supply you with additional information or discuss this commitment further with you, we will be available at your convenience.

INDEPENDENCE

We are independent certified public accountants as defined by generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. We are independent of the City as defined in the U.S. Government Accountability Office *Government Auditing Standards* and Generally Accepted Auditing Standards.

We audited the financial statements of Gainesville Regional Utilities for fiscal years ending September 30, 2014 through 2016. Other than the performance of these annual audits, we have had no professional relationships involving the City in the past 5 years.

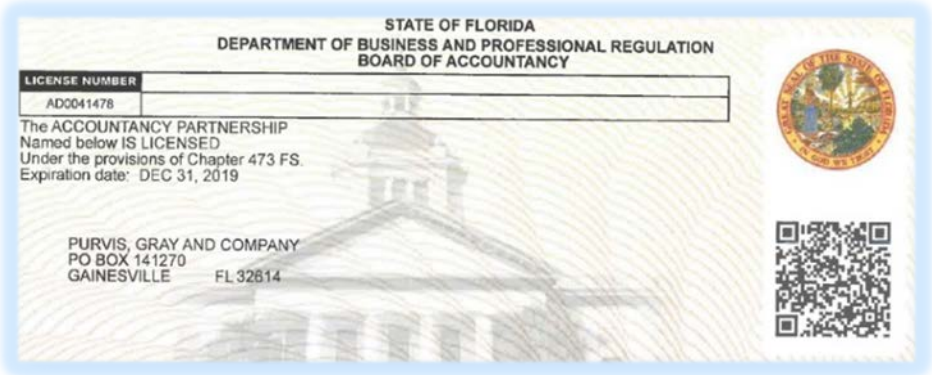

We confirm that we will give the City written notice of any professional relationships entered into involving the City, or any of its agencies or component units, during the period of this agreement.

LICENSE TO PRACTICE IN FLORIDA/STATEMENTS

Firm License

Purvis, Gray and Company is properly licensed and registered for public practice as certified public accountants in the State of Florida and all assigned professional staff are properly licensed and registered to practice as certified public accountants in the State of Florida or exam eligible. A copy of our firm license to practice in Florida is shown below:

No Disciplinary Action

Understanding the Scope of the Work

We have read and understand the City’s Scope of Services as listed in Section II, pages 9 through 12 of your RFP. ***We give you our express commitment to meet or exceed the performance requirements and time specifications contained therein.***

The General Government audit requires the auditor to express an opinion on the fair presentation of its basic financial statements in conformity with auditing standards generally accepted in the United States of America.

The General Government audit also requires the auditor to express an opinion on the fair presentation of supplemental information (including combining and individual fund financial statements and schedules) in relation to the basic financial statements taken as a whole. Separate audit opinions will be issued on the separate financial statements of the General Government’s Employee Pension Plan, Consolidated Police/Fire Pension Plan, OPEB Plan, Wild Spaces Public Places Capital Projects Funds, and Community Redevelopment Agency (CRA) Funds (a combined component unit) as part of the General Government audit.

The auditor for the General Government audit is not required to audit the schedule of federal awards and state financial assistance. However, the auditor is to provide an “in relation-to” report on that supplemental information as well, based on the auditing procedures applied during the audit of the financial statements.

FIRM QUALIFICATIONS AND EXPERIENCE

Understanding the Scope of the Work (Concluded)

We understand that the audit shall be performed in accordance with:

- *Government Auditing Standards* issued by the Comptroller General of the United States.
- *Audits of State and Local Governmental Units* issued by the American Institute of Certified Public Accountants.
- *Single Audit Acts* Federal and State of Florida.
- Uniform Guidance Single Audit, Subpart F, (formerly OMB Circular A-133) and other applicable OMB guidance.
- Sections 11.45 and 218.39, Florida Statutes.
- Regulations of the State of Florida Department of Financial Services.
- *Rules of the Auditor General* and other Florida agencies, as relevant.

We will make an immediate, written report of all irregularities, and illegal acts of which they become aware to the City Auditor, who is responsible for notifying other appropriate parties. In addition, we will issue the following reports:

- A report on the fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America.
- A report on the fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America for the Pension and OPEB plans, CRA and Wild Spaces Public Places Capital Projects Funds.
- A report on the internal control structure based on the auditor's understanding of the control structure and assessment of control risk.
- A "management letter" required by Section 218.39 (4), Florida Statutes and described in detail in State of Florida, *Rules of the Auditor General*, Effective September 30, 2017, Section 10.554 (1)(i).
- Any additional reports required by the City's grantors.
- Reports required by the *Single Audit Act* to include:
 - An "in relation-to" report on the schedules of federal awards and state financial assistance.
 - A Report on Compliance and on Internal Control over Compliance Applicable to Each Major Federal Awards Program and State Financial Assistance Project in accordance with U.S. Office of Management and Budget *Compliance Supplement*, and the requirements described in the State Projects Compliance Supplement.
 - In the required report(s) on internal controls, the auditor shall communicate any significant deficiencies found during the audit. A significant deficiency shall be defined as a control deficiency or a combination of control deficiencies that adversely affects the organization's ability to initiate, authorize, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the financial statements that is more than inconsequential will not be prevented or detected by the organization's internal control.
 - Significant deficiencies that are also material weaknesses shall be identified as such in the report.
 - Other conditions discovered by the auditors shall be reported in the management letter required by Florida Statutes Section 218.39 (4), Florida Statutes and described in detail in State of Florida, *Rules of the Auditor General*, Effective September 30, 2017, Section 10.554 (1)(i).

PARTNER AND STAFF QUALIFICATIONS AND EXPERIENCE

Firm’s Professional Personnel

Audit Team Members

The firm that will be the most qualified to serve as auditors for the City will be the one that can demonstrate its qualifications through past experience, education, and high quality control considerations. Our firm's approach to staffing audit engagements is to choose partners, managers, and staff based upon a combination of the expertise, experience, and technical ability needed to perform the audit engagement efficiently, and the location of the office. **The individuals assigned to this engagement are all full-time and possess the necessary technical skills and experience to ensure that the City receives the highest level of service.** All personnel assigned to this engagement have met or exceeded all of the CPE requirements of the “Yellow Book” as required by the *Rules of the Auditor General*. **One thing we do differently from other firms – we regularly put partners in the field.**

Ms. Barbara Boyd, CPA, and Mr. Ronald D. Whitesides, CPA, will be the partners in charge of the City’s audit engagement, and the team members ultimately responsible for managing the relationship with the City. They will be assisted by Mr. Mark A. White, CPA, partner, as technical consultant and independent reviewer. The remaining personnel assigned to the City’s audit will consist of an IT consultant and a manager which are both CPAs. The partners and manager will be present during a significant amount of the audit fieldwork. We expect the entire audit team to return to the City on an annual basis.

Listed below are the roles of each member of the audit team and a brief description of their qualifications.

PARTNER AND STAFF QUALIFICATIONS AND EXPERIENCE

Firm's Professional Personnel (Continued)

Audit Team Roles

Listed below are the roles of each member of the audit team and a brief description of their qualifications.

- **Role of the Partners in Charge of Audit**

Overall responsibility for excellent client service, will work closely with client's management and manager to ensure that all work is properly planned, executed, and completed. Conducts entrance, exit, and interim work conferences with client and participates extensively in audit fieldwork and the review process.

- **Role of the Technical Consultant and Independent Reviewer**

This team member will provide consultation and review of technical accounting and auditing issues, and a final "cold" review of the audited financial statements and reports.

- **Role of the Manager**

This team member will be primarily responsible for planning, conducting, and completing all fieldwork. He will participate in entrance, exit, and interim work conferences, and will keep the partners in charge and client fully informed on the job status. In addition, their responsibilities include staff supervision and report preparation. Will review the workpapers and assist in the effectiveness and efficiency of the audit, operating within the time budget.

- **Role of the Information Technology Consultant**

This team member will supervise or perform the review of the City's Information Technology Environment and key IT General Controls, Application Controls, and IT-Dependent Manual Controls in consultation with the audit team. He will also supervise or perform Computer-Assisted Audit Techniques (CAAT) or data analysis in consultation with the audit team. This team member will provide recommendations to strengthen the City's Information Technology Environment and IT-related controls. He will also provide assistance on any IT-related issues, as deemed necessary by the audit team.

Continuing Quality of Staff

Purvis, Gray and Company's number one priority is client service. The key to providing valuable service is with quality personnel. The individuals on your audit team are highly educated and experienced CPAs with a strong working knowledge of governmental accounting and auditing, good business sense, and good common sense. **These individuals will work directly and continually on your engagement.** We expect your audit team members to be available throughout your contract and option periods. While some staff turnover inevitably occurs, our firm makes every effort to maintain the high quality of our staff. We do this through hiring the best people, providing more than the minimum required continuing education, mentoring, and, most importantly, upper management participate in the audit fieldwork thereby providing true on-the-job training. We do not randomly rotate staff or hire seasonal employees and staff turnover has been relatively low compared to industry standards in the past three years. If it did become necessary to change any team members on your audit, it would be discussed with you in advance, and we would obtain your written approval. The City has the right to approve or reject replacements.

Résumés - Qualifications of Firm Personnel

Beginning on the next page, the partners in charge, consultants, managers, supervisors, and senior résumés provide more specific information for each individual, especially their participation in local government audits, memberships, and copy of licenses to practice as a Certified Public Accountant in the State of Florida.

PARTNER AND STAFF QUALIFICATIONS AND EXPERIENCE

Continuing Education Credit for Personnel

As members of the Audit Quality Center of the AICPA, each CPA is required to obtain eighty hours of continuing professional education every two years. Over 75% of Purvis, Gray and Company's audit engagements are governmental clients; accordingly, many of our continuing professional education programs are related to governmental accounting and auditing. ***All of our Audit Department personnel are in full compliance with the continuing educational requirements set forth under U.S. Government Accountability Office (GAO), Government Auditing Standards.*** The continuing professional education material is presented by nationally prominent accounting professors and other individuals who have thorough knowledge of auditing local governments.

Our partners, managers, and senior staff members also attend annual conferences sponsored by the FSFOA, RUS, FECA, FGFOA, FMEA/FMPA, and FACC where they attend and teach continuing education classes that deal with new GASB and FASB pronouncements and current issues in Florida law and other similar topics. ***Client accounting staff are routinely invited to attend our continuing education classes throughout the year at no cost, which generally equals 16 hours per year.*** Following is a brief list of some of the governmental continuing education class topics that our partners and staff have recently taught:

CONFLICT OF INTEREST

No member of our firm's ownership, management or staff currently have a vested interest which might be considered a conflict of interest.

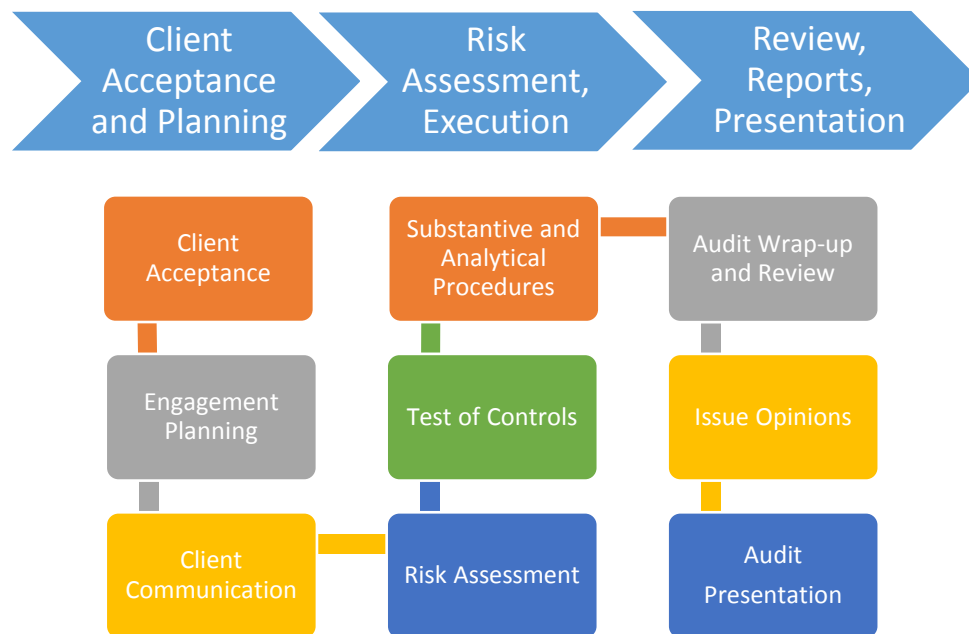

SPECIFIC AUDIT APPROACH

Audit Methodology

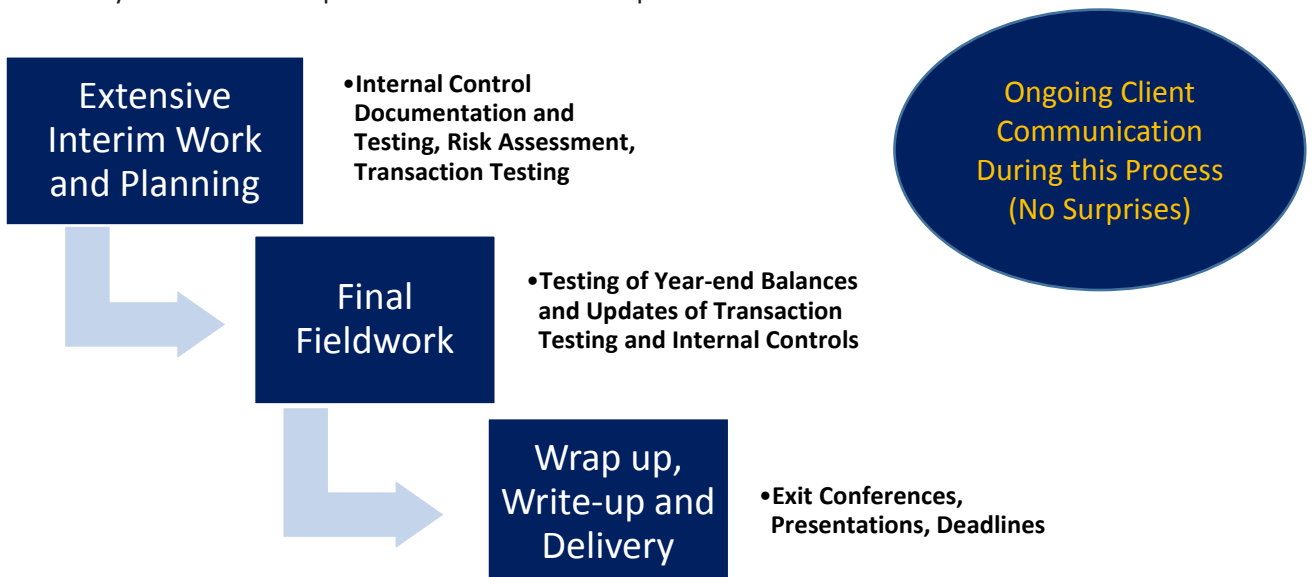

As required by audit standards, our audit methodology is a *risk-based approach*. This methodology focuses the audit resources on the areas where risks of fraud, irregularities, or financial statement errors are most likely to occur. It emphasizes the “big picture” over the details.

The audit process can be further broken down into the following steps:

Work Plan

This plan can be broken down additionally into the following three different time phases of the audit, followed by a more detail explanation of each of these phases.

SPECIFIC AUDIT APPROACH

Work Plan (Continued)

Interim Work Prior to September 30, 2018 (and Each Succeeding Year)

- Prepare an engagement letter to be reviewed and signed by the City Auditor.
- Conduct an entrance conference with the City Auditor, Budget and Finance personnel and various Department Directors, as needed, to discuss the City's status on prior audit items, operations, audit assistance, and other pertinent items. The Partners in Charge will attend these conferences.
- Perform certain initial audit and audit preparation procedures from our office such as downloading and reviewing City minutes, ordinances, resolutions, policies and procedures, and budgets; creating, updating, and reviewing permanent file documentation; developing a preliminary audit strategy, including establishing areas in which test of controls will be performed; preparing time budgets; determine preliminary materiality limits, etc.
- Obtain and review available City policies and procedures, flowcharts, and other documentation to develop and update business process and internal control narratives and checklists for significant classes of transactions. We will perform tests of controls in areas where such tests may reduce risks and provide for a more efficient audit of the area.
- Review the internal controls and compliance over the City's federal awards and state financial assistance. We will identify major programs/projects and related compliance requirements, and perform tests required by the Federal and State *Single Audit Acts*.
- Perform a review of the City's information technology (IT) environment and IT general controls over the significant financial applications identified. Our IT Department personnel will assist our Audit Department personnel with developing and performing these procedures.
- Perform preliminary analytical procedures and risk assessment procedures, and prepare preliminary audit programs.
- Conduct an interim exit conference with the City Auditor, Finance Director, and key personnel, to summarize results of interim procedures, discuss preliminary areas of concern to confirm our understanding, or to receive additional information from management, and discuss year-end work to be performed. The Partners in Charge will attend this conference.
- Work with key Budget and Finance Department personnel to identify, obtain, and mail confirmation requests to financial institutions, federal and state agencies, and attorneys.
- Schedule and perform inventory observations as necessary.

SPECIFIC AUDIT APPROACH

Work Plan (Concluded)

Final Fieldwork - November/December 2018 (and Each Succeeding Year)

- Conduct a year-end entrance conference with the City Auditor and Finance Director and separate year-end entrance conference(s) with Department Directors of key offices and programs, as needed, to receive updates on significant City activities from interim, accounting issues, and the status of the financial statements.
- Import the September 30, 2018 trial balance and 2018 final budget into audit software. Map new funds and accounts and compare to draft financial statements, if available. Resolve differences. Discuss presentation issues, if any, and make suggestions for management consideration.
- Perform year-end fieldwork, including analytical review, tests of details, and compliance tests. Complete audit fieldwork during November/December (as requested) each year.
- Review the City's draft financial statements (General Government, Pension Plans, OPEB Plans, CRA and WSPP), including entity-wide conversion, fund level statements, statements of cash flows, notes, budgetary statements, and MD&A. Provide suggestions and recommendations to City management for consideration and discussion.

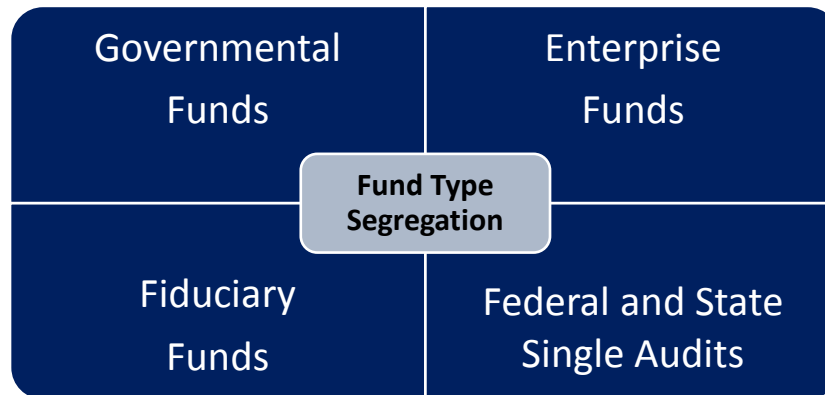

Wrap-up/Presentation - January/February of Each Year

- Prepare and deliver preliminary draft auditors' reports and comments by January 31, 2019 or sooner. Receive and resolve comments from management.
- Conduct a year-end exit conference with the City Auditor, City Manager, and Finance Director to summarize results of year-end procedures, discuss significant audit findings, and discuss wrap-up procedures.
- Perform Purvis, Gray and Company in-house review and other wrap-up audit procedures, including financial condition benchmarking assessment, and independent (in-house) review.
- Deliver final copies of the CAFR, independent auditors' reports on internal control and compliance after final exit conference by the first week of March.
- Present the final financial statements and related reports to the Finance and Audit Committee by March 2019 or sooner, in time for submission of the CAFR to the GFOA.
- Prepare and certify the Data Collection Form for federal grants with the federal audit clearinghouse.

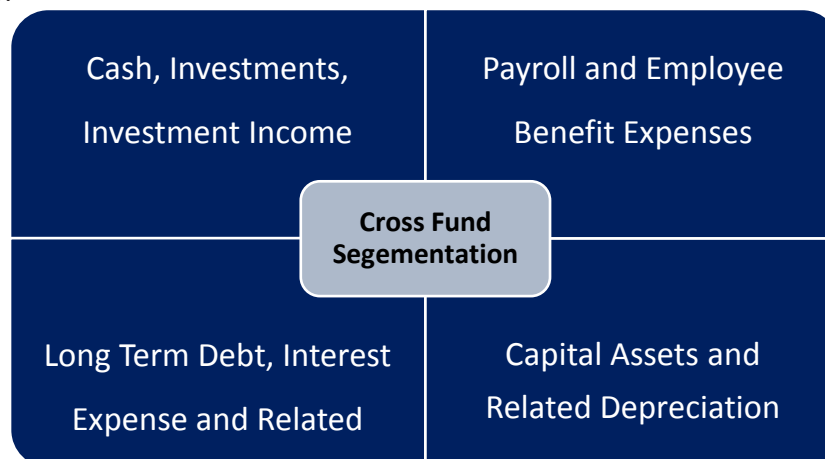

SPECIFIC AUDIT APPROACH

Proposed Segmentation of the Audit

Audit resources will initially be allocated based upon the following fund type segmentation of the audit:

In certain areas where it may be more efficient to test an entire class of account balances or transaction type on a city wide basis rather than by fund type. The audit will be further segregated by cross fund area as indicated below:

Level of Staff

Estimated hours, by staffing level and by segment (including Single Audits), are as follows:

<u>Staffing Level</u>	<u>Interim and Planning</u>	<u>Year-end Fieldwork</u>	<u>Wrap-up</u>	<u>Total</u>
Partners	40	120	40	200
Manager	40	100	20	160
Supervisor/Senior	40	100	20	160
Staff	60	200	20	280
Clerical	10	10	20	40
Total	190	530	120	840

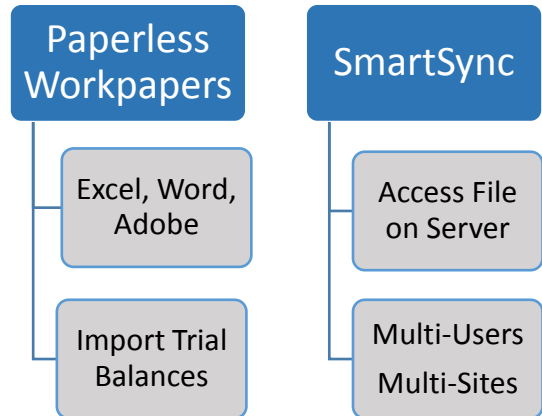

SPECIFIC AUDIT APPROACH

EDP Software to be Used

SPECIFIC AUDIT APPROACH

Internal Control Structure

Auditing Standards require auditors to obtain an understanding of internal control sufficient to assess the risk of material misstatement of the financial statements due to error or fraud, and to design the nature, timing, and extent of further audit procedures.

We will perform audit procedures to obtain an understanding of the design and implementation of the City's key controls in each significant audit area. Understanding the key controls will include an extensive review and documentation of the City's control environment, risk assessment activities, information and communication systems, monitoring activities, and control activities.

As part of understanding the control activities, we will identify the following:

- Significant Classes of Transaction and Cycles - Some Examples of Common Areas for Cities Include:
 - Purchasing, Accounts Payable, and Cash Disbursements, including P-Cards
 - Human Resources and Payroll
 - Revenues, Accounts Receivable, and Cash Receipts
 - Grants Expenditures, Billing, Accounts Receivable, and Cash Receipts
- Other Areas with Significant Risks or Fraud Risks - For Example:
 - Unusual Transactions
 - Significant Estimates
 - Subsequent Events
 - Information Technology Risks

For significant classes of transactions and cycles, we will gain an understanding of the procedures over initiating, authorizing, recording, processing, reporting, and reconciling and will:

- Request, obtain, and review available City policies and procedures, flowcharts, and other documentation.
- Review City-provided documentation against practice aids developed by PPC and in-house.
- Develop and update our business process and internal control narratives, flowcharts, checklists, and other documentation based on our review of City-provided documentation against our practice aids.
- Meet with and interview key Financial Department personnel and department directors or staff of key offices and programs to further develop and update our understanding of the processes and controls to include:
 - Identify the Key Manual and Automated Controls
 - Confirm with Management that the Key Controls have been Properly Identified
 - Evaluate Whether the Key Controls are Properly Designed and Implemented by Performing Audit Procedures, Including Observation, Inspection, Reperformance, and Confirmation to Obtain Audit Evidence that the Controls are Properly Designed and Implemented
 - Identify any Weaknesses in the Design or Implementation
 - ***Discuss any Weaknesses in Internal Control with Management to Confirm our Understanding or to Receive Additional Information or Identify Compensating Controls, if any***
 - Perform Tests of Controls (to Test the Operating Effectiveness of the Control Over the City's Fiscal Year) if Controls have been Properly Designed and Implemented, as Deemed Necessary to Reduce Audit Risk

For significant risks and fraud risks, we will identify the key controls, evaluate whether they have been properly designed and implemented, and design further audit procedures (tests of details) to specifically address those risks.

SPECIFIC AUDIT APPROACH

Internal Control Structure (Concluded)

For information technology risks, we will obtain an understanding of the extent to which information technology is used in the significant audit areas noted above and will identify the significant financial applications used. For the City’s significant financial applications, we will obtain an understanding of the IT environment (including the significant financial applications’ supporting technologies - operating systems, databases, network, etc.) and the IT General Control over these technologies, and evaluate the risks. Our procedures will be similar in nature to the procedures listed above “**for significant classes of transactions**”, except that they will focus on risks related to the IT control environment, change management, user access, and backup and recovery, instead of the initiating, authorizing, recording, processing, reporting, and reconciling of transactions.

Approach to be Taken in Determining Laws and Regulations

For audits conducted in accordance with *Government Auditing Standards*, the auditor is required to test compliance with laws and regulations that would have a material effect on the City’s financial statements. As such, we design our audit programs to ensure compliance with key laws and regulations such as:

- Budgetary Appropriation Limits
- Significant Debt Covenants
- Relevant Compliance Requirements of Major Programs Under the Single Audits
- Key Federal, State, or Local Laws
- Significant Contract Provisions
- Use of Restricted Revenue Sources

Approach to be Taken in Drawing Audit Samples for Purposes of Test of Compliance

Statistical sampling will be used on this engagement and will be coordinated with other audit procedures to achieve audit objectives in the most efficient manner possible. Statistical sampling will be used in relation to audit procedures for:

- Tests of Controls
- Substantive Tests of Transactions and Account Balances
- Tests of Compliance with Laws and Regulations
- Attribute Sampling

All sampling will be performed in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States; Chapter 10.550, *Rules of the Auditor General*; Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and State Department of Financial Services, *State Projects Compliance Supplement*.

Approach to be Taken in Reviewing Financial Statements

We ensure our audit reports and letters are in compliance with the latest auditing standards with the use of PPC’s practice aids. In addition, we utilize templates provided by the Auditor General of the State of Florida for the development of our management letters. We will draw upon our 70 years of experience with other local governments to look for ways that the City can be more efficient, cost effective, and improve internal controls. We will offer independent business advice and make ourselves available to staff and the City Auditor and City Commissioners to discuss any or all of our comments and recommendations.

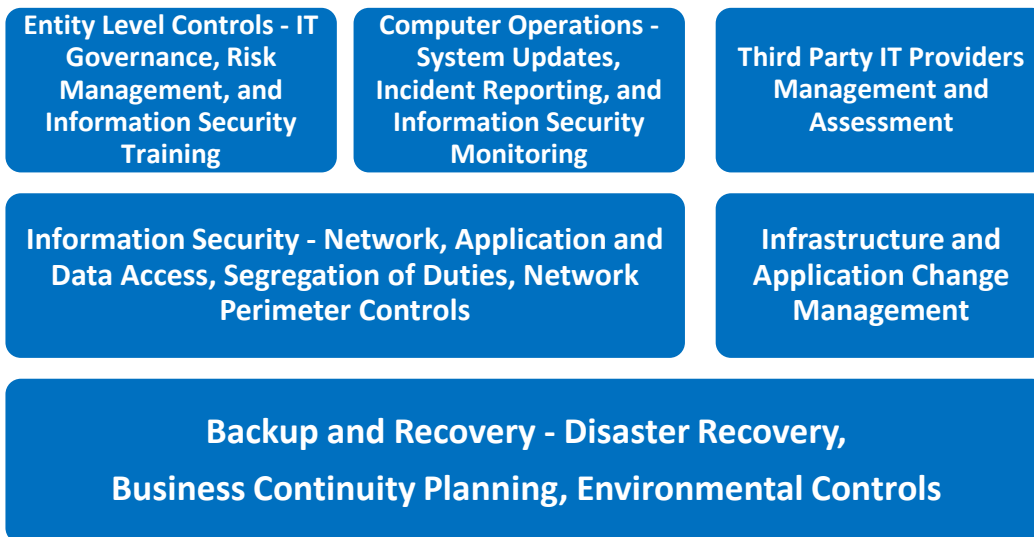

Our approach to audit findings is simple: we try to identify and communicate significant matters as early in the process as possible. We do not like surprises and we know our clients don’t like them either. That is why we hold weekly progress meetings with our clients in order to discuss and resolve internal control issues or accounting matters as quickly as possible.

SPECIFIC AUDIT APPROACH

Assessing Risks of Information Systems

IT Support of the Financial Audit Process

As part of the financial audit process, auditing standards require the auditor to gain an understanding of the IT environment including the Information Technology General Controls, which includes determining suitability of design and whether the control is implemented. The following are various types of Information Technology General Controls that typically are evaluated as part of the financial audit process.

Our IT Auditors will work with your IT professionals to evaluate the IT General Controls relevant to your financial applications that are key to the financial audit to advise and assist in the type, timing, and degree of testing performed by the audit team. This is usually accomplished through a questionnaire and checklist to be completed by your IT personnel followed up by interviews, inspection, and testing as deemed necessary by our IT Auditors.

Computer-Assisted Audit Tools (CAAT)

CAAT are used to assist the auditor and auditee in the following general areas:

CAAT		
Data Mining and Extraction	Data Sampling and Analysis	Fraud Detection

SPECIFIC AUDIT APPROACH

Assessing Risks of Information Systems (Continued)

PGC IT Audit Support, IT Security Consulting, and IT Assessment

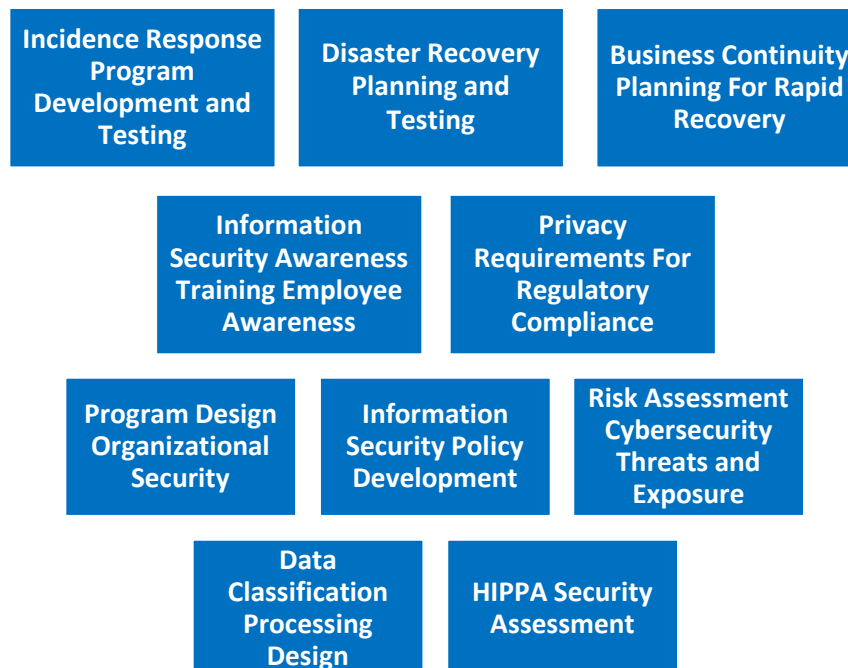

When you choose Purvis, Gray and Company you are getting a full suite of IT audit, consulting, and assessment services performed by IT professionals with the CISA, CISM, CITP, CGMA, CRISC, and CPA designations which can be summarized as follows:

Additionally, it is not uncommon for our IT Auditors to offer valuable formal or informal recommendations to further mature and refine your IT General Controls as a result of this process. The familiarity we gain from completing this work which is required for your financial audit will also make us very familiar with your IT platforms, ERP, and all other aspects of your IT. This is helpful in the event that we may be of further service beyond the Financial Audit in any areas of IT Consulting and Assessment services that we offer as outlined below.

Information Security Consulting Offering

Information Security Program Design involves evaluating organizational security and compliance status using techniques such as interviews, observations, and documentation review:

SPECIFIC AUDIT APPROACH

Assessing Risks of Information Systems (Concluded)

Information Technology Assessments

Information Technology Assessment engagements offered by Purvis, Gray and Company include the following:

AICPA Cybersecurity Engagements

Cybersecurity threats are on the rise, challenging organizations of all sizes—whether public or private. Boards of directors, managers, investors, customers, and other stakeholders are pressuring organizations to demonstrate that they are managing cybersecurity threats, and that they have put into place effective cybersecurity risk management programs to prevent, detect, and respond to security breaches.

To meet that need, the AICPA has introduced [SOC for Cybersecurity](#), a solution that builds upon the profession’s experience in auditing system and organization controls. It enables CPAs to examine and report on an organization’s cybersecurity risk management program.

Purvis, Gray and Company can use the SOC for Cybersecurity criteria and guidance to provide advisory engagements to help our clients strengthen their cybersecurity risk management programs. Or, as an organization reaches a state of readiness, Purvis, Gray and Company as an independent CPA firm can offer a cybersecurity risk management examination engagement and provide an opinion on the entity’s description of its efforts, and the effectiveness of its controls.

SSAE-18 System and Organization Controls (SOC) 1, SOC 2, SOC 3 Examination and Reporting

By having an extensive expertise in generally accepted auditing standards, both nonprofit and for-profit accounting processes, information technology general controls, and the AICPA SSAE-18 attestation standards and requirements, coupled with an experienced SOC staff, Purvis, Gray and Company can provide your service organization user entities with a quality and professional SSAE-18 SOC 1 Type 2 report.

Because Purvis, Gray and Company’s staff has extensive experience with the *Trust Services Criteria for Security, Availability, Processing Integrity, Confidentiality, and Privacy* (AICPA, *Trust Services Criteria*) and numerous types of third-party service offerings, we can provide your service organization user entities with a quality and professional SSAE-18 SOC 2 or SOC 3 Type 2 report.

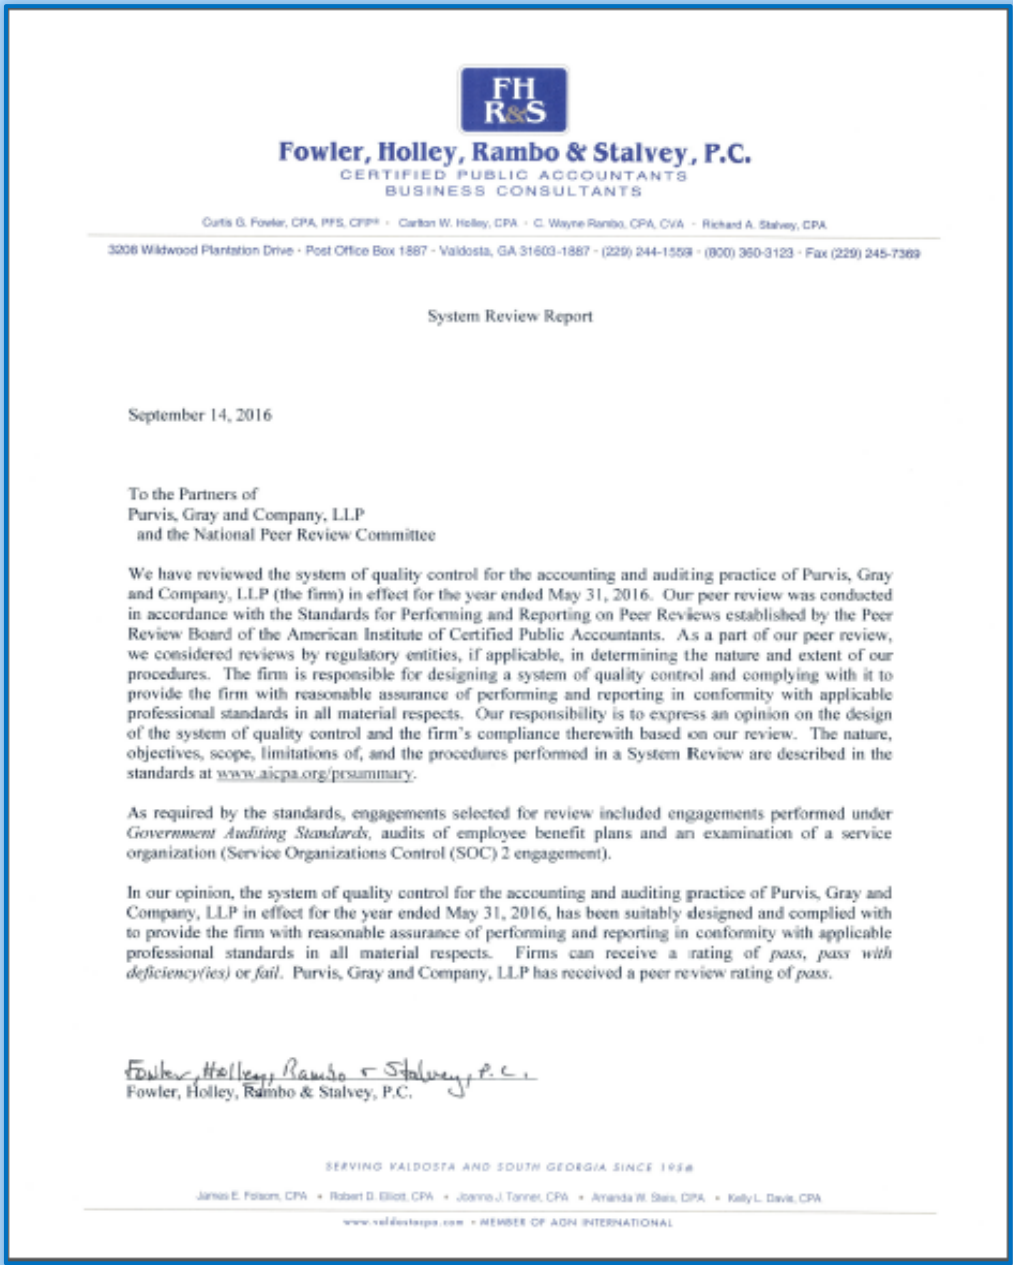

Purvis, Gray and Company can also assist organizations with getting ready for their first SOC Type 2 examination and can provide a Type 1 report upon completion of the readiness phase.

EXTERNAL QUALITY CONTROL REVIEW

Purvis, Gray and Company is a member of the AICPA's Governmental Audit Quality Center (GAQC). Our firm places high priority on its quality control and has successfully undergone a peer review made by the AICPA at least every three years since 1979. Because our firm has a heavy concentration of governmental clients, governmental audit engagements are selected for review by the peer review team. We have included a copy of our 2016 Peer Review Report, which included a pass rating, with no letter of comments, the highest level that you can obtain.

DRUG-FREE WORKPLACE FORM

The undersigned vendor in accordance with Florida Statute 287.087 hereby certifies that

Purvis, Gray and Company, LLP does:

(Name of Business)

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for the drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

RFP Name: Professional Auditing Services for General Government Bid No.: CAUD-190002-DH

NOTE: This Addendum has been issued only to the holders of record of the specifications.

The original Specifications remain in full force and effect except as revised by the following changes which shall take precedence over anything to the contrary:

1. Any questions shall be submitted in writing to the City of Gainesville Purchasing Division by 3:00 p.m. (local time), June 25, 2018. Questions may be submitted as follows:
Email: holderds@cityofgainesville.org
or
Faxed (352) 334-3163
Attention: Diane Holder
2. Please find attached:
 - a) Copy of the black-out period information (Financial Procedures Manual Section 41-423 Prohibition of lobbying in procurement matters)) distributed during mandatory pre-bid meeting.
 - b) Attachment A – Current Contract and engagement letter
 - c) Attachment B – Employees’ Pension Fund-Auditor’s report
 - d) Attachment C - Community Redevelopment Agency-Auditor’s report
 - e) Attachment D - Other Postemployment Benefits Fund-Auditor’s report
 - f) Attachment E – Wild Spaces and Public Places Funds-Auditor’s report

The following are answers/clarifications to questions received prior to the non-mandatory pre-bid conference:

3. Question: In preparation for the pre-bid meeting this Thursday it would be helpful to have the following:
 - a) Current auditor contract with all attachments and amendments including pricing breakdown.
 - b) 9/30/2017 and 9/30/2016 audited financial statement for the following (these are requirements of the RFP):
 - a. General Government’s Pension
 - b. Other Post-Employment Benefit (OPEB) Funds
 - c. Wild Spaces Public Places Capital Projects Funds
 - d. Community Redevelopment Agency (CRA) Funds

Answer: See attachments for reports.

The total bid was a lump sum \$105,000 for the first year (FY17), so there was no breakdown in the RFP.

However, internally when we prepared the PO, Finance broke it down as follows to charge the appropriate Funds:

001-General Government:	\$82,000

 - b. Carlos Holt, City Auditor, reports directly to the City Commission. He will oversee the contract and monitor the deliverables. Audit & Finance committee, which consists of two city commissioners (mayor and mayor pro-tem), approve items of the City Auditor's office to go to the City Commission. (see Section D, page 22).
 - c. The City went through a RFP process for General Government (GG) and Gainesville Regional Utilities (GRU) in 2016 for FY 2017, FY 2018 and FY 2019 with two additional two-year periods. The deliverables were not timely for FY 2017 under the current contract for General Government, and the contract was subsequently cancelled.
 - d. This contract term will be for FY 2018 and FY 2019 with two additional two-year periods to bring it back in alignment with the GRU contract. (see correction below)
 - e. Page 9 –Scope of Services, includes audits for:
 - i. General Government
 - ii. Wild Spaces Public Places
 - iii. Community Redevelopment Agency (CRA)
 - iv. Consolidated Pension (Fire and Police)
 - v. General Employee Pension Plan
 - vi. OPEB

NOTE CORRECTION:

SECTION V-GENERAL PROVISIONS

B. GENERAL TERMS AND CONDITIONS

7. Term. The term of the contract(s) will commence upon final execution and will continue for ~~three~~ two (3-2) years, subject to funding in subsequent fiscal years. At the end of the contract period, upon satisfactory performance, the City may, at its option, negotiate and extend the contract(s) for up to two additional two year periods.

The following are answers/clarifications to questions received at the non-mandatory pre-bid conference:

5. Question: Do you want the electronic versions of the proposal and price proposal on separate CD's or can they be on one?
Answer: Two separate CD's
6. Question: Where in our submittal should we include required forms (i.e. Drug Free Workplace, Proposal Response Form)?
Answer: You may include them under a tab "Required Forms" at the end of your proposal.
7. Question: Was the audit for the Consolidated Pension audit separate? Who did it?
Answer: The Consolidated Police and Fire audit is part of this contract. Please see Page 22 for the list of single employer pension and OPEB plans included in the scope. In our response to Addendum #1 we erroneously omitted the attachment of that audit; that audit is now attached as part of this Addendum #2. The City is looking for a total price for the RFP. The City internally charges each fund accordingly.

8. Question: It looks like the prior auditor drafted the previous statements and the City did the CAFR. How does the City want it?
Answer: City staff prepares the CAFR, and the various individual financial statements based on auditor templates.
9. Question: Do you want one price for all separate audits and the main CAFR audit?
Answer: Yes, all together for one price.
10. Question: Page 11 refers to rates for additional services. Have your required additional services?
Answer: No.
11. Question: Do you want rates for additional services?
Answer: No, it will be negotiated if required.
12. Question: What is your typical timeline? Internal timeline?
Answer: Staff will be prepared for auditors with all entries, draft fund financials, and standard lead schedules by the beginning of December. Typically present the CAFR and financials to the City Commission by the end of March.
13. Question: You discuss a potential new software. Where are you with that process?
Answer: Proposals for a new ERP are currently due June 29, 2018. That is probably at least two years out. Factor that into your proposal.
14. Question: Are there any accounting issues i.e. bond?
Answer: The Finance Department is strong in its knowledge base with accounting issues and in performance. The recent transition with a new finance director was seamless and did not interfere with the audit timeline.
15. Question: What about past financial performance? Are there any issues?
Answer: No management letter comments for several years, rarely any suggested journal entries.
16. Question: Do you know the engagement hours?
Answer: No. We do not track it and it is not on the invoice. The billing is based on a percentage basis.
17. Question: Can you provide the audit fee for the past?
Answer: See addendum #1.

41-423 Prohibition of lobbying in procurement matters

Except as expressly set forth in Resolution 060732, Section 10, during the black out period as defined herein no person may lobby, on behalf of a competing party in a particular procurement process, City Officials or employees except the purchasing division, the purchasing designated staff contact. Violation of this provision shall result in disqualification of the party on whose behalf the lobbying occurred.

Black out period means the period between the issue date which allows for immediate submittals to the City of Gainesville Purchasing Department for an invitation for bid or the request for proposal, or qualifications, or information, or the invitation to negotiate, as applicable, and the time the City Officials and Employee awards the contract.

Lobbying means when any natural person for compensation, seeks to influence the governmental decision making, to encourage the passage, defeat, or modification of any proposal, recommendation or decision by City Officials and Employees, except as authorized by procurement documents.
