CALL TO ORDER**ROLL CALL****ADOPTION OF THE AGENDA****CITIZEN COMMENT****DISCUSSION ITEMS**[180258.](#)**UAB Work Plan (B)**

Explanation: Among the code revisions made in Ordinance Number 170808, which was approved by the City Commission on second reading at their August 2, 2018, regular meeting, is the requirement that the UAB draft a yearly work plan for approval by the City Commission. The board discussed the issue at their August 9, 2018, regular meeting and concluded that creation of an energy policy for the City should be a top priority. They discussed models of energy policies from various other public utilities across the U.S. at their August 28, 2018, workshop and agreed that the next step is to write their work plan so that it lays out those areas they want to study for the energy policy.

The work plan was discussed again at the Board's September 25, 2018 workshop and their October 11, 2018 regular meeting. They determined that the work plan would consist of drafting an energy policy for the City of Gainesville and that each member would work on various parts of the policy. They also agreed to continue the discussion at their October workshop.

Fiscal Note: None

RECOMMENDATION

Continue discussion of work plan in preparation for the October 30, 2018 joint meeting with the City Commission.
