Explanation: Among the code revisions made in Ordinance Number 170808, which was approved by the City Commission on second reading at their August 2, 2018, regular meeting, is the requirement that the UAB draft a yearly work plan for approval by the City Commission. The board discussed the issue at their August 9, 2018, regular meeting and concluded that creation of an energy policy for the City should be a top priority. They discussed models of energy policies from various other public utilities across the U.S. at their August 28, 2018, workshop and agreed that the next step is to write their work plan so that it lays out those areas they want to study for the energy policy.

Work and discussion have continued across many meetings and workshops through March 5, 2019. Each board member wrote various parts of the plan and the chair and vice chair are now working to pull all of the parts together into one cohesive document with input from the other board members and the public.

Fiscal Note: None
