Re: DHR Project File No. 2020-1296  
Historic Preservation Review of the Proposed Amendment to Change the  
*Future Land Use Map of the Comprehensive Plan by changing the land use category of approximately 68.46 acres property located south of SW Archer Road, west of Interstate 75, and east of SW 44th Street, from Alachua County Medium Density Residential (MR), Light Industrial (LI), and Heavy Industrial (HI) to City of Gainesville Office (O) and Industrial (IND); ESR Review (DEO Ref. No. Gainesville 22-1ESR)*

Dear Mr. Persons:

According to this agency's responsibilities under Section 163.3184(3)(b) *Florida Statutes*, we reviewed the above document to determine if proposed plan elements may adversely impact significant historic resources.

A review of the information submitted with the amendment and of our records indicates that one known archaeological site, 8AL00246, is located within the above referenced future land use change area. Our office has not yet had an opportunity to evaluate whether the site is eligible for listing in the *National Register of Historic Places*. We recommend that any future plans should be sensitive to locating, assessing, and avoiding potential adverse impacts to historical resources.

For any questions concerning our comments, please contact Robin Jackson, Preservationist, Compliance and Review at 850.245.6496, or by electronic mail at [robin.jackson@dos.myflorida.com](mailto:robin.jackson@dos.myflorida.com).

Sincerely,

Timothy A. Parsons, Ph.D.

Re: Gainesville 22-01ESR – Expedited State Review of Proposed Comprehensive Plan Amendment

The Office of Intergovernmental Programs of the Florida Department of Environmental Protection (Department) has reviewed the above-referenced amendment package under the provisions of Chapter 163, Florida Statutes. The Department conducted a detailed review that focused on potential adverse impacts to important state resources and facilities, specifically: air and water pollution; wetlands and other surface waters of the state; federal and state-owned lands and interest in lands, including state parks, greenways and trails, conservation easements; solid waste; and water and wastewater treatment.

Based on our review of the submitted amendment package, the Department has found no provision that, if adopted, would result in adverse impacts to important state resources subject to the Department's jurisdiction.

Please submit all future amendments by email to [Plan.Review@FloridaDEP.gov](mailto:Plan.Review@FloridaDEP.gov). If your submittal is too large to send via email or if you need other assistance, contact Lindsay Weaver at (850) 717-9037.
