Community Health Improvement Plan

CHIP Mission

To guide a community health board, its partners, and its stakeholders on work to improve the health of the population within the City of Gainesville, FL.

CHIP Vision

To be a Global Model of a
Healthy Community.

CHIP Purpose

Addresses community needs and fills gaps identified in the Strategic Plan

1. Equity and inclusion to quality healthcare and trust in the medical community (Gainesville Vision 2035 Principle 1, Means 6);
2. Using data to better serve our Neighbors and our Gainesville Community (Mission Principle 4, Means 8); and
3. A Comprehensive City Public Health Policy and Strategy / Action Plan (Policy Agency 2020- 2021 Top Priority).

CHIP Management

Thanks to the support of the City Commission, funding was established to hire a full time Community Health Director. The role of the CHD will be to coordinate, document, and report on all health initiatives city wide across all city departments.

Community Partners

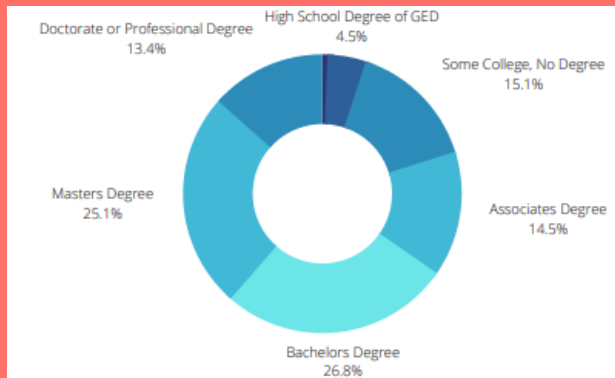

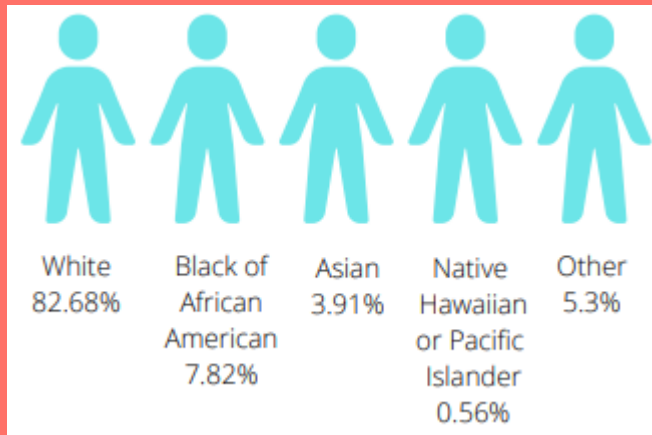

Mayor Lauren Poe
Commissioner Reina Saco
Commissioner Cynthia Chestnut
Commissioner Desmon Duncan- Walker
Commissioner Harvey Ward
Commissioner David Arreloa
Commissioner Adrian Hayes- Santos

City of Gainesville Departments

Overall CHIP Goals

- Goal 1: Identify working groups for each priority objective championed by a lead agency and committed partners- Community Health Director
- Goal 2: Identify possible policy and procedural changes to assist with access to care for all neighbors- Community Health Director

Assessments and Updates

- Annex A is designed to be a working document. Real time updates will be able to be located there.
- The current objectives are planned to remain the main focus for CY2022- 2024.
- A new CHIP Needs Assessment as well as community focus groups will be launched in 2025 to establish goals and objectives for 2026 to 2030. This will be done by the Community Health Director.

Thank You.
