

Sixth Street Corridor Rail Trail

30% Plan Level Review

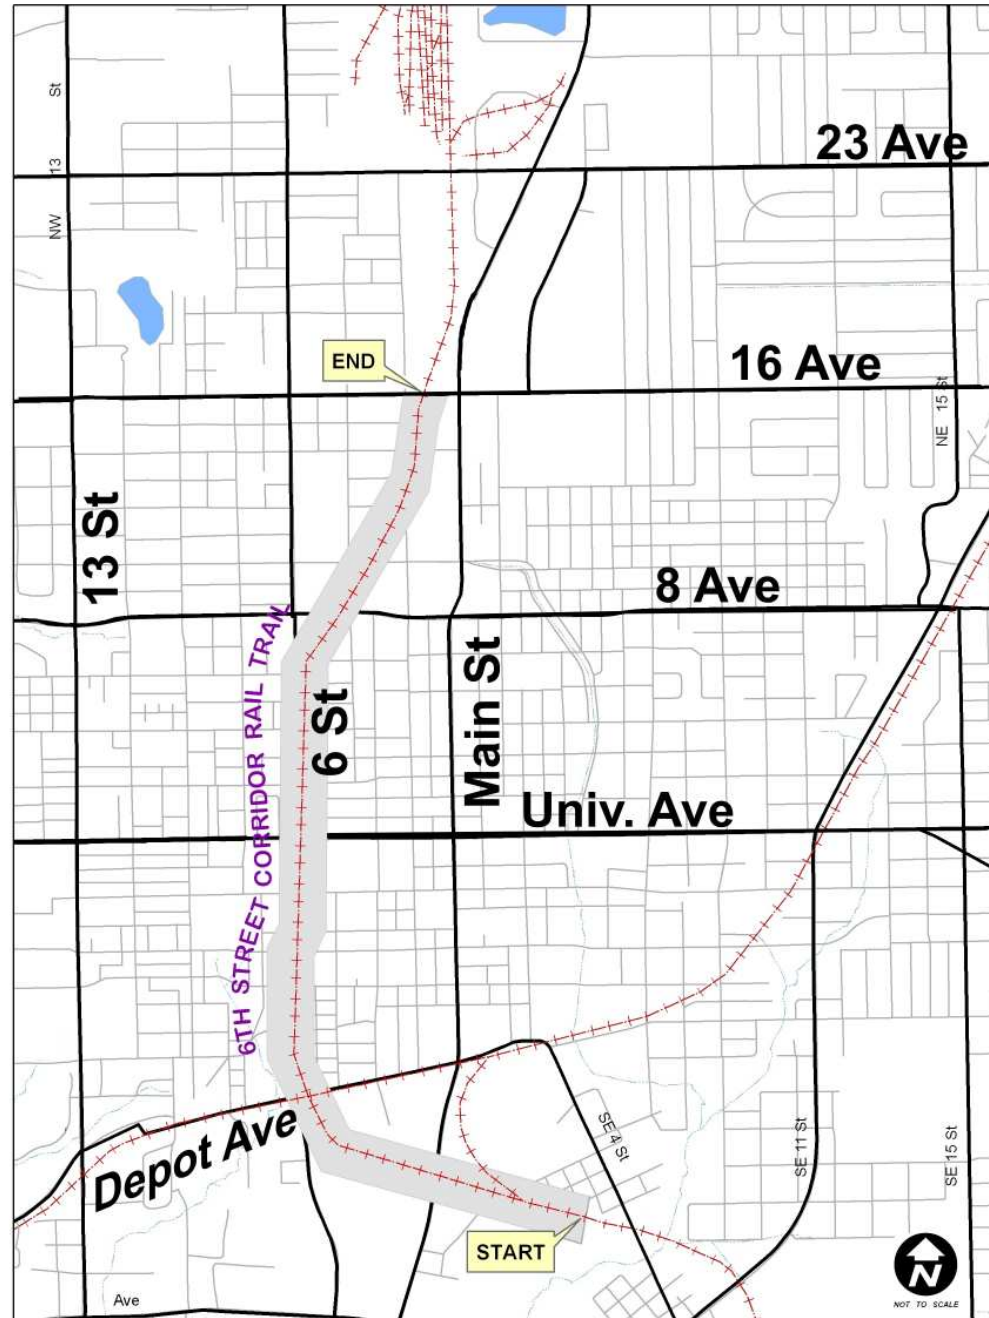

Sixth Street Corridor Rail Trail

Project Review

Project Key Issues

- 2+ Miles in Length
- 7 Major Roadway Crossings
- 7 Minor Roadway Crossings
- Traverses Multiple Land Uses
 - Residential
 - Industrial
 - Commercial
- To Be a Multi-Use Facility
 - Safe
 - Affordable
 - Attractive

*FHWA / FDOT Funding

- Requires a Local Agency Program Project Agreement
- No Reimbursable Funds May Be Spent Before LAPPA
- No Reimbursable Funds May Be Spent Before 7-1-10
- All Federal Contracting Regulations Must Be Followed
- Project Construction May Be Bifurcated to Allow City to Fund Un-Reimbursable Construction Before 7-1-10.

Land Rights

- State Purchased the CSX Right-of-Way
- City-State Lease to allow City to Construct and Maintain Rail-Trail Facilities

Project Team

The Public Works Department has assembled the Project Team. The Team consists of stake holders in this project and includes various City Departments, advisory board representatives, and others.

Project Team

Current Project Team Consists of:

- Project Design Consultant Team
- Parks, Recreation and Cultural Affairs – Tree and Landscape Interests
- GRU – Gas, Electric, Water/Wastewater, & GRUCom
- Public Works – Civil/Traffic Engineering, Solid Waste Management, RTS, Operations, & Bicycle/Pedestrian Coordinator
- Gainesville Police Department & Gainesville Fire Rescue
- University of Florida
- MTPO – Bicycle/Pedestrian Advisory Board

Note: The MTPO Design Team reviews the plans at the scoping and 60% levels

- Other Stake Holders Added as Identified
