31.1 The City and the Union recognize that substance abuse in our nation and our 18 community exacts staggering costs in both human and economic terms. 19 20 Substance abuse can be reasonably expected to produce impaired job performance, lost productivity, absenteeism, accidents, wasted materials, 21 lowered morale, rising health care costs, and diminished interpersonal 22 relationship skills. The City and the Union share a commitment to solve this 23 problem and to create and maintain a drug-free work place. The parties have, 24 therefore, agreed to the policy outlined in Addendum "A". 25

PURPOSE

FRATERNAL ORDER OF POLICE

**DRUG-FREE WORKPLACE** 

As a part of its commitment to safeguard the health of its employees, to provide a

safe place for its employees to work, to assure the public and fellow officers that

police officers are drug-free and to promote a drug-free working environment, the

City of Gainesville, Florida (City) has established this program relating to the use or abuse of alcohol and drugs by its employees. Supplemental programs required by

federal regulations will be described in addenda hereto. Substance abuse, while

at work or otherwise, seriously endangers the safety of employees, as well as the

general public, and creates a variety of workplace problems including increased

injuries on the job, increased absenteeism, increased health care and benefit

costs, increased theft, decreased morale, decreased productivity, and a decline in

the quality of products and services provided. This program is established in part

to detect users and remove abusers of drugs and alcohol from the workplace, to

prevent the use and/or presence of these substances in the workplace, and to

assist employees in overcoming any dependence on drugs and/or alcohol in

Section 440.101, Fla. Stat., provides in part that an employee who is injured in the

course and scope of his employment and tests positive on a drug or alcohol test

may be terminated and may forfeit his eligibility for medical and indemnity benefits

under Florida's Workers' Compensation Law. Refusal to take a drug (urine) or

alcohol (breath) test may result in the employee forfeiting his eligibility for medical

and indemnity benefits under Florida's Workers' Compensation Law and the

employee being subject to dismissal. Therefore, if Worker's Compensation

benefits are forfeited pursuant to the drug-free workplace program, the employee

Certain components of this program involve utilization of additional techniques and

procedures. These additional techniques and procedures as well as the

determination of the employee groups who will be covered by such, are both

justified by, and based upon, federal and state statutes, case law, and regulatory

findings relating to various public sector and private sector employees working in

safety-sensitive and "special risk" positions throughout inter- and intrastate

commerce. At such time as regulatory requirements become applicable to City

employees, this program will be altered as and if necessary to conform to the

specific requirements of final regulations. Until such time, any additional

techniques and procedures shall utilize mechanisms already in use and/or

proposed for use by state or federal law and regulation. Prior to making any

amendments to this Program, not required by changes to the applicable law

(statutes, regulations, case law, etc.) governing Section 440.101-.102, Fla. Stat., or

other state or federal requirements, the City shall submit the proposed amendment to certified bargaining representatives of city employees covered by the amendment and shall meet and confer with the certified bargaining representatives concerning the proposed amendment. Provided further, that in the event such amendments would authorize (1) the use of additional testing techniques, (2) testing for additional drugs, or (3) creating additional situations for testing (Section VII) shall be provided to the certified bargaining representatives of the employees covered by the program amendments. The City will bargain over the impact of such amendments if the Certified Bargaining Representative requests such within ten (10) calendar days of being provided with such amendments.

To the extent that Section 440.101-.102, or the implementing rules issued by the Agency for Health Care Administration (Fla. Admin. Code R. 59A-24) are amended, or other statutes and rules requiring drug testing determined to be applicable to City employees are adopted or amended, this Program will be modified without the necessity of further general notice. Amendments to the program issued as a result of the foregoing which would authorize (1) the use of additional testing techniques, (2) testing for additional drugs, or (3) creating additional situations for testing shall be provided to the Certified Bargaining Representatives of the employees covered by the program amendments. The City will bargain over the impact of such amendments if the Certified Bargaining Representative requests such within ten (10) calendar days of being provided with such amendments.

The City's Drug-Free Workplace Program has been prepared so as not to conflict with public policy and, further, not to be discriminatory or abusive. A drug-free workplace should be the goal of every employer in America. Drug and alcohol testing is only one of the several steps that must be taken to achieve this objective. When incorporated into a comprehensive anti-drug effort, testing can go a long way in combating drug and alcohol abuse in the workplace.

### **II. SCOPE**

All employees covered by this program, as a condition of employment, are required to abide by the terms of this program-and, as applicable, supplemental programs described in addenda to the City of Gainesville's Drug-Free Workplace Program. Any employee in doubt as to the requirements or procedures applicable to their situations may contact the City's Human ResourcesRisk Management Department for information. Consistent with policy determinations and legal requirements, the City shall limit testing to that which is considered necessary to meet the Purpose of this Program.

### 43 III. DRUG-FREE WORKPLACE PROGRAM DISSEMINATION

- A. The City has given a general one-time notice to all employees that the City prohibits its employees from illegally or improperly using, possessing, selling, manufacturing, or distributing drugs on its property, or while its employees are at work; that it is against City policy to report to work or to work under the influence of drugs; and that it is a condition of employment to refrain from using illegal drugs or alcohol on the job, or abusing legal drugs on or off the job such that it affects their job, and that a drug testing program is being implemented. At least sixty (60) days have elapse between the notice and any employee drug testing implemented pursuant to this program.
  - B. Prior to testing, all employees or applicants for employment will have been given a summary of the Drug-Free Workplace Program, a summary of the drugs which may alter or affect a drug test, a list of local employee assistance programs and a list of local alcohol and drug rehabilitation programs.
  - C. A notice of drug testing will be included with all job vacancy announcements for which drug testing is required. A notice of the City's drug testing program will also be posted in appropriate and conspicuous locations on the City's premises and copies of the program will be made available for inspection during regular business hours in the Human Resources Department.

- An employee who fails a random urine drug test will be subject to an C. Internal Affairs investigation and disciplinary action. Such disciplinary action may include termination for a first offense, absent mitigating circumstances. If mitigating circumstances warrant the employee being allowed to participate in a last chance agreement, in lieu of being dismissed, the Employee must meet the requirements set forth in paragraph X.(D). of this program. Furthermore, such an opportunity will not be available to an employee who has previously participated in an Alcohol/Drug Rehabilitation Program, the City's Substance Abuse Professional (SAP), or other approved, similar program, as an alternative to dismissal. \_Employees allowed the rehabilitation opportunity described herein may still receive disciplinary action short of dismissal in addition to required participation in the rehabilitation program. Participation in a treatment program, be it entirely voluntary or pursuant to this section, will not excuse additional violations of this policy, work rule violations, improper conduct, or poor performance and an employee may be disciplined or dismissed for such offenses or failure to perform.
- D. For purposes of this program, an employee is presumed to be under the influence of drugs if a urine test or other authorized testing procedure shows drug usage as set forth in the rules for the Agency for Health Care Administration (Fla. Admin. Code R 59A-24).

Therefore, any employee who is taking any over-the-counter medications or prescription drug which might impair safety, performance, or any motor functions shall advise his/her direct management representative of the possible impairment before reporting to work under the influence of such medication or drug. A failure to do so may result in disciplinary action. If Management, in consultation with Employee Health Services, determines that the impairment does not pose a safety risk, the employee will be permitted to work. Otherwise, management may offer a change in work schedule, temporarily reassign the employee or place the employee in an appropriate leave status during the period of impairment. Improper use of "prescription drugs" is prohibited and may result in disciplinary action. Improper use of prescription drugs includes, but is not limited to, use of multiple prescriptions of identical or interchangeable drugs, and/or consumption of excessive quantities of individual or therapeutically interchangeable drugs, and/or inappropriately prolonged duration of consumption of drugs, and/or consumption of prohibited drugs for other

than valid medical purposes. For the purpose of this Program, consumption of any drug by the employee of more than the manufacturer's maximum recommended daily dosage, or for a longer period of time than recommended (unless otherwise prescribed by employee's physician), or of any prohibited drug prescribed for or intended for another individual, or for other than a valid medical purpose shall be construed to constitute improper use. Prescription medication shall be kept in its original container (unless approved in advance by management) if such medication is taken during working hours or on City property.

F. Refusal to submit to, or efforts to tamper with, a drug test will subject the employee to dismissal.

Refusal is defined as follows:

Refuse to submit (to an alcohol or controlled substances test) means that an employee:

- (a) fails to provide adequate breath or blood for testing without a valid medical explanation after he or she has received notice of the requirement for alcohol testing; or
- (b) fails to provide adequate urine for controlled substances testing without a valid medical explanation after he or she has received notice of the requirement for urine testing; or
- (c) engages in conduct that clearly obstructs the testing process.
- G. Except as provided herein, failure to pass a drug test will result in disciplinary action, up to and including dismissal.
- H. Violations of drug prohibitions can subject an employee to disciplinary action, up to and including dismissal and will be imposed for a first offense absent mitigating circumstances. The fact that discipline is imposed for violations of this program will not prevent the imposition of further discipline, including termination, if an employee's certification is suspended or revoked, or otherwise affected in connection with a program violation.

 "Reasonable suspicion testing" means drug testing based on a belief that an employee is using, or has used drugs (including alcohol as defined in paragraph (IV\_)(a) above) in violation of the City's program, on the basis of specific, contemporaneous, physical, behavioral or performance indicators of probable drug use. It is a belief based on objective facts which could reasonably lead an observer to further investigation.

A copy of this report will be given to the employee upon request.

2. Each supervisor shall be responsible to determine if reasonable suspicion exists to warrant drug testing and required to document in writing the specific facts, symptoms, or observations which form the basis for such reasonable suspicion. The documentation shall be forwarded to the Department HeadPolice Chief or designee to authorize the drug test of an employee.

The Department-HeadPolice Chief or designee (who is otherwise safety sensitive) shall require an employee to undergo drug testing if there is reasonable suspicion that the employee is in violation of the City of Gainesville Drug-Free Workplace Program. Job applicants and employees will be asked to sign a Consent To Testing form. Execution of the consent to testing form by the employee shall not constitute a waiver of the grievance/arbitration procedures, if applicable.

### GB. Designated Laboratory

 Because of the potential adverse consequences of test results on employees, the City will employ a very accurate testing program. Specimen samples will be analyzed by a highly qualified, independent laboratory which has been selected by the City and certified by the appropriate regulatory agency. The name and address of the certified laboratory currently used by the City is on file with the Manager of Employee Health Services.

### **<u>DC</u>**. Notification of Prescription Drug Use

Applicants and employees will be given an opportunity prior to and after testing to, on a confidential basis, provide any information they consider relevant to the test including listing all drugs they have taken within the immediately preceding 30-day period, including prescribed drugs and to explain the circumstances of the use of those drugs in writing or other relevant medical information on a Drug Use Information form, which information will be furnished to the Medical Review Officer (MRO) in the event of a positive confirmed result. Applicants and employees will also be provided with a notice of the most common medications by brand name or common name, as well as the chemical name which may alter or affect a drug test.

## **E**<u>D</u>. Testing of Injured Employees

An employee injured at work and required to be tested will be taken to a medical facility for immediate treatment of injury. If the injured employee is not at a designated collection site, the employee will be transported to one as soon as it is medically feasible and specimens will be obtained. If it is not medically feasible to move the injured employee, specimens will be obtained at the treating facility under the procedures set forth in this program and transported to an approved testing laboratory. No specimen will be taken prior to the administration of emergency medical care. An injured employee must authorize release to the City the result of any tests conducted for the purpose of showing the presence of alcohol or drugs as defined by this policy.

Urine will be used for the initial test for all drugs except alcohol and for the confirmation of all drugs except alcohol. Breath will be used for the initial and confirmation tests for alcohol. Sufficient volume of specimens shall be obtained so as to provide for the necessary number of samples as may be required, depending upon the number of required procedures. Chemical breath testing methods will be utilized in connection with justifying further alcohol/blood tests in instances involving reasonable suspicion, and random (if instituted in the future) testing under this program. In the case of injured employees, the physician will have the discretion to determine to not draw a blood sample if such would threaten the health of the injured employee or if the employee has a medical condition unrelated to the accident which may preclude the drawing of the necessary quantity of blood for a testing specimen. Under these circumstances, no inference or presumption of intoxication or impairment will be made for the purposes of § 440.101-.102, but discipline for violation of the Program may be taken based upon observable conduct or conditions and/or the result of other tests, if any.

### GF. Cost of Testing

The City will pay the cost of initial and confirmation drug tests, which it requires of employees and job applicants. An employee or job applicant will pay the cost of any additional drug tests not required by the City. In the event that the City requires the employee's presence at the collection site outside normal working hours as part of the testing process and the employee passes the drug/alcohol test he/she will be compensated (if applicable) for time spent at the collection site, at the appropriate wage rate.

## **H**<u>G</u>. Collection Site, Work Site

- The City will utilize a collection site designated by an approved laboratory which has all necessary personnel, materials, equipment, facilities, and supervision to provide for the collections, security, chain of custody procedures, temporary storage and shipping or transportation of urine and blood specimens to an approved drug testing laboratory. The City may also utilize a medical facility (designated by the contract laboratory) as a collection site which meets the applicable requirements.
- 2. The City may require that an employee take a chemical breath test at the Work Site or other City facility.
- 3. Security of the collection site, chain of custody procedures, privacy of the individual, collection control, integrity and identity of the specimen

and transportation of the specimen to the laboratory as applicable will meet state or federal rules and guidelines. Florida Agency for Health Care Administration's CHAIN OF CUSTODY form as amended from time to time, will be used for each employee or job applicant whose blood or urine is tested. ŧΗ. Collection Site, Work Site, Personnel A specimen for a drug test will be taken or collected by: 1. A physician, a physician's assistant, a registered professional nurse, a licensed practical nurse, a nurse practitioner, or a certified paramedic who is present at the scene of the accident for the purpose of rendering emergency service or treatment and/or qualified breath alcohol technician as defined in CFR Part 40; or 2. A qualified person employed by a licensed laboratory who has the necessary training and skills for the assigned tasks as described in §440.102 (9) Fla. Stat. In the case of a chemical breath test, utilizing evidential breath test devices, a technician licensed pursuant to Fla. Admin. Code R. 59A-24, and/or qualified breath alcohol technician as defined in 49 CFR Part 40. Testing Laboratory <mark>J</mark>Ⅰ. 1. The laboratory used to analyze initial or confirmation drug specimens will be licensed or certified by the appropriate regulatory agencies to perform such tests. The Agency for Health Care Administration has published Drug-Free Workplace Standards (Florida Administrative Code, R 59A-24) which shall be followed by laboratories and employers for testing procedures required under § 440.101-.102, Fla. Stat. 2. All laboratory security, chain of custody, transporting and receiving of specimens, specimen processing, retesting, storage of specimens, instrument calibration and reporting of results will be in accordance with applicable state or federal laws and rules established by HCA-or the U.S. Department of Transportation; to the extent the above information is readily reproducible by the lab and not confidential, such will be forwarded to the appropriate certified bargaining unit representative upon their request and their payment for reproduction cost.

### KJ. Initial Tests Used

Initial tests will use an immunoassay except that the test for alcohol will be a chemical breath test. The following cutoff levels will be used when screening specimens to determine whether they are positive or negative for these drugs or metabolites. All levels equal to or exceeding the following will be reported as positive:

Alcohol	.04 g/dl%
Amphetamines	1000 ng/ml
Cannabinoids	50 ng/ml
Cocaine	300 ng/ml
Phencyclidine	25 ng/ml
Methaqualone	300 ng/ml
Opiates	300 ng/ml
Barbiturates	300 ng/ml
Benzodiazepines	300 ng/ml
Synthetic Narcotics:	Ū.

LK. Confirmation Tests Used for Implementing § 440.101-.102, Fla. Stat.

All blood and urine specimens identified as positive on the initial test will be confirmed using gas chromatography/mass spectrometry (GC/MS) or an equivalent or more accurate scientifically accepted method approved by the HCA, except that alcohol will be confirmed using an evidential breath testing device (EBT). All confirmation will be done by quantitative analysis. Concentrations which exceed the linear region of the standard curve will be documented in the laboratory and recorded as "greater than highest standard curve value." The following confirmation cutoff levels<sup>1</sup> will be used when analyzing specimens to determine whether they are positive or negative for these drug metabolites. All levels equal to or exceeding the following will be reported as positive:

Alconol	.04 g/ai%
Amphetamines	500 ng/ml
Cannabinoids	15 ng/ml
Cocaine	150 ng/ml
Phencyclidine	25 ng/ml

shall evaluate the drug test result(s) reported by the lab, verify by checking the chain of custody form that the specimen was collected, transported and analyzed under proper procedures and, determine if any alternative medical explanations caused a positive test result. This determination by the MRO may include conducting a medical interview with the tested individual, review of the individual(s) medical history or the review of any other relevant bio-medical factors. The MRO shall also review all medical records made available by the tested individual. The MRO may request the laboratory to provide quantification of test results.

5. Within three (3) days of receipt of the test results, the MRO will: (1) notify Designated Employer Representative (DER) of negative results, and (2) contact the employee or job applicant regarding a confirmed positive test result and make such inquiry as to enable the MRO to determine whether prescription or over-the-counter medication could have caused the positive test results. In this later case, the MRO will follow the applicable procedure set forth in either the HCA or D.O.T. rules for providing the employee or job applicant the opportunity to present relevant information regarding the test results. After following the appropriate procedures, the MRO will notify the City in writing of any verified test results. If the MRO, after making and documenting all reasonable efforts, is unable to contact the employee or job applicant to discuss positive test results, the MRO will contact a designated management official to arrange for the employee or applicant to contact the MRO.

The MRO may verify a positive test without having communicated to the employee or applicant about the results of the test, if 1) the employee or applicant declines the opportunity, or 2) within two (2) working days after contacting the designated management official, the employee or applicant has not contacted the MRO. Further, employees or applicants must cooperate fully with the MRO. Upon receipt of notification by the City that an employee or applicant failed to meet with the MRO upon his or her request or failed to promptly provide requested information the City will disqualify an applicant from being hired or will immediately place— an employee on suspension without pay that may result in discharge.

6. Within five (5) calendar days after the City receives a confirmed positive test result from the MRO, The City will notify the employee or job applicant in writing of such test results, the consequences of such results, and the options available to the employee or job applicant, including the right to file an administrative or legal challenge. Notification shall be mailed certified or hand delivered. Hand delivery is the preferred method of providing notice to employees. Mailed notification shall be deemed received by the

employee or applicant when signed for, or seven (7) calendar days after mailing, whichever occurs first.

- 7. The City will, upon request, provide to the employee or job applicant a copy of the test results (positive or negative).
- 8. Unless otherwise instructed by the City in writing, all written records pertaining to a given specimen will be retained by the drug testing laboratory for a minimum of two (2) years. The drug testing laboratory shall retain (in properly secured refrigerated or frozen storage) for a minimum period of one year, all confirmed positive specimens. Within this one year period the City, employee, job applicant, MRO or HCA may request, in writing, that the laboratory retain the specimen for an additional period of time. If no such request, or notice of challenge is received (See paragraph (IX\_)(B\_)(3\_) below.), the laboratory may discard the specimen after 210 days of storage.

## B. Challenges to Test Results

- 1. Within five (5) working days (Monday thru Friday, 0800 1700, except observed/designated holidays) after receiving notice of a confirmed positive test result from the City, the employee or job applicant may submit information to the City explaining or contesting the test results and why the results do not constitute a violation of this program. The employee or job applicant will be notified, in writing, if the explanation or challenge is unsatisfactory to the City. This written explanation will be given to the employee or job applicant within 15 days of receipt of the explanation or challenge, and will include why the employee's or job applicant's explanation is unsatisfactory, along with the report of positive results. All such documentation will be kept confidential and will be retained for at least one (1) year.
- 2. Employees may challenge employment decisions made pursuant to this program as may be authorized by the City personnel-<u>Human</u> <u>Resources</u> policy or collective bargaining agreements.
- 3. When an employee or job applicant undertakes an administrative or legal challenge to the test results, it shall be the employee's or job applicant's responsibility to notify the City through its Human Resources Director and the laboratory, in writing, of such challenge and such notice shall include reference to the chain of custody specimen identification number. After such notification, the sample shall be retained by the laboratory until final disposition of the case or administrative appeal.

4. There shall be written procedures for the action to be taken when systems are out of acceptable limits or errors are detected in accordance with 49 CFR, Part 40.

## C. Employee/Applicant Protection

- 1. During the 180-day period after the employee's or applicant's receipt of the City's written notification of a positive test result, the employee or applicant may request that the City have a portion of the specimen retested, at the employee's or applicant's expense. The retesting must be done at another HCA licensed laboratory. The second laboratory must test at equal or greater sensitivity for the drug in question as the first laboratory. The first laboratory which performed the test for the City will be responsible for the transfer of the portion of the specimen to be retested, and for the integrity of the chain of custody for such transfer.
- 2. The drug testing laboratory will not disclose any information concerning the health or mental condition of the tested employee or job applicant.
- The City will not request or receive from the testing facility any information concerning the personal health, habit or condition of the employee or job applicant including, but not limited to, the presence or absence of HIV antibodies in a worker's body fluids.
- 4. The City will not dismiss, discipline, refuse to hire, discriminate against, or request or require rehabilitation of an employee or job applicant on the sole basis of a positive test result that has not been verified by a confirmation test and by a MRO.
- 5. The City will not dismiss, discipline or discriminate against an employee solely upon the employee's voluntarily seeking treatment, while in the employ of the City, for a drug-related problem, if the employee has not previously tested positive for drug use, entered an employee assistance program for drug-related problems, or entered an alcohol or drug rehabilitation program. This shall not prevent follow-up testing as required by this program (See paragraph (VII\_)(E\_) above).
- D. Comparable Procedures

To the extent allowed by law and regulation, the City shall utilize 49 CFR, Part 40 procedures for workplace drug testing programs in lieu of the comparable procedures described herein, or incorporated by reference, when such comparable procedures are based upon the requirements of Fla. Admin. Code R. 59A-24.

# X. EMPLOYEE ASSISTANCE PROGRAM (EAP)

- A. The City regards its employees as its most important asset. Accordingly, the City maintains an EAP which provides help to employees who suffer from alcohol or drug abuse and other personal or emotional problems. Employees with such problems should seek confidential assistance from the EAP or other community resources before drug or alcohol problems lead to disciplinary action. Employees may contact Employee Health Services for the name of the City's EAP.
- B. Information about a self-referred employee's contact with the EAP is confidential and will not be disseminated without the employee's permission. Further, an employee is not subject to discipline solely as a result of a self referral for treatment.
- C. However, use of the EAP or other community resources will not shield the employee from appropriate disciplinary action for violations of the City's Drug-Free Workplace Program if such violations come to the City's attention through other means, including, but not limited to, reports from employees or outsiders, direct observation, or drug testing.
- D. Employees referred to the Substance Abuse Professional (SAP) as a result of a first violation of the City's Drug-Free Workplace Program will be allowed to continue their employment with the City provided they:
  - 1. contact the SAP and strictly adhere to all the terms of treatment and counseling; and
  - 2. immediately cease any and all abuse/use of alcohol/drugs; and
  - 3. consent, in writing, to periodic unannounced testing for a period of up to 60 months after returning to work or completion of any rehabilitation program, whichever is later; and
  - 4. pass all drug test(s) administered under this program and
  - 5. The employee and the certified bargaining representative, if any, executes and abides by an agreement describing the required conditions.

E. Participation in an employee assistance program or a drug rehabilitation program shall be paid for to the extent authorized under the City's Health insurance plan, whether the particular program is selected by the employee or the City.

# XI. INVESTIGATION

- A. To ensure that illegal drugs and alcohol do not enter or affect the workplace, the City reserves the right to undertake reasonable searches of all vehicles, containers, lockers, or other items on City property in furtherance of this program. Individuals may be requested to display personal property for visual inspection. Exception shall be made for officers on duty who must sell, purchase, posses, manufacture, distribute or dispense drugs, or their metabolites or alcohol as part of the work assignment.
- B. Searches for the purpose described herein will be conducted only where the City has reasonable suspicion that the employee has violated the City's Drug-Free Workplace Program, and that evidence of such misconduct may be found during the search. -A substance abuse investigation report shall be completed within twenty-four (24) hours after any search conducted pursuant to this sub-section.
- C. Preventing a premises/vehicle search or refusing to display personal property for visual inspection pursuant to this section will be grounds for disciplinary action, up to and including dismissal and/or denial of access to City premises.
- D. Searches of an employee's personal property will take place only in the employee's presence. All searches under this program will occur with the utmost discretion and consideration for the employee involved.
- E. Individuals may be required to empty their pockets, but under no circumstances will an employee be required to remove articles of clothing or be physically searched except by law enforcement personnel having lawful authority to do so.
- F. Because the City's primary concern is for the safety of its employees, the public and their working environment, the City will not normally seek prosecution in matters involving mere possession of illegal substances discovered solely as a result of a reasonable search under this section. However, the City will turn over all confiscated drugs and drug paraphernalia to the proper law enforcement authorities. Further, the City reserves the right to cooperate with or enlist the services of proper law enforcement authorities in the course of any investigation.

# XII. ARREST FOR DRUG-RELATED CRIME

- A. As a condition of employment, each employee obligates himself or herself to notify his or her appropriate management representative of the arrest for any alleged violation of, or conviction under any criminal drug statute, including but not limited to, offenses described in Chapter 316.193, Chapter 859, and Chapter 893, Fla. Stat. (1991). Except for the more immediate notice required under paragraph (V\_)(1\_) of this program, the employee shall give the required notice within 48 working hours of such event. Failure to notify will result in dismissal.

42 43 If an employee is arrested on a charge of commission of a drug-related crime, the City will perform a preliminary investigation of all of the facts and circumstances surrounding the alleged offense, and City officials may utilize the drug-testing procedures in accordance with this program. In most cases, the arrest for a drug-related crime, except off-duty alcohol use, will constitute reasonable suspicion of drug use under this program. However, information on drug test results shall not be released or used in any criminal proceeding against the employee. Information released contrary to this section shall be inadmissible as evidence in any such criminal proceeding. In conducting its own investigation the City shall use the following procedures:

- During the preliminary investigation, an employee may be placed on leave with pay, if applicable, or removed from <u>his/hersafety sensitive or</u> <u>"special risk"</u> assignments/positions.
- 1.2. After the preliminary investigation is completed, but in no event later than 15 days after the <u>Police Chief/Designeeemployee's department</u> head learns of the arrest, normal personnel procedures shall be implemented.

# 33 XIII. CONFIDENTIALITY

All information, interviews, reports, statements, memoranda and drug test results, written or otherwise, received by the City as a part of this drug testing program are confidential communications. Unless required by state or federal laws, rules or regulations, the City will not release such information without a written consent form signed voluntarily by the person tested, except when consulting with legal counsel in connection with action brought under or related to § 440.101-.102, Fla. Stat., or when the information is relevant to the City's defense in a civil or administrative matter.

The provisions of §119.07 to the contrary notwithstanding:

- A. All information, interviews, reports, statements, memoranda, and drug test results, written or otherwise, received or produced as a result of a drug testing program are confidential communications and may not be used or received in evidence, obtained in discovery, or disclosed in any public or private proceedings, except in accordance with this section or in determining compensability under Chapter 440 Florida Statutes.
  - B. Employers, laboratories, employees assistance programs, drug and alcohol rehabilitation programs, and their agents who receive or have access to information concerning drug test results shall keep all information confidential. Release of such information under any other circumstances shall be solely pursuant to written consent form signed voluntarily by the person tested, unless such release is compelled by a hearing officer or a court of competent jurisdiction pursuant to an appeal taken under this section, or unless deemed appropriate by a professional or occupational licensing board in a related disciplinary proceeding. The consent form must contain, at a minimum:
    - 1. The name of the person who is authorized to obtain the information.
    - 2. The purpose of the disclosure.
    - 3. The precise information to be disclosed.
    - 4. The duration of the consent.
    - 5. The signature of the person authorizing release of the information.
  - C. Information on drug test results shall not be released or used in any criminal proceeding against the employee or job applicant. Information released contrary to this section shall be inadmissible as evidence in any such criminal proceedings.
- D. Nothing herein shall be construed to prohibit the employer, agent of the employer, or laboratory conducting a drug test from having access to employee drug test information when consulting with legal counsel in connection with actions brought under or related to this section or when the information is relevant to its defense in a civil or administrative matter.
