 - c. Must correctly describe the property being submitted for the petition.
 - d. Must fully describe directions, distances and angles. Examples are: North 20 deg. West 340 feet (not abbreviated as N 20 deg. W 340'); Right-of-Way (not abbreviated as R/W); Plat Book (not abbreviated as PB); Official Records Book 1, page 32 (not abbreviated as OR 1/32); Section 1, Township 9 South, Range 20 East (not abbreviated as S1-T9S-R20E).
 - INFORMATION CONCERNING ALL REQUESTS FOR LAND USE AND/OR ZONING CHANGES (NOTE: All development associated with rezonings and/or land use changes must meet adopted level of service standards and is subject to applicable concurrency requirements.)
 - A. What are the existing surrounding land uses?

North Conservation (morningside Park) across E. Univ. Art to the north. Alachier County: Institutional; Medium Density Residential. Underelyed; single-Fundy residential, phone freligious lassembly. South Alache County: Medium Density Medium Density Medium Density Medium Density Prostantial; Institutional; Mixed-Use Pladential Medium Density (4-8 most facre). Underelope de East Alachue County: Justitutional; Medin Density Residential;

undereliped; Lake Forest Elementary School; single-tamely residential;

West

Diddle F 19 Celegior assumbly Public Facilities (Come Park), Conservation

Are there other properties or vacant buildings within ½ mile of the site that have the В. proper land use and/or zoning for your intended use of this site?

NO _ If yes, please explain why the other properties cannot accommodate the proposed use? There are underelyzed properties within Eunle that allow for residential development (multiple-tumly and Single-farmly) of 4-B units per acre. These properties are unincorporated Alacher Country and proximate to the subject property are of lessen

extent the the subject property

C. If	the request involves esidential, what are the i	nonresidential development adjacent to existing or future impacts of the proposed use of the property on the following:
	Residential streets	N/A
	Noise and lighting	N/A
D.	native vegetation, graphs property adjacent to t	· · · · · · · · · · · · · · · · · · ·
The majority of areas of si The property of is adjacent to E. Universit	NO_ f the property ha gnificant hater contains creek Cone Park and Theme to the Does this request inventor	YES (If yes, please explain below) s strategiz ecosystem designation. The property has al communities and listed species habitat. s, floodplains, and wetlands. The property other City lands to the west, and is across and south of the City's Morningside Park olve either or both of the following?
		toric district or property containing historic structures? YES
	b. Property with are	chaeological resources deemed significant by the State? YES
F.	Which of the follow development will protect the community):	wing best describes the type of development pattern your omote? (please explain the impact of the proposed change on
	Redevelopment	Urban Infill
	Activity Center	Urban Fringe
	Strip Commercial	Traditional Neighborhood

Explanation of how the proposed development will contribute to the community. There is no proposed development at this time. This is a land use (ad related) action that is required because City land use and zowing weed to be placed on lands
annexed from unincorporated Alachum Courtz
G. What are the potential long-term economic benefits (wages, jobs & tax base)? The potential, long-term economic benefits are generally positive. The proposed City land use (and related zoung) represents an increase in potential cleusity over the existing What impact will the proposed change have on level of service standards? I undeveloped greating at LOS "B", as if the adjacent segunt of SE 43 mg ST There are no major transportation issues associated with landuse or zoning schotion, but the project will be project to the pending Transportation Recreation most lity Program at the time of development from review No recreation issues are associated with the land use or zoning Concurrency review will occur at the time of development plan veriew, Water and Wastewater There are mains adjacent to this, property For both water adventewater adjacent, 6 me would need to evaluate the market on Gray Systems. The water distribution and seven collection systems may require off site upgrade, Such evaluation will occur at the time of clevelopunt plan Feview. There are no major solid leaste impacts associated with the land use on Zonny petitions Review for folid wash concurrency will occur at the time of development plan review. Mass Transit RTS Route 11 provides service every 30-60 minuter Mon. - Fri, every 60 minutes on Saturdays and every 60 minutes an Jundays. The service is provided along E. University Act and along SE 43.50 ST in this route between the Downtown Station and EATTWOOD I. Is the location of the proposed site accessible by transit, bikeways or pedestrian Meadows facilities? YES ____(please explain) NO ___ The proposed site is accessible by transit (RTT Route II) and pedestran facilities (videwalks along E. University Arene to the norty and N 43m St to theast).
