Dear Mayor Braddy:

The Department of Economic Opportunity has completed its review of the proposed comprehensive plan amendment for the City of Gainesville (Amendment No. 15-1ESR), which was received on April 8, 2015. We have reviewed the proposed amendment pursuant to Sections 163.3184(2) and (3), Florida Statutes (F.S.), and identified no adverse impacts to important state resources and facilities within the Department of Economic Opportunity's authorized scope of review.

If other reviewing agencies provide comments, we recommend the City consider appropriate changes to the amendment based on those comments. Re: Gainesville 15-1ESR – Expedited Review of Proposed Comprehensive Plan Amendment

The Office of Intergovernmental Programs of the Florida Department of Environmental Protection (Department) has reviewed the above-referenced amendment package under the provisions of Chapter 163, Florida Statutes. The Department conducted a detailed review that focused on potential adverse impacts to important state resources and facilities, specifically: air and water pollution; wetlands and other surface waters of the state; federal and state-owned lands and interest in lands, including state parks, greenways and trails, conservation easements; solid waste; and water and wastewater treatment.

Based on our review of the submitted amendment package, the Department has found no provision that, if adopted, would result in adverse impacts to important state resources subject to the Department’s jurisdiction. Please forward a copy of adopted amendments to the Department.

Re: Gainesville 15-1 ESR

Dear Ms. Lazzari and Mr. Mimms:

Thank you for the opportunity to review the City of Gainesville's 15-1 ESR amendment package, which the Florida Department of Education received on April 9, 2014. According to the department's responsibilities under section 163.3184(3), Florida Statutes, I reviewed the amendment considering the provisions of chapter 163, Part II, F.S., and to determine whether the proposal, if adopted, would have the potential to create significant adverse effects on public school facilities.

The package proposes three amendments which would: amend the future land use map related to the Gainesville Regional Utilities Deerhaven Generating Station to apply the city's Public and Institutional Facilities land use category to 2,327.59 acres; update the maps of the city's five historic districts; and amend the future land use map related to the Morningside Nature Center to apply the city's Conservation land use category to 97.8 acres. Because the proposals do not appear to have the potential to adversely affect public educational facilities, I offer no comment.

Again, thank you for the opportunity to review the amendment package. If I may be of assistance, please contact me at 850-245-9312 or Tracy.Suber@fldoe.org.
