Interests & Experiences

Why are you interested in serving on a board or commission?

Growing up in Gainesville afforded me with a unique cultural experience that continues to shape my life today. It is because of this that Gainesville is not just a place where I live, but a place that defines me. Being on the Historical Preservation Board would provide me with an opportunity to protect the distinctive culture, architecture, and public spaces that make Gainesville the city that we all have come to love.

Interests & Experiences

Why are you interested in serving on a board or commission?

I recently moved to Gainesville and I am very interested in getting involved, but also learning more about Gainesville as a whole. I saw that several boards were looking to take on new members, so now seemed like the perfect time. As a young professional, my perspective could be very different than those more seasoned in their careers. My most recent job was interning for the City of Dayton (Ohio) in Economic Development. Through this experience, I came to appreciate city government and the processes it goes through to serve its community. I would be honored to be apart of that again.

Interests & Experiences

Why are you interested in serving on a board or commission?

Gainesville is currently seeing tremendous growth and development, and it is essential that residents participate in shaping the future of the city. My experience as a business professor at UF, as well as my former training and international experience as an architect and urban designer working in Jerusalem (Israel) and London (UK), provide me with tools to evaluate and discuss urban development projects. I am eager to contribute my experience and expertise to the city.

Interests & Experiences

Why are you interested in serving on a board or commission?

I believe it is important to participate in the process of government to introduce new ideas and policies to foster a healthy community. My business background combined with my construction background, and my previous service on the Board of Zoning Adjustment gives me the tools to help contribute my time and energy to serve the citizens of Gainesville. My service as President and Vice-President of the Rose Isle Neighborhood association required me to be a liason with the mayors office and planning and engineering to develop an annexation plan to bring over 115 homes into the Orlando city limits.

Interests & Experiences

Why are you interested in serving on a board or commission?

As a graduate student at the University of Florida earning a PhD in Development Economics through the Food and Resource Economics Department, I am passionate about development policy analysis, implementation, and evaluation. As a student, I am studying the impacts of policies, and how they affect different stakeholders. Upon my graduation, I would like to pursue a career in policy analysis and focus on how development can be fostered in the most impactful way possible. I believe that my knowledge, experience, and skill set can bring a dynamic approach to the Development Review Board as a Student Seat Member, and I would like to be of service to my community in any way I can.
