The Committee and staff discussed various pros and cons of GRU's LEEP program and the idea of adding an additional \$100,000 to the program budget. Among other things, they discussed whether GRU should fund programs, other than its regular services, which benefit only some customers. They also discussed whether any additional funds should be used to expand the services offered under LEEP or simply put into programmable thermostats.

The committee agreed to meet again on October 26, 2016.

RECOMMENDATION *Discuss GRU's LEEP program.*
