

UAB Priorities for GRU

- 1) Recommend that GRU get an attorney that answers to the General Manager of GRU
- 2) Visit rate structures for both relief and for economic opportunity
- 3) Improve community outreach
- 4) Unfunded mandate transparency
- 5) Long term strategy in the face of huge disruptive factors such as distributed generation and battery storage of electricity
- 6) Expansion of service in basic products such as natural gas and other possibilities taking #5 into account
- 7) Attracting and retaining talent (Human Resources)
