Interests & Experiences

Why are you interested in serving on a board or commission?

I grew up in Gainesville and have raised my family here. I walk to work and I ride my bike for errands within about a 3 mile radius. I am very interested in promoting these forms of transportation and the infrastructure and policies that affect the safety of those on foot or bike.

Interests & Experiences

Why are you interested in serving on a board or commission?

My name is Samuel Putnam and I would relish the opportunity to serve my community as a member of the Bicycle Pedestrian Advisory Board. For the 11 years I have lived in Gainesville, I have relied on bicycles, buses, and walking to do the majority of my commuting. My daily routine includes considering bike lanes, sidewalks, and bus routes to determine the quickest and safest ways to reach my destination. As a student at the University of Florida, I was very familiar with the areas on and around campus. As a professional working around town, I have commuted through downtown, northwest, and northeast districts on a daily basis for nearly 9 years. As a new father, I load my 18 month-old son on our bicycle to travel to destinations around town, whether it is a friend's house, a park, or the doctor's office. These circumstances have stoked my passion for pedestrian and bicycle issues across the county and state. I believe advocacy from active bicyclists and pedestrians is necessary for any community to develop pedestrian accessible and bike friendly policy and infrastructure. I would be grateful for this opportunity to serve Gainesville and Alachua County in this important way.

Grants

Title: Pioneer Days in Florida: Diaries & Letters from Settling the Sunshine State, 1800-1900

Funding Agency: National Historic Publications and Records Commission

Status: Awarded

Funding Amount: \$79,550

Role: Key Personnel

Pioneer Days in Florida, funded by the National Historical Publications and Records Commission (NHPRC), digitized over 45,000 pages of the rarest and most fragile materials in the University of Florida's George A. Smathers Libraries, including all 19th-century materials from the Florida Manuscripts Collection. The content ranges from late colonial days (1784) through the Wars of Indian Removal, Civil War, Reconstruction, and into the 20th Century (1912). Items include 14 collections of family papers, 134 volumes of diaries and memoirs representing 40 different writers, and 240 folders of additional letters, reports, and sketches. Selections highlight some underrepresented topics, such as women pioneers, slavery and race relations, and the Second Seminole War. The digitized materials document "the experiences and conflicts of native peoples, settlers, soldiers, and travelers during [Florida's] turbulent 1800s," beginning when "settlers in Florida faced a harsh and alien environment, a patchwork of forts, ranches, and wilderness." They also paint a picture of Florida's first land boom in the 1880s, and the development of the tourist industry.

Interests & Experiences

Why are you interested in serving on a board or commission?

I would enjoy contributing, in this small way, to my home for the past 25+ years, the City of Gainesville. Specifically regarding the bike-ped: I ride my bike to church every Sunday, to the grocery store and other shopping every week, and to work occasionally, so I have first hand knowledge of biking in our city. I also walk a lot, and yes, drive my car sometimes. We need win-win solutions for all. Specifically for the student community: I know and love students at UF and Sante Fe, I have students living in my neighborhood, and my own child recently graduated from UF... so after living here for many years, I'm well aware of some issues between city and university. I'd like to be part of the solutions.

As an active bicycling resident of Gainesville for 40 years, I have a long and on-the-ground familiarity with biking in Gainesville. I have been a bicycle transportation advocate my whole adult life and finally have time (in retirement) to promote the continuing advancement of bicycling as an integral element of the transportation system of our community.

Interests & Experiences

Why are you interested in serving on a board or commission?

I love Gainesville! I want to contribute to our community in a meaningful way. I truly want to help. I am a practicing attorney and a mother of three children. I have the unique perspective of understanding rules, government, and process and truly caring about the future of our community for my children. The reason that I selected the committees that I did is that I strongly believe in equal access under law and that Gainesville should be a welcoming city. I also am a cyclist and enjoy riding bicycles with my husband and a children. I also support the arts and love public art! I look forward to using my skills to benefit our great city!
