## ENTERPRISE FUNDS

Enterprise Funds are used to report activities where a fee is charged to an external user and where that fee is intended to primarily cover the cost of providing that service. The sections that follow include a financial synopsis of the City's Enterprise Funds.

### STORMWATER MANAGEMENT (FUND 413)

The Stormwater Management Fund is used to account for the costs associated with maintaining, replacing and/or expanding the City's stormwater-related infrastructure and is funded by user fees. There are two parts to Stormwater Management funds; one being the operation and management of Stormwater facilities and the other being the capital projects involved with replacing and/or expanding stormwater facilities. This report concentrates on the operations fund which is projected to end FY2017 with expenses coming in approximately \$650,000 under budget and revenues over budget at about \$140,000. The year-end projections leave this fund in good financial health, with total net assets of \$30.8M.

Ironwood Golf Course

### IRONWOOD GOLF COURSE (FUND 415 & 418)

This fund is used to account for the cost of operations of the City-owned public golf course. Year end projections for FY2017 anticipate revenues to come in 2.95% or about \$38,000 above budget. Expenses are projected to come in about 9% or \$140,000 over budget. The current plan is to roll this fund into the General Fund in FY2020 as a recreation program.

Panels are removed to allow the new hospitals to connect to the UF Health Shands Cancer Hospital.

### FLORIDA BUILDING CODE ENFORCEMENT (FUND 416)

This fund is used to account for revenues and expenses related to the enforcement of the Florida Building Code. First quarter projections show this fund with lower than budgeted revenues; and the year-end projections indicate this fund will be short of budgeted revenues by about \$315,000, due to fewer permits being issued than projected during budget development. Year end expense projections are above budgeted levels at about 14.95%, or approximately \$473,000. This fund is projecting to retain a healthy fund balance of almost \$5.6M.

## SOLID WASTE (FUND 420)

The Solid Waste Fund is used to account for the City's refuse and recycling collection program. The refuse and recycling collections are performed by private contractors and are funded through user fees. Second quarter projections indicate that revenues for this fund are anticipating end the right at budget, with a projected total of \$67,000 above budget. Expenses during the second quarter totaled about 48% of the annual budget and are anticipated to end the year below budget by approximately 2.59% or \$260,000. Staff is projecting that this fund will have a slight deficit of approximately \$18,000 deficit at year-end, resulting in a projected total net position of roughly \$2.1M.

## REGIONAL TRANSIT SYSTEM-RTS (FUND 450)

This enterprise fund is used to account for the operations of the City's mass transit system. A majority of the revenue for RTS comes from outside sources such as grants and contracts with the University of Florida and Santa Fe College. Because most of the grants that RTS receives are reimbursable grants, there is usually a lag in the first part of the fiscal year as those reimbursements are made. Expenses are projected to be approximately \$1M over budget at year end and the revenues are projected to come in at \$1.3M over budget at the end of the year, offsetting the expenses. This fund is anticipated to have a year-end balance of approximately \$21.8M.

## INTERNAL SERVICE FUNDS

Internal Service Funds are funds that are used for activities that provide goods or services to other funds or departments of that government on a cost-reimbursement basis.

## FLEET MANAGEMENT SERVICES (FUND 502)

The Fleet Management Service funds are used to account for costs associated with maintaining the City's (including GRU) fleet and exists for the benefit of the City. This fund functions under a cost-reimbursement basis as revenues are collected from other departments to fund this operation. Revenues are projected to be slightly above budget by \$69,000 or 1.37% at year end. Expenses are projected to be just above budget by approximately \$14,000 or 0.24% at year end. This fund is projected to have an ending position of \$4.9M.

## GENERAL INSURANCE (FUND 503)

The General Insurance fund is used for costs associated with administering a self-insurance plan for workers' compensation, automobile, general and public official liability benefits. As an internal service fund, sources for the General Insurance fund are collected from other departments. Year end sources are projected to be below budget by about \$320,000 or 4.91%. Expenses are trending below budget, with total expenses anticipated to be about \$770,000 under budget at year end. If both the revenue and expense projections hold true, the year end would result in a \$450,000 deficit that is consistent with the spend-down plan implemented for this fund. The fund remains healthy with a projected \$2.3M fund balance at the end of FY2017.

---

## EMPLOYEE HEALTH & ACCIDENT (FUND 504)

This internal service fund is used to account for costs associated with administering a self-insurance plan for employees' health and accident claims. The plan is administered externally for an annually contracted amount which is based upon claims. Sources for this fund are collected from the City of Gainesville as an employer and from the employees who choose to participate in the different insurance plans the City offers. Year end revenue revenues are expected to come in approximately \$1.1M over budget with expenditures ending the year at \$337,00 over budget, trending with recent claim history. The results project a year end fund balance of about \$1.7M.
