## Interests & Experiences

## Why are you interested in serving on a board or commission?

Having moved to Gainesville a little over 2 years ago, Ive come to love the city. I decided I want to do what I can to better the city, Having a voice in the decision making process seems personally to me like grèat way to serve the community around me. I see the improvements surrounding Bo-didly plaza and the Train Depot both downtown, I would really enjoy serving the community by helping to beautify more places such as that, not only for college students but the other residents of Alachua county.

## Interests & Experiences

## Why are you interested in serving on a board or commission?

I moved to Gainesville in 2008 to pursue a degree in Agricultural and Biological Engineering at the University of Florida; I've stayed in Gainesville because I love the town, the people, and the culture. As a young, newly married professional, I'm looking to fully put down roots and become an active member of the Gainesville community at-large. Through my current position I have experience in Water Use and Environmental Resource permitting, project management, natural resource conservation and restoration, stormwater management and flood protection. I've also worked for a number of Gainesville businesses, received a Bachelor of Science in Engineering from UF, and am currently pursuing a Master of Science in Engineering; I expect to become a certified Professional Engineer in February 2018. I believe my work and technical experience, coupled with my love for Gainesville and desire to give back to my community, provide me with unique qualifications to serve on a number of Citizen's Advisory Boards/Committees.

## Interests & Experiences

## Why are you interested in serving on a board or commission?

Previously I was involved in many small businesses in Gainesville and it helped me feel like I was a part of the local business community. Working at the old Brasington's Adventure Outfitters and First Magnitude and now helping with the proposed business The Knot Climbing Gym in the Power District - I have developed quite an interest in my local community and government. I hope serving on a board will be my next step in helping make a difference in Gainesville and the surrounding communities.

## Why are you interested in serving on a board or commission?

I have been interested in working with other individuals to help our area. I believe one way to do this is by having multiple people from different backgrounds coming together and brain storming. As basic as that sounds, it is true. In order to better our community, we need to think critically and openly with each other. Even with different opinions we can come to a mutual, beneficial outcome.

I am trying to become more involved on a local level to affect positive change in our community and beyond. As a writer, I have a particular interest in the arts and cultural affairs. I am currently a board member of Dance Alive National Ballet and an active participant in the arts community. I owned and operated a business in Gainesville for 8 years (Do Art) and I would love to see our community grow to support more small businesses and cottage industries. Finally, as a mother of two girls growing up in Gainesville, it is important to me that my daughters live in a place where arts, culture, and people of all races, creeds and backgrounds are respected and appreciated.

## Writer

(352)505-1278 | [autumndoughton@gmail.com](mailto:autumndoughton@gmail.com) | 709 SW 28<sup>th</sup> Street, Gainesville, FL. 32607

I am trying to become more involved on a local level to affect positive change in our community and beyond. As a writer and artist, I have a particular interest in the arts and cultural affairs. I have lived in Gainesville for 15 years and have been a member of several boards and have been involved in different fundraising projects for Girl's Place, The American Cancer Society, and The Child Advocay Center, and Dance Alive Naytional Ballet. I owned and operated a business in Gainesville for 8 years (Do Art) and I would love to see our community grow to support more small businesses and cottage industries.

I am currently self-employed as a writer. I have written and published seven young adult and contemporary novels. I love the creativity and flexibility of my job, and the interactions I have with readers. Writing new characters necessitates that I look beyond myself and try to understand different people and new experiences. This has led me to seek out opportunities to serve others and better my community.

Finally, as a mother of two girls growing up in Gainesville, it is important to me that my daughters live in a place where arts, culture, and people of all races, creeds and backgrounds are respected and appreciated. I look forward to working with you.

## Interests & Experiences

### Why are you interested in serving on a board or commission?

I want to gain hands on experience with the field of work I want to go into once I graduate. I recognize the unique characteristics that Gainesville has and I can see the great amount of potential this city has. As a college student, I can represent the wants and needs of the students and help foster a more improved connection between the students and Gainesville's permanent residents.
