## Interests & Experiences

## Why are you interested in serving on a board or commission?

My family and I make a lot of use of the city parks, including the tennis courts at Westside Park, and I'm very interested in our city having premiere recreation opportunities for everybody. I have found myself complaining about how some resources are managed, and figured I ought to volunteer to help instead.

## REPRESENTATIVE APPELLATE MATTERS

1. Behnam v. Zadeh, 132 So. 3d 951 (Fla. Dist. Ct. App. 1st Dist. 2014). Reversal of trial court's entry of a summary judgment, where party sought dismissal and no summary judgment motion filed.

2. Jones v. Jones, 51 So. 3d 547 Fla. 1<sup>st</sup> DCA 2011). Finding that promissory note was a marital debt pursuant to § 61.075(5)(a)(1), Fla. Stat. was proper because the husband signed the note during the parties' marriage. Further, where the note's true value was somewhere between the face value and zero, the trial court did not err by discounting the face amount to achieve an equitable distribution.

3. Wagner v. Wagner, 61 So. 3d 1141 (Fla 1<sup>st</sup> DCA 2011; and A difference of 5% in the assets distributed to the parties via equitable distribution was reversed. "Close enough" is not the applicable standard for justifying an unequal distribution of marital and non-marital assets. The matter was remanded to the trial court for findings of fact to justify an unequal distribution.

4. Davies v. Davies, Cases No. 1D01-1275 [2002 Fla. App. LEXIS 12355; 27 Fla. L. Weekly D 1926, August 28, 2002], 1D01-5075, 1D02-240 [ 2002 Fla. App. LEXIS 12365; 27 Fla. L. Weekly D 1926, August 28, 2002], and 1D01-704 [821 So. 2d 1058; 2002 Fla. App. LEXIS 9882, June 28, 2002], First District Court of Appeal of Florida. Several appeals arising out of same matter; represented wife where

husband willfully refused to pay alimony, obtaining judgments enforcing arrearages.

5. Town v. Town, 801 So. 2d 324 (Fla. Dist. Ct. App. 1st Dist. 2001). Obtained affirmance of trial court's imputation of income to the former husband, and reversal of trial court's failure to award child support increase retroactive to the date of filing.

6. Winddancer v. Stein, Case No. 1D99-4689, 765 So. 2d 747; 2000 Fla. App. LEXIS 6419; 25 Fla. L. Weekly D 1298, May 26, 2000, First District Court of Appeal of Florida. In a child visitation case, trial court's order went too far by purporting to fashion remedies that were hypothetical. The appellate court granted mother's petition for writ of certiorari and quashed portions of order.

7. Williams v. Spears, Case No. 98-926, 719 So. 2d 1236; 1998 Fla. App. LEXIS 12461; 23 Fla. L. Weekly D 2276, October 7, 1998, First District Court of Appeal of Florida. Florida statute regarding grandparent visitation was unconstitutional where divorced parents were in agreement that a court should not order the grandparent visitation.

8. Neely v. Neely, Case No. 96-2861, 691 So. 2d 39; 1997 Fla. App. LEXIS 3156; 22 Fla. L. Weekly D 883, April 4, 1997, First District Court of Appeal of Florida. Ex-husband was not entitled to modification of the child custody arrangement with his ex-wife because there was no determination of a change in circumstances and of the child's best interests.

9. Edgar v. Edgar, Case No. 94-1300, 677 So. 2d 1359; 1996 Fla. App. LEXIS 8348; 21 Fla. L. Weekly D 1825, August 12, 1996, First District Court of Appeal of Florida. The trial court abused its discretion by finding appellant former wife rehabilitated and not awarding her sufficient rehabilitative alimony to allow her to become capable of earning some semblance of the lifestyle enjoyed during the long marriage.

10. In re Adoption of Doe, Case No. 72,593, 543 So. 2d 741; 1989 Fla. LEXIS 327; 14 Fla. L. Weekly 201, April 13, 1989, Supreme Court of Florida. Co-author of *Amicus Curiae* brief of the Family Law Section of the Florida Bar, in which Supreme Court held that putative father's pre-birth activities (or lack thereof) should be considered in determining whether he had abandoned child such that his consent to mother's planned adoption was not required.

## Interests & Experiences

## Why are you interested in serving on a board or commission?

I want to become more civically engaged in the Gainesville community and I think that this would be a fantastic way in which to do that. I want to take advantage of this unique opportunity to be directly involved with decisions that directly impact me and my community. I believe that this will provide a good way to exercise as well as strengthen the leadership skills I have gained thus far through my various extracurricular activities. I know that I have valuable insight and ideas that I can bring to the table and am looking forward to the opportunity to hear other's insights and ideas as well. Through collaborating with a diverse array of community members, I hope o have a positive impact on the Gainesville community during my time at UF. I am interested in the nature board in particular because I am passionate about environmental sustainability. I am also considering majoring in sustainability studies, so this would be a great way to gain hands on experience. I am interested in the human rights board because I strongly believe in equality. I hold a leadership position in one of UF's lgbtq+ activism groups. I am interested in the parks and recreation board because I believe that everyone regardless of socioeconomic background should have access to safe and fun outdoor spaces.

## Interests & Experiences

## Why are you interested in serving on a board or commission?

I have been a resident of Gainesville and Alachua County for nearly 22 years. I am interested in serving on an advisory board because I would like to contribute to the community I have loved since I was a student in the early 1990's. I am a fair and unbiased person with no political ties or ambitions who is just legitimately interested in making our community a better place to live. My main goal is to help children and adults who are less privileged get access to food, healthcare, and educational resources. I am willing to help with coordination, advising, and leadership of any activities to further these goals. Sincerely, Stephen J. Kozakoff

## **RESEARCH PROJECTS AND INITIATIVES**

---

- **Evolutionary Tutoring** is an ongoing project that makes use of Computational Intelligence (CI) and Evolutionary Algorithm (EA) computing techniques. The EvoTutor system uses a pre-built EA (Jade for this project) in conjunction with programming templates and a set of distractors to generate a set of Parson's programming puzzles. The system is intended to be used by beginning programming students. The purpose of the EA is to create more difficult programming scenarios based on student performance

feedback. My contribution is to develop a bridge service so that puzzles derived from the Jade EA can be used in the EvoTutor application and shared with the Problets system (<http://problets.org/>) which is separate developed. More information available at: <https://sourceforge.net/projects/evotutoring/>.

- **"Exploit JPEG File Structure to Implement Network Transmission Resistant Steganography"** (pending publication). In November 2015 I authored a paper describing a technique for hiding arbitrary data within the "APPx" data structures of a JPEG file. The data can be easily and reliably transmitted over the network without detection by current Intrusion Detection and Intrusion Prevention systems. The ability to hide and transmit data in this way has multiple, significant, and ongoing security implications.
- **Vaccine effectiveness comparison in a college aged population from retrospective records review** is a current project where I am using Big Data analysis techniques to develop and model data extracts to determine the effectiveness of flu vaccine for college students.
- **Virtual Anesthesia Machine** is the flagship simulation developed by the Center for Safety, Simulation, and Advanced Learning Technologies within the Anesthesiology department at the University of Florida. Today there are more than 40 simulations offered on reference website. My contribution was to the "Basic Virtual Anesthesia Machine (VAM) Simulation" where I developed of the authentication and authorization system, user management tools, and served as consultant for the Adobe Flash/Shockwave simulation technology. ## Why are you interested in serving on a board or commission?

I grew up in Gainesville and spent a decade in Tallahassee pursuing a law degree, and after graduating I entered public service as Federal Civil Rights Litigator at the Florida Office of the Attorney General. I returned to Gainesville at the end of 2016 to enter private practice at the Dell Graham law firm. However, I desire to continue serving the public, and to that end, I am interested in serving on one of the City's Advisory Committees. I have selected the Public Recreation and Parks Board because, as an athlete, parks and recreation have always been important to me. I also selected the Historic Preservation Board because, while in law school, I earned the Land Use and Environmental Law Certificate, and therefore I expect I have specialized skills to bring to the Board, even though I do not practice Land Use or Environmental Law. If the individual reviewing this application feels my skills would be suited to another advisory board, please feel free to contact regarding service upon that Board. Thank you for your time.

## Interests & Experiences

### Why are you interested in serving on a board or commission?

To whom it may concern, I moved to Gainesville in 2002 and immediately grew to love this community. During my time here, I have earned an AA degree from Santa Fe College and a BA from Saint Leo University. I now work for LifeSouth and am a homeowner. I would like to give something back to this community that has helped me achieve my personal goals. I believe serving on one of these boards would be a great start. It would truly be an honor. Thank you for your consideration, Matthew Audette

City of Gainesville

Greetings,

I am very interested in becoming an advisory board member. I am impressed by the growth that our community has achieved despite potential hindrances. I am seeking an opportunity assist with achieving future goals. I possess hands on experience in delivering high standards of customer service, excelling in sales, and transformational leadership. I have the sincere belief that this will be an exciting and challenging opportunity for me. If given the opportunity, I will prove to be a remarkable asset to our community advisory boards. By obtaining this position, I would be able to make a tremendous positive contribution to the mission, vision and long term success of our great city.

I am an optimistic go-getter who possesses excellent communication skills and the ability to work individually or within a collaborative team setting. In previous and current roles, I have consistently delivered superior people focused service with passion and zeal and consistently exceeded expectations pertaining to all goals and objectives. Additionally, I possess strong leadership skills. I am an active member of many professional and community based organizations. I realize that my success isn't just about what I accomplish in life, but about what I can inspire others to do.

In addition, I am adept at being actively engaged with the community and corporate arena. My enclosed resume gives additional details about my qualifications and skills.

I'm excited about the prospect of becoming an active community member of our city's advisory boards. I would appreciate the opportunity to further discuss how my skills and experience can be of use to the organization. I can be contacted at 352-553-8968 or via email at [cljackson5677@gmail.com](mailto:cljackson5677@gmail.com).

Thank you for your time and consideration.

Sincerely,

Chanaë Baker

## Interests & Experiences

### Why are you interested in serving on a board or commission?

---

The opportunity to serve on a board or commission would provide me with the opportunity to fulfill that passion and give back to my community. As a student resident of Gainesville for almost eight years, I am well acquainted with the many issues facing our community. I have a great deal of experience in the public sector dealing with critical policy issues. Most recently, I served as a fellow with the Florida Department of Economic Opportunity where I became well acquainted with issues impacting the state's economy, workforce, low-income families. I believe I can bring this experience and expertise in labor and workforce issues to city government. Furthermore, I have a unique perspective as a long-time graduate student at the University of Florida. I am well positioned to represent issues specifically impacting the student community. Both my passion for public service and my experience in government will serve me well as a member of a city board or commission. Finally, I am committed to advocating for and representing the most vulnerable members of our community, particularly individuals of color and historically marginalized groups. If given the chance, I will make sure the voices of these individuals are heard. Thank you for your time and consideration.
