| Mobility SHEET.pdf Context Area, this development must comply with the provisions of Transportation Mobility Element Policy 10.114, concerning new multi-family residential development funding capital transit costs associated with transit service needs. Payments hall be based on a proportionate share contribution toward the additional transit service enhancements needed to serve the proposed development in the RTS a.m. and p.m. peak hours to maintain existing service levels (frequencies). The payment will be based on the expected mode split of all development trips that will use transit. False Gas C0_20 DEMOLITION PLAN.pdf RE-USE EXISTING 3/4" POLY GAS SERVICE. CAP.GAS SERVICE AT BACK OF EXISTING SIDEWALK UNTIL READY FOR RE-USE. SEE UTILITY PLAN SHEET C3.00 FOR DETAILS.
