11       **WHEREAS**, the Butler Development is a private development consisting of  
12 approximately 267 acres within the City of Gainesville that is generally located north of SW  
13 Archer Road, south of SW 24<sup>th</sup> Avenue, east of SW 40<sup>th</sup> Boulevard, and west of SW 34<sup>th</sup> Street;  
14 and

15       **WHEREAS**, on November 21, 2013, the City Commission adopted Ordinance No.  
16 121108 and rezoned Butler Development to Planned Development District (PD), which is a  
17 zoning category that allows for landowners or developers to submit unique proposals that are not  
18 addressed or otherwise provided for in the zoning districts and land development regulations  
19 established by the City of Gainesville Land Development Code; and

20       **WHEREAS**, Section 163.3164(26), Florida Statutes, defines “land development  
21 regulations” as ordinances enacted by governing bodies for the regulation of any aspect of the  
22 development of land and shall specifically include any local government zoning, rezoning,  
23 subdivision, building construction, and sign regulations; and

24       **WHEREAS**, Section 163.3202(2), Florida Statutes, requires each municipality to adopt  
25 by ordinance and enforce certain land development regulations, which shall include the  
26 regulation of signage amongst other land development regulations; and

1           **WHEREAS**, Section 30-214 of the Land Development Code specifies certain land  
2 development regulations that a PD zoning ordinance may include, such as a unified signage plan  
3 that will regulate signage within the PD in a unique and innovative manner that is not provided  
4 for in the sign regulations in the Land Development Code but is nevertheless consistent with and  
5 promoted by the City of Gainesville Comprehensive Plan; and

6           **WHEREAS**, PD Ordinance No. 121108 includes a provision that allows Butler  
7 Development to submit a Master Signage Plan that will regulate signage within the Butler  
8 Development, subject to review and approval by the City Commission (*see* Exhibit “C” to  
9 Ordinance No. 121108, page 19 of 47, #7); and

10           **WHEREAS**, on January 15, 2015, the City Commission adopted Ordinance No. 140501  
11 to adopt a Master Signage Plan regulating signage within the Butler Development; and

12           **WHEREAS**, by initiation of the owners of Butler Development, this ordinance amends  
13 the adopted Master Signage Plan; and

14           **WHEREAS**, the City Plan Board, which acts as the Local Planning Agency pursuant to  
15 Section 163.3174, Florida Statutes, held a public hearing on January 26, 2017, and voted to  
16 recommend that the City Commission approve this amendment to the Butler Development  
17 Master Signage Plan; and

18           **WHEREAS**, at least 10 days’ notice has been given once by publication in a newspaper  
19 of general circulation notifying the public of this proposed ordinance and of public hearings in  
20 the City Hall Auditorium located on the first floor of City Hall in the City of Gainesville; and

21           **WHEREAS**, public hearings were held pursuant to the notice described above at which  
22 hearings the parties in interest and all others had an opportunity to be and were, in fact, heard;  
23 and

1           **WHEREAS**, the City Commission recognizes that signs may present a safety hazard by  
2     distracting motorists, pedestrians and other members of the public and may affect the aesthetic  
3     qualities and economic vitality of the community, and that these concerns are of a substantial  
4     interest to the City of Gainesville; and

5           **WHEREAS**, the City Commission finds that the signage regulations provided in the  
6     Butler Development Master Signage Plan are consistent with and promote the Comprehensive  
7     Plan and that such signage regulations are reasonable and narrowly tailored to directly preserve  
8     and protect the health, safety, welfare, and general well-being of citizens by promoting public  
9     safety, economic vitality, and aesthetic qualities in the City of Gainesville.
