Staff continues to engage four advisory boards. Will pause some projects, but will continue some initiatives in process. CRA is not fully staffed, in the process of hiring open positions.

Member Hayes-Santos asked about the projects that are moving forward. Sarah Vidal-Finn responded. Projects under review or in construction will continue; many in the initial planning phase will pause, but decisions will be made on a case-by-case basis depending on timelines and new priorities. Member Hayes-Santos spoke in support of continuing the Power District initiative.

Member Simmons spoke in support of continuing Eastside programs, should continue during the transition (particularly the paint and façade programs). Requested a list of projects that will continue or be paused. Sarah Vidal-Finn clarified that current programs will pause accepting applications until December due to management restrictions while the programs are revised. Member Simmons commented that residents should be able to participate ongoing rather than pausing.

Update from CRA staff on vacant properties owned by the City in the Porter's neighborhood.

Member Simmons asked for staff in March to bring back a list of vacant lots available in the Porter's neighborhood and to discuss potential actions with those properties. Asked CRA Attorney Sean McDermott if there is a contract between City/CRA and vacant properties.

Sara Vidal-Finn spoke to the way that CRA handles redevelopment of existing City properties. Asked for time so that staff can review and send a list of properties discussed to the Commission.

Member Johnson arrived at 4:30 PM.

Member Simmons commented about the maintenance of vacant lots, supports the Board looking at opportunities to partner with non-profits to address surplus properties (model block program). Concerned that this will not be a priority after City and County enter new redevelopment plan.

Member Warren asked about other examples of residential redevelopment programs supported by the City. Sarah Vidal-Finn responded. The City could include the housing program in the new restructured plan.

Chair Ward asked Assistant City Manager Fred Murry to give an update on the City's housing and community development work in the area. Fred Murry asked for Commission to wait for City staff to bring an update on existing efforts in the neighborhood. City staff will work with the CRA on the lots to ensure community engagement and prioritizing affordable housing.

Member Simmons requested that the Board consider putting properties in surplus and giving non-profits an opportunity to be involved.

Chair Ward and Member Poe responded that item should be added to Commission agenda. Fred Murry clarified that the Board does not need to take action, properties will remain in surplus as City's property. Sarah Vidal-Finn and Andrew Meeker spoke to the matter.

Fred Murry stated that City staff will bring updates on projects with properties to the City Commission in May.

Member Simmons asked if Commission can review vacant land in Porter's neighborhood to discuss partnering with non-profits on properties that CRA might redevelop. Member Poe suggested that the Board can bring the matter up in May when City staff is present. Fred Murry will add the vacant lots to the agenda item.
