Phone: 352-278-4102

Tree Location: Oak Tree in back yard leaning towards my house.

Complete this form and mail it back to the City Arborist on the date listed above to arrange for a hearing by the Tree Board of Appeals, which is made of three of the five experts in arboriculture appointed by the City Commission to the Tree Advisory Board. Their service to the community is to make technical decisions regarding trees when City staff and citizens disagree regarding the removal of regulated trees.

Meetings will be held in a public place. Staff from the City of Gainesville will indicate why the tree(s) should not be removed. You will then explain your perspective. Each member of the Tree Appeals Board will make an independent evaluation, and the Board will reach a decision. The Appeals Board meeting will be arranged for a time you will be able to attend.
