## Interests & Experiences

Why are you interested in serving on a board or commission?

---

I have had the pleasure of serving on the Development Review Board for the City since June, 2015. For the last two years I have served as Chairman of the DRB. As a commercial real estate professional, I am very involved in the community and interested in the continued comprehensive redevelopment of our City. I look forward to a continued positive relationship working with City staff as we review together development plans and variances submitted pursuant to the provisions of Chapter 30 of the Gainesville Code of Ordinances.

How many terms have you served on this board or committee previously?

---

Two

Members of all City of Gainesville Advisory Boards and Committees must only serve two (2) consecutive terms, except for the City Plan Board, Development Review Board and Historic Preservation Board.

## Interests & Experiences

Why are you interested in serving on a board or commission?

---

I was appointed to the board in February 2019, and I would like to continue serving on the board in the future. I was born and raised in Gainesville, and I am proud to raise my children here as well. I am interested in the long term future of the city. This includes helping the city to serve its current residents and helping to review future development plans. As an attorney and proud graduate of the University of Florida Law School, I would like to provide my time and energy to Gainesville and help continue its status as a great place to live and work.

How many terms have you served on this board or committee previously?

---

1 partial term beginning in 2019

Members of all City of Gainesville Advisory Boards and Committees must only serve two (2) consecutive terms, except for the City Plan Board, Development Review Board and Historic Preservation Board.

## Interests & Experiences

Why are you interested in serving on a board or commission?

Gainesville is growing and becoming more than just a "College Town." With the expansion of Bulter Plaza, the addition of Celebration Pointe, Gainesville and Alachua County are expanding. My interest in service on a board for City Planning or D is to ensure that Gainesville Code of Ordinances are being met as well as keeping in line with Gainesville desire to solve our critical issues with intentional design. While I believe I can add value to the city by serving on either board, I also believe that I would gain much from it as well. I hope that I would gain a better understanding of how the public and private businesses interpret Gainesville's smart growth and see how putting theory to execution works at the city level.

How many terms have you served on this board or committee previously?

0

Members of all City of Gainesville Advisory Boards and Committees must only serve two (2) consecutive terms, except for the City Plan Board, Development Review Board and Historic Preservation Board.

## Interests & Experiences

Why are you interested in serving on a board or commission?

---

The Development Review Board provides final review in areas that are crucial to the development of Gainesville into a city that is befitting its role as the home to a major university, an attractive center for the innovation economy, and a vibrant, healthy and community-oriented place to live and work. The existing codes define the requirements for this vision to be implemented. I would like to make sure that these codes, and the intent of these codes, are followed.

## **Interests & Experiences**

**Why are you interested in serving on a board or commission?**

---

I have been living in Gainesville for over a year now and have been biking everywhere since my arrival. I have ventured on bike lanes and roads that suggest cyclists and cars share the road and encountered negative interactions with automobile drivers. I have explored trails in Alachua County and their safety and connection to one another, or lack thereof. I avidly try to support cyclist safety and presence on the road and believe that our presence should be more reckoned. Many drivers are unaware of cyclists' presence and needs for safety on roads. I also believe that pedestrian safety and connectivity can see improvement. There are substantial areas in town that would benefit from crosswalks, as pedestrians deserve just as much consideration for safety on roads and sidewalks. I find that as an active student who advocates for cyclist safety and use, the board would benefit from having a voice from the perspective of both a city and university dweller working to safely bike through the City of Gainesville and the Greater Alachua County while being conscious of the needs of citizens on all forms of transportation. My background includes over 10 years as a dancer and artist involved in the arts community of Miami, and I find that bringing the diversity of South Florida and other international communities that visit and live in Gainesville would be a great benefit to everyone who lives here. I would love to serve on the Cultural Affairs board to add insight on my background both as a student and an artist to see how others can get involved, share their cultures and learn about one another in this tight-knit community. I am currently pursuing my Master of Arts in Urban and Regional Planning at the University of Florida, and spent August through December of 2018 interning at the City of Miami's Planning Department and getting an inside look at development from a City's perspective. I find that I would be a great asset to any of these boards and I am eager to make a difference in my community!
