

Alachua County Climate Change Past, Present, and Future

June 22, 2020

Steps for the Future

Staff Recommendations:

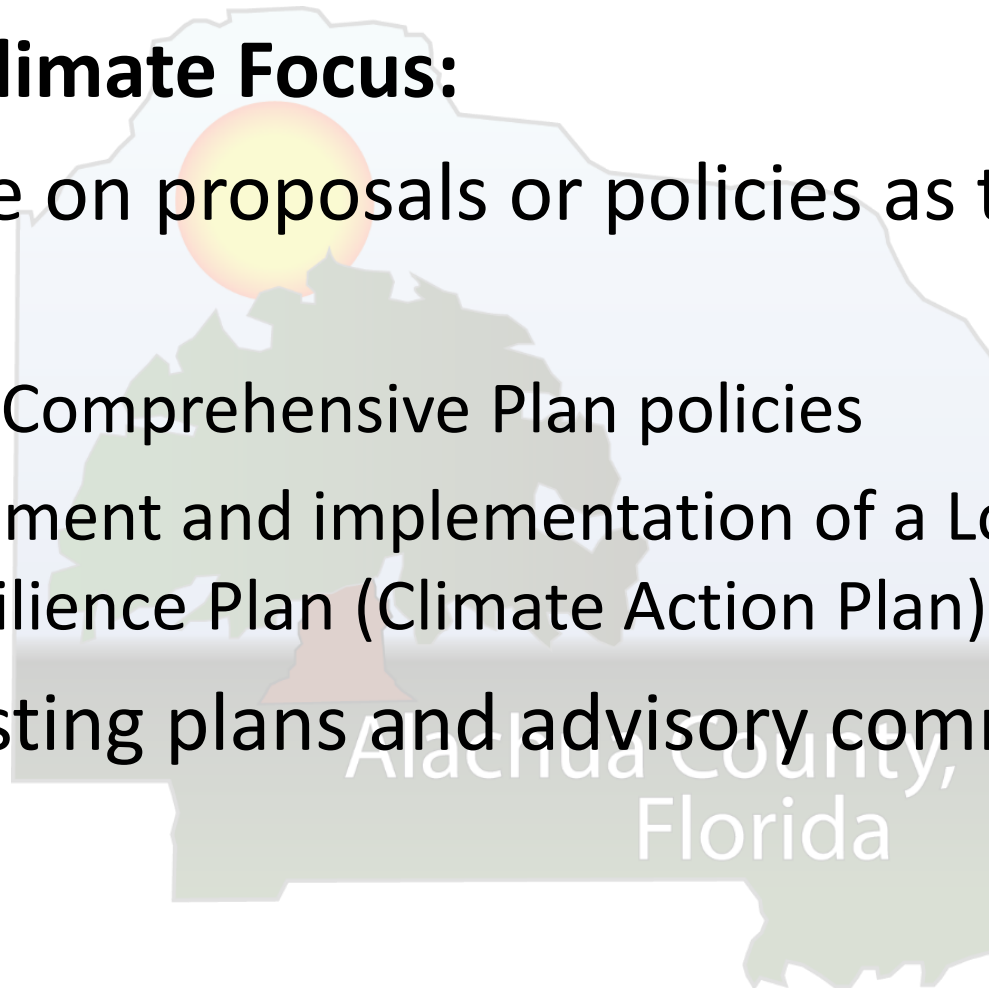

- Create a Climate Crisis Advisory Committee
- Strengthen climate change policies in Comprehensive Plan
- Develop and implement Local Climate Mitigation and Resilience Plan
- Collaborate with other local, regional, state, and federal initiatives

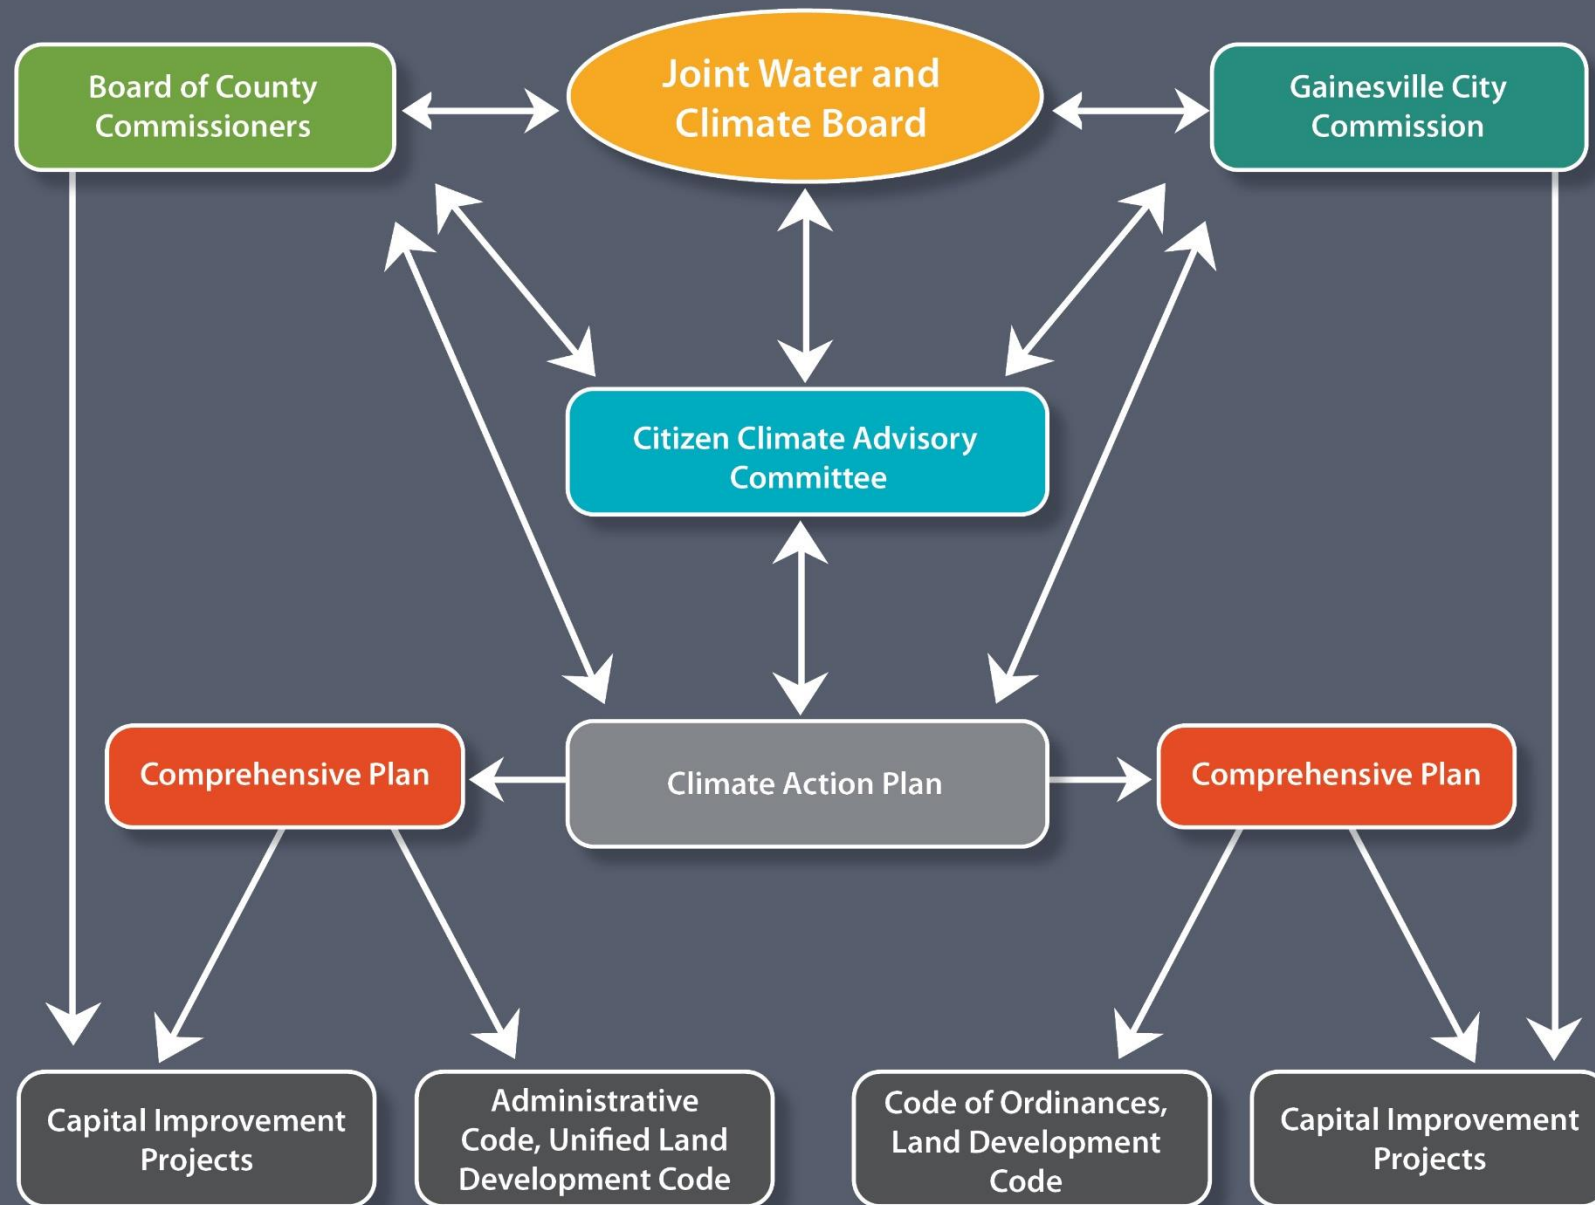

Climate Crisis Advisory Committee

Citizen Group with Climate Focus:

- Evaluate and advise on proposals or policies as they relate to Climate Change
 - Review and advise Comprehensive Plan policies
 - Advise the development and implementation of a Local Climate Mitigation and Resilience Plan (Climate Action Plan)
- Relationship to existing plans and advisory committees

Climate Crisis Advisory Committee (CCAC)

Proposed Path of Creation:

- The City and County establish CCAC by resolution
- Resolution designates JWPC to appoint members of CCAC
- JWPC accepts responsibilities and duties described in the BoCC resolution
- CCAC facilitated by two staff liaisons: one City and one County
