Campaign Overview

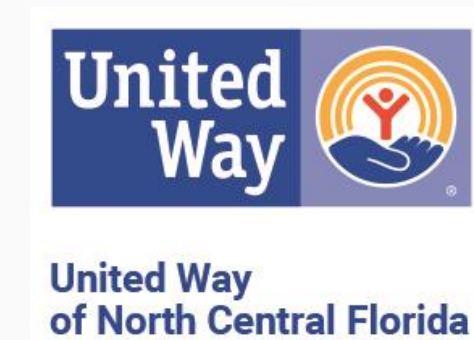

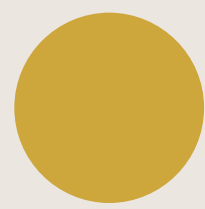

Fg. 1. FL-GLRC Solution Areas

Statewide and National Campaign

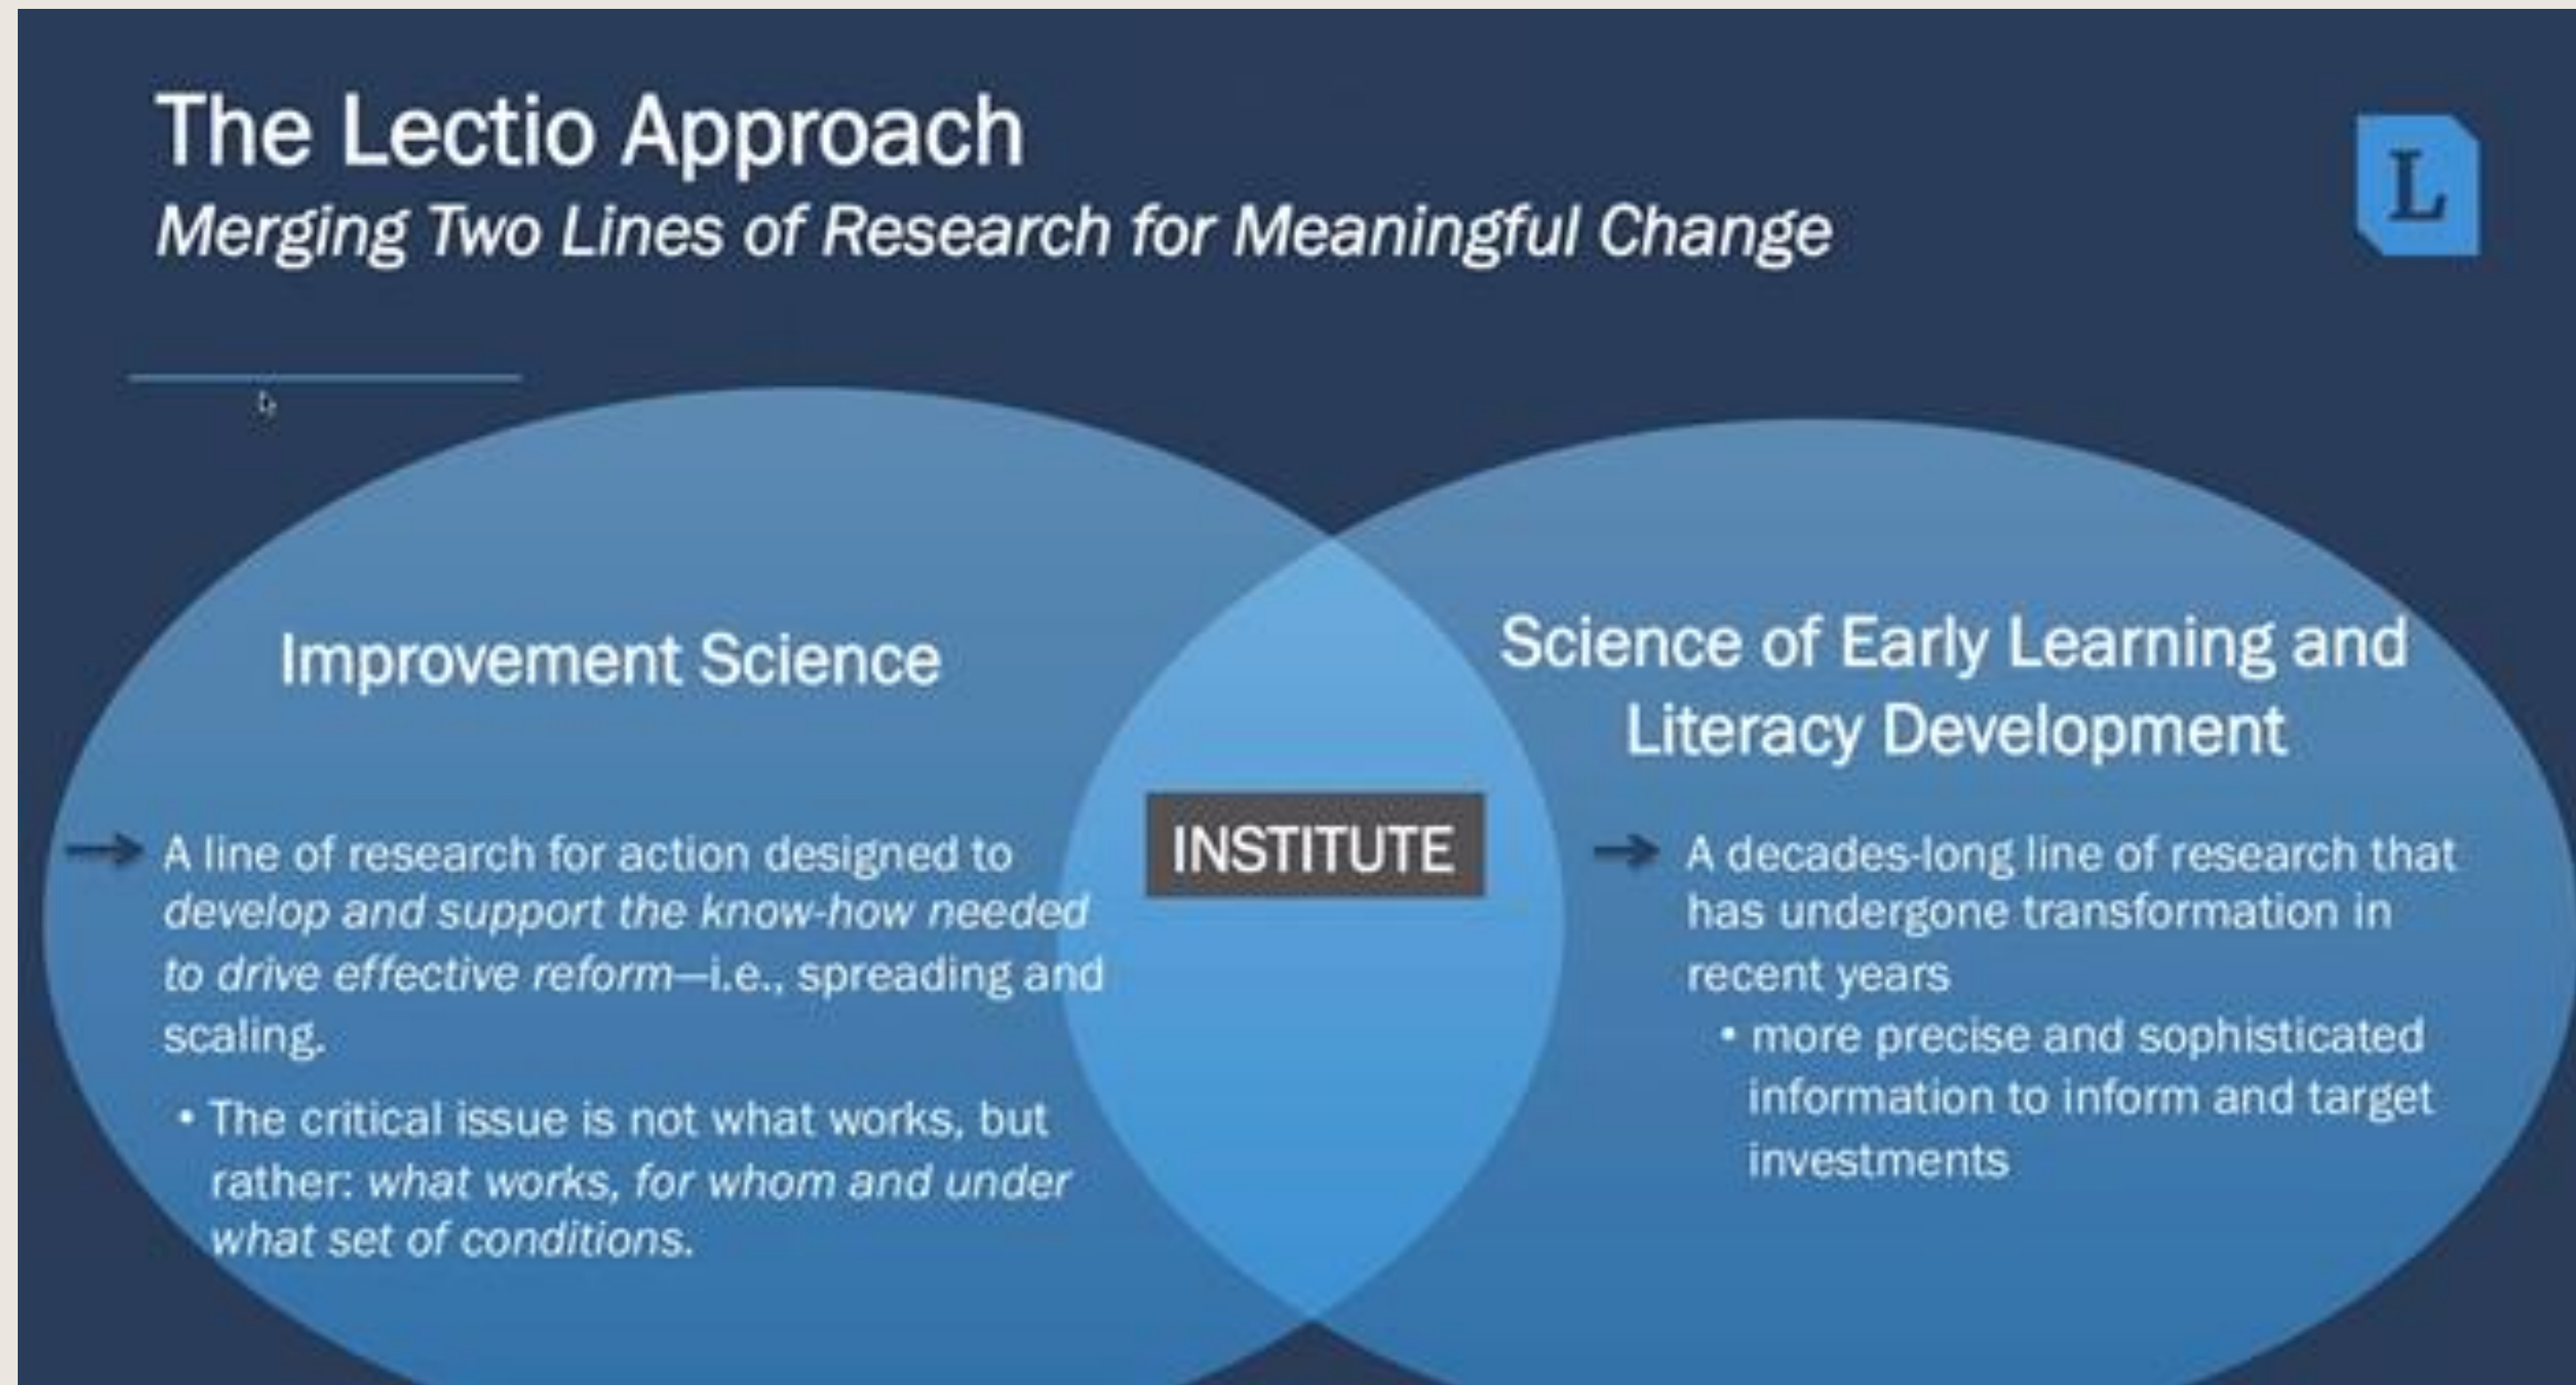

The Grade-Level Reading Campaign is a nationwide initiative and a state-wide movement to maximize the efforts of community organizations to promote early literacy from birth to grade 3.

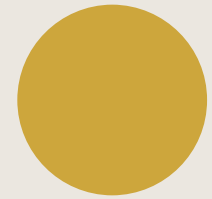

In communities nationwide, the campaign works within three solution areas proven to move the needle on third grade reading proficiency.

The Lectio Approach

The Lectio Approach

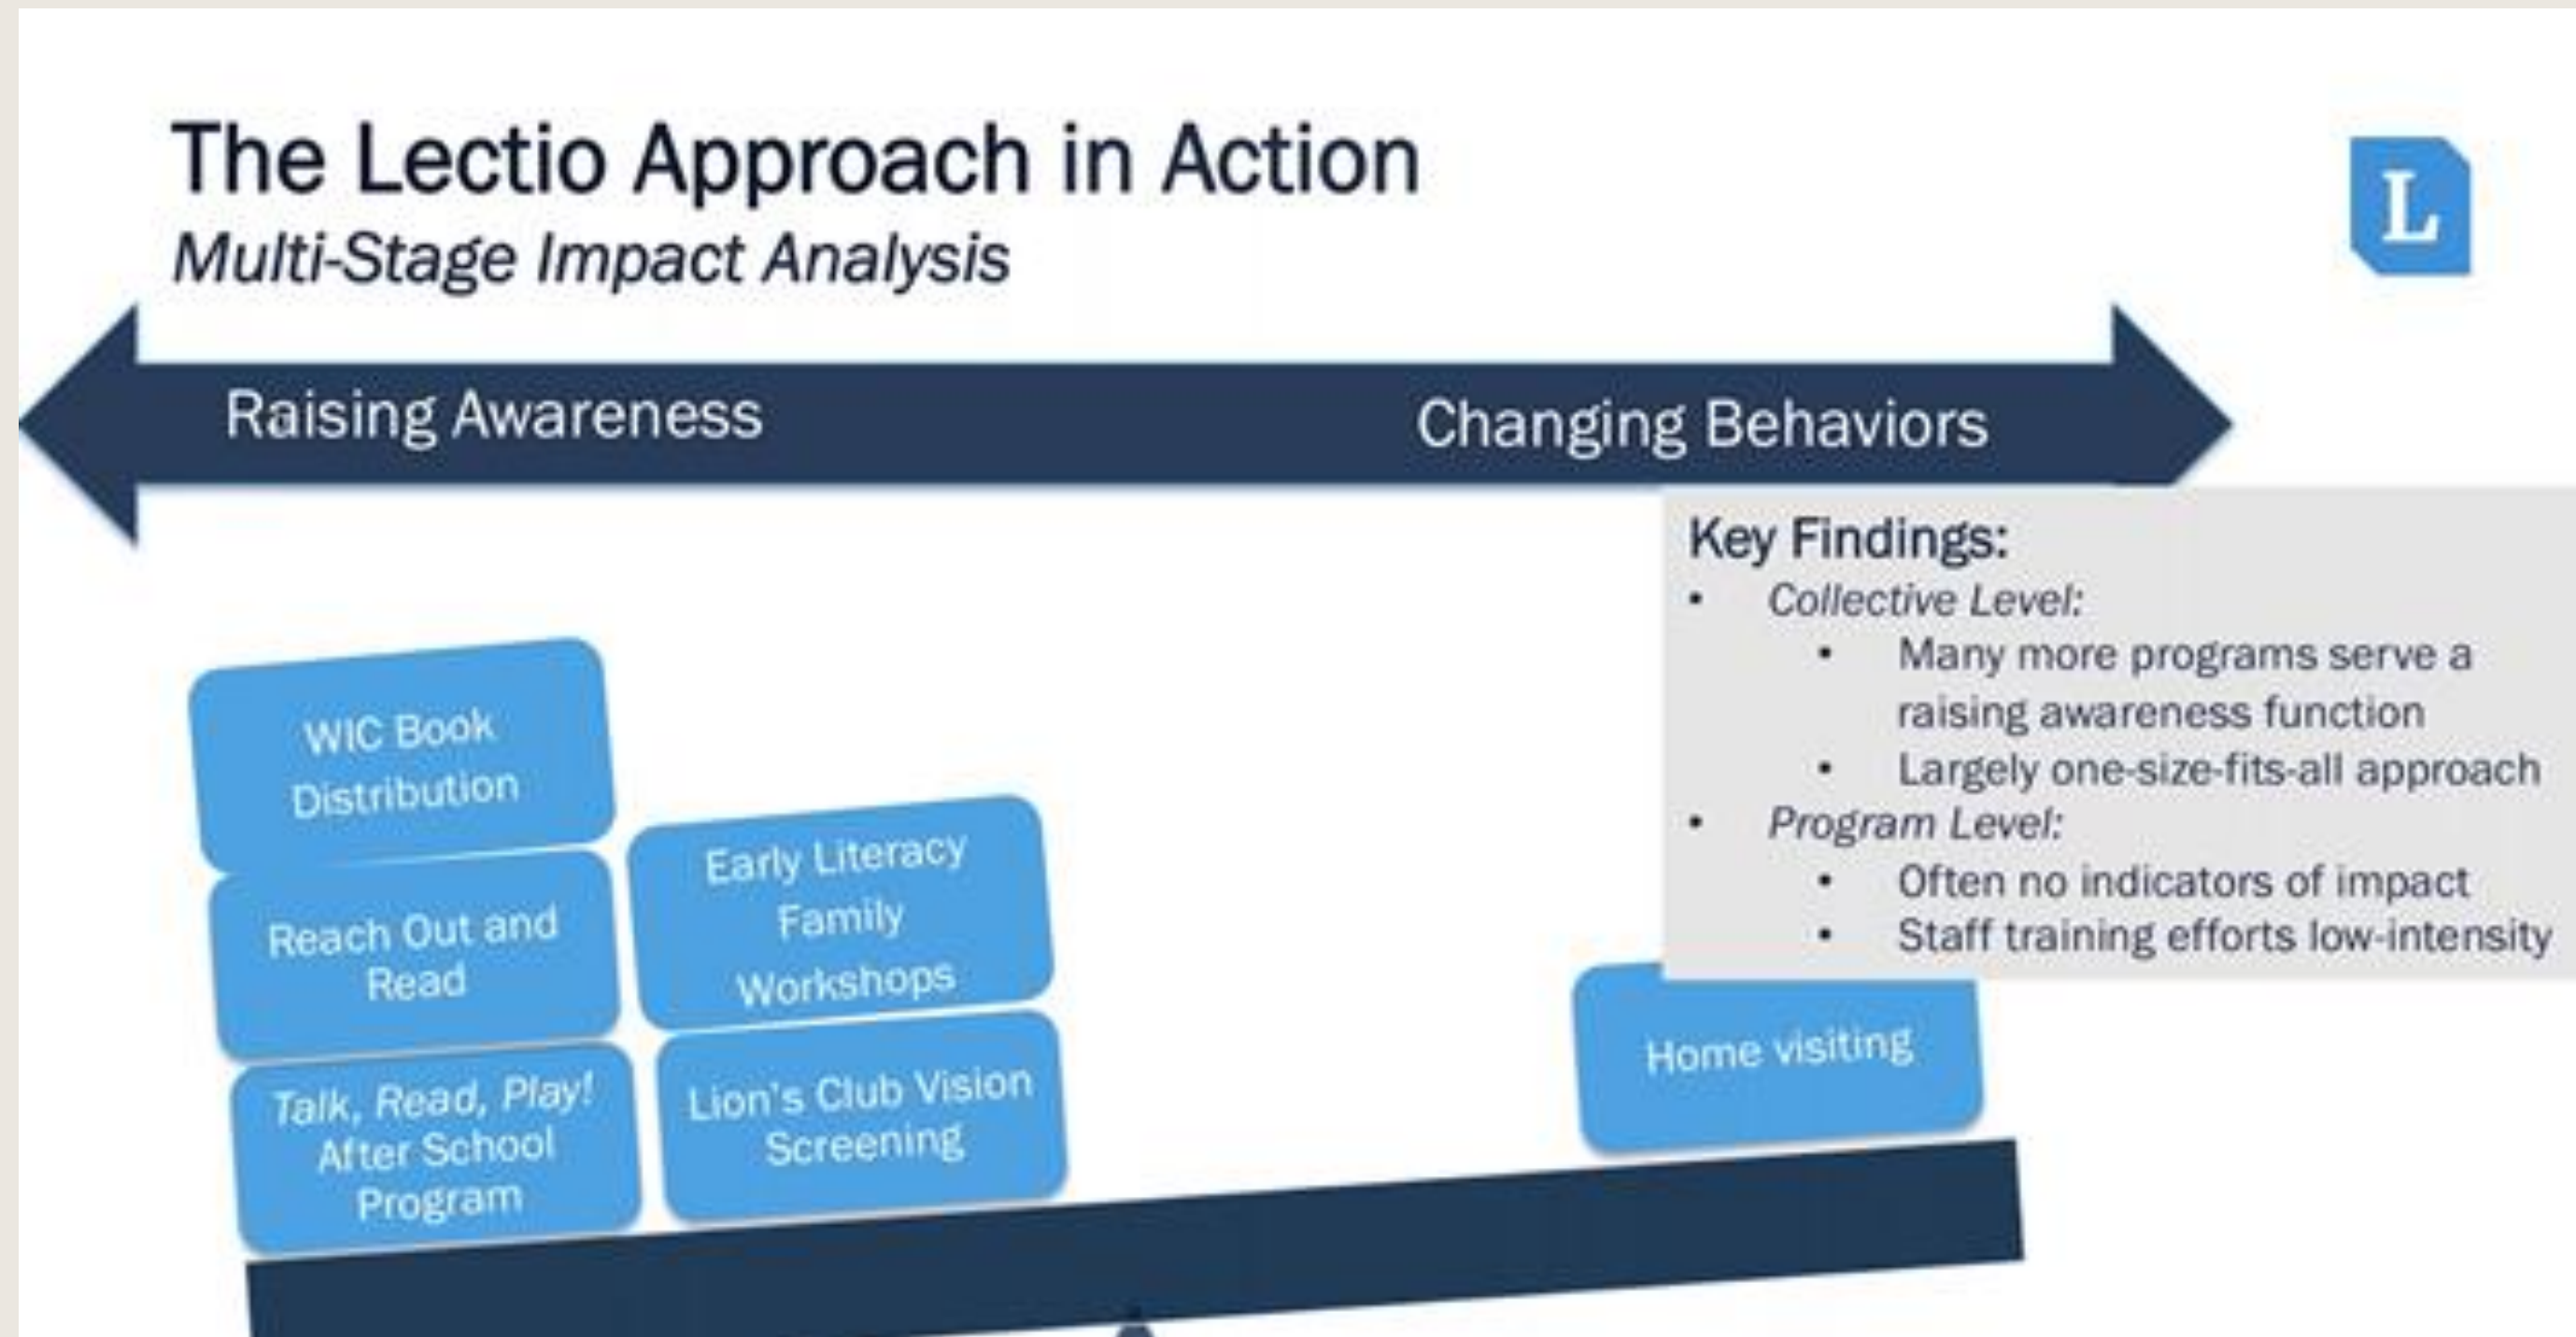

Campaign Goals

- ✓ Build an inclusive and collaborative network.
- ✓ Support programs in reaching intended outcomes.
- ✓ Implement framework for program evaluation.

Aligning Efforts and Effects

- ✓ Support programs in reaching intended outcomes.

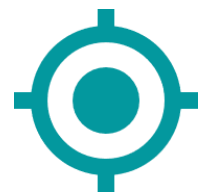

Aligning Efforts and Effects

✓ Implement framework for program evaluation

5 Dimensions of Evaluation

Type of Delivery Mechanism

Population Profile

Evaluation

Dosage

Staff Development

Rating Scale- ABCD

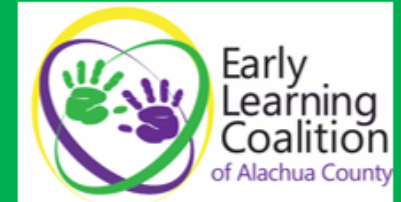

A- representing strongest characteristics
of awareness building program method

D- representing strongest behavior
changing program method

Aligning Efforts and Effects

PROGRAM DESIGN EVALUATION TOOL

Impact Analysis Data Consolidation in Action

What is the **Program Design Evaluation Tool**:

A tool to determine any areas of concern within a program

Program Under the Microscope:

Transformative Professional Development (TPD)

Program **Goal** for TPD:

Provide onsite coaching to early childhood teachers on strategies that promote children's language and cognitive development

After Using the Tool, Here is What We Found That Was **Working**:

Delivery and dosage of the TPD program

After Using the Tool, Here is What We Found That We Could **Enhance**:

A better way to collect and evaluate child assessment data to help measure the impact of TPD and inform ongoing implementation

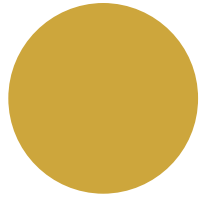

Knowing This, Here is What We Are **Doing** About It:

Partnering with Alachua County Public School to collect child assessment data and support coaches/teachers to use available data

Program Design Evaluation Tool
TEMPLATE 3: IMPACT ANALYSIS DATA CONSOLIDATION

PROGRAM LEVEL										
PROGRAM / SUPPORT NAME	PROGRAM GOAL / INTENDED OUTCOME	PD ET RATING	DISCONNECT BETWEEN GOAL AND RATING? Yes/No	Areas of Concern and/or Question(s) Notable PDET data *complete each column as applicable						INITIAL IMPRESSION RE: NEXT STEPS <small>(e.g., gather more information, redefine the goal, redesign, sunset, etc.)</small>
				Type of Delivery Mechanism	Population Profile	Dosage	Staff Development	Evaluation	Programmatic Goal	

Next Steps

- ✓ Engage members of our Campaign for Grade Level Reading in the Community Solutions Action Plan process to identify and align efforts and effects within and across programs in our community.
- ✓ Use Results Based Accountability framework to gather data that can be used to better align and allocate resources within Alachua County for literacy-based initiatives supporting children birth through grade 3.
- ✓ Position the Campaign for Grade Level Reading to serve as a “hub” for publicizing and connecting community partners and families to evidence-based literacy supports with clear outcomes.

Partners

Thank you to our United Way of North Central Florida
Lectio Institute participants and collaborators.
