STAFF REPORT

The petitioner, the City of Gainesville Parks, Recreation, and Cultural Affairs Department, requests a land use change on land owned and maintained by the City. The parcel is currently designated predominantly Conservation with a seven-acre portion designated Residential Medium-Density. Approval of the proposed change would result in the entire parcel being designated Conservation. This parcel is managed as part of a larger conservation area known as Sugarfoot Prairie.

Public notice was published in the Gainesville Sun on May 11, 2010. The City Plan Board held a public hearing

May 27, 2010.

CITY ATTORNEY MEMORANDUM

The proposed amendment to the Comprehensive Plan is treated as a small scale development activity. After the City Commission adopts the ordinance, it will be filed with the State Land Planning Agency. The state land planning agency does not review or issue a notice of intent for small scale development amendments. Any affected person may file a petition with the State Division of Administrative Hearings to request a hearing to challenge the compliance of a small scale development amendment within 30 days following the City's adoption of the amendment.

Small scale development amendments do not become effective until 31 days after adoption. If challenged within 30 days after adoption, small scale development amendments shall not become effective until the state land planning agency or the Administration Commission issues a final order that the adopted small scale development amendment is in compliance.
